

- A letter was read from the Conservation Advisory Council listing the following as officers for 1973:

Chairman - Dittmar Bock
Secretary - Harold Dodge

Supervisor Sedovy expressed his thanks to Mr. Bock for taking the Chairmanship of this Council.

A letter was read from Mr. Richard Laskowski of the New York State Division of Youth advising the Town that he was recommending approval for State Aid for the 1973 Recreational Program. The letter also thanked the Town for its excellent report and asked for permission to use the report as a model. Supervisor Sedovy directed the Town Clerk to write Mr. Laskowski a letter thanking him for his recommendation and advising him the Town would