Reports and Presentations:

Highway Superintendent Telaak reported on the following:

September brush pickup has concluded. October brush pickup begins 1st, with each road to be covered once during the month. Residents were asked to have brush stacked neatly by road October 1st.

New highway worker, Sean Kelly, began employment on Monday and was reported to be working out well.

The Highway department installed a new 12-inch drain pipe between two receivers in front of the parks/squad building. Labor and equipment were donated by the department; reimbursement was requested for stone and blacktop materials. The blacktop is expected to be completed the following week.

Erie County Soil and Water is expected to begin a bank stabilization project on Valley View. Reported discussions with Erie County Soil and Water regarding the Hillcroft drainage channel, we got to get the channel dug out so the water stays in the channel instead of going all over between people's houses. So, we might not be able to get all the soil removed, we can use it to build up the bank on the side of the creek to keep the water in the channel. Hopefully, they will help us get something started there before winter.

Councilwoman Selby reported on the following:

Highlighted a playground revitalization survey available on the Town website. As recreation liaison, encouraging community members to participate and noted the availability of state grant funding for playground projects, expressed enthusiasm for the initiative led by Supervisor Keding and his staff.

Councilman Stephan reported on the following:

Expressed support for the playground revitalization effort and encouraged residents to complete the survey, noting personal experience with various playground installations in the Buffalo area.

Councilwoman Martin reported on the following:

Announced that Conservation Advisory Council meetings will now be held on the first Monday of every month beginning October 1st, starting at 7:30 PM. She also commended the CAC's leaf event as well-attended and continuing to grow year over year.

Town Clerk Quinlan reported on the following:

Reminded residents that a rabies vaccination clinic for dogs, ferrets, and cats will be held on Saturday, September 19th from 9:00 AM to 1:00 PM at the Town of Hamburg Highway Garage, 2720 Lakeview Road. Residents may register at erie.gov/rabiesvaccine or by calling 716-961-6800. Introduced Deputy, Karla Mead, who would serve in the Town Clerk's absence.

Supervisor Keding reported on the following:

LEAF Event: Commended the CAC for the success of the LEAF event, noting he was unable to attend due to a family camping trip, but heard strong positive feedback.

Mobile DMV: The mobile DMV event held on September 11th served over 50 people—an exceptional number by the Erie County Clerk's standards. Working with the Erie County Clerk's Office to schedule an additional DMV event at Town Hall.

Budget Season: The Town is currently in the budget process. Noting that rising costs—including diesel fuel and road salt—are affecting budgets this year.

Flock Cameras: In response to the resident's question, clarified that the Flock camera system is not a Town-sponsored program. It was established through an agreement between the Erie County Sheriff's Office and a private landowner. The system has been used successfully in many vehicle break-ins. Acknowledged community concern around the cameras and indicated he would raise the matter with the Sheriff's Office if residents brought it forward formally.

Drainage: Acknowledged receipt of the drainage proposal submitted by Mr. McLean, it was very well done, and apologized for not responding, stating he did not realize a response was expected. Confirmed the proposal was forwarded to Dave Johnson of LaBella Engineering, the Town's

environmental engineer, for review. Reiterated that a comprehensive drainage solution for the Town is estimated at \$20-30 million, and outlined two possible approaches: creating targeted drainage districts in specific affected areas, or establishing a town-wide drainage district with a dedicated funding mechanism. Expressed his view that a Town-wide drainage district is the appropriate long-term solution, acknowledging it may be unpopular, but noting it is necessary to generate the funding required to systematically address the Town's drainage challenges. Noted the Town's obligations under the MS4 (Municipal Separate Storm Sewer System) program and the requirements of SEQRA as factors that must be incorporated into any engineering solution.

Municipal Water Project: The Town closed on a Bond Anticipation Note (BAN) on the day of the meeting, borrowing \$4,675,000 at a rate of 3.85% for Phase 1 transitioning into Phase 2 of the municipal water project. Noted that a water main break occurred near Dollar General earlier in the week. The Town is still awaiting additional reviews from Erie County and Department of Health before going out to bid. Once complete, the project will involve installation of approximately 9,000 linear feet of new waterline.

A motion was made by Supervisor Keding and was seconded by Councilwoman Martin to adjourn the meeting at 8:04 p.m.

- Cost Breakdown:
 - Garbage Cost** \$910,798 (6 months at \$74,048 + 6 months at \$77,751) → per parcel: (6 x \$23.08 + 6 x \$24.23 = \$284)
 - At-Your-Door** \$99,100 (6 months at \$8,053 + 6 months at \$8,463) → per parcel that is: (6 x \$2.51 + 6 x \$2.64 = \$30)
 - Recycling** \$40,000 (Variable—monthly average is ~\$3,300) → per parcel that is: (\$40,000 / 3209 parcels = \$12)
 - Fuel surcharge / Fund Balance Policy**—\$16,045 → per parcel that is: (\$16,045 / 3209 parcels = \$5)
 - Interest Revenue**—Brings in \$29,000 to buffer cost of \$9/parcel→ **TOTAL: (\$284 + \$30 + \$12 + \$5 - \$9 = \$322)**

Water Funds → Capital Rate will increase 25% in Water District 1 / No change in Tax rate for all other districts

- Improvements to all 3 water tanks** (Sept. 2022—May 2024) → **BAN for \$1,013,790** set for renewal 10/2/26
 - District 1 Crestwood Tank** \$234,280 (23.1% of total)
 - District 2 Rice Hill Tank** \$297,910 (29.4% of total)
 - District 3 Wohlhueter Tank** \$481,600 (47.5% of total)
- District 1 & 2—Waterline Replacement and pump station improvements** → 3 phase project totaling over \$15 million. Phase 1 bid/awarded in fall 2024 at a cost of \$2,415,741. This amount as well as engineer fees were rolled into a **\$2,771,000 BAN** issued in Oct. 2024. **\$1,085,000** of new BAN money issued in Oct. 2026 towards Phase 2 engineering and preliminary studies bringing the **total outstanding BAN up to \$4,675,000**. For 2027, the total BAN interest due is \$179,988 and principal due if \$130,000. Of this, \$141,271 interest is attributable to District 1 (up \$39,324 from 2026). In 2028, an additional \$45,000 in principal payment will come due on the new issuance plus an increase in interest.
- The 25% tax rate increase on the capital line of District 1 covers the current increase in interest and buffers the upcoming increase in principal. Phase 2 is held up in state/county reviews and hopeful to go out to bid in 2026-2027.

Summary: There is a Local Law being proposed so that the 2027 Budget can override the Tax Cap. This is primarily due to the increase needed in Water District 1, the Fire District, and Capital Projects funded out of the General Fund's fund balance.

To whom it may concern,

On behalf of the Town of Boston, I am writing to express our strong support for the Rural Transit Service and to advocate for their continued funding through the Community Development Block Grant (CDBG) program. We are pleased to rank the Rural Transit Service as the #1 priority in our upcoming CDBG application.

As a rural community, the Town of Boston faces unique transportation challenges that directly impact the well-being of our residents, particularly those who are elderly, disabled, or living in low-income households. Reliable and accessible transportation is not just a convenience for our community members – it is a necessity. Rural Transit Service has been an invaluable partner in ensuring that our residents have access to essential services, medical appointments, employment opportunities, and community events.

Rural Transit Service not only provides transportation but also fosters independence, reduces isolation, and improves the quality of life for many of our vulnerable residents. Without this service, a significant portion of our community would face severe limitations in their ability to remain active and connected to vital resources. The service aligns with the CDBG's mission to support community development and improve the quality of life for low- and moderate-income individuals.

Please let us know if we can be of further assistance by way of support.

Sincerely,

Jason Keding

Town Board Members

Dear Members of the Planning Board,

I am writing to express my interest in serving on the Town of Boston Planning Board. I have been a resident of Boston for the past 26 years, and I would be honored to contribute to thoughtful, community-centered planning for our town.

My long-term commitment to the community has fostered a strong desire to guide responsible development, preserve neighborhood character, and support effective, transparent planning processes. I am prepared to attend meetings, participate in board activities, and work collaboratively with fellow board members, town staff, and residents. I genuinely wish to help the town serve its people better.

I believe that being part of the Planning Board would not only allow me to help shape our community's future but also provide an opportunity to engage with residents and address their concerns. Promoting sustainable and responsible development is essential for maintaining the quality of life in our town, and I am eager to contribute my perspectives and skills to this important work.

Thank you for your consideration. I look forward to the possibility of serving on the Planning Board.

Sincerely,

Ralph Galluzzi
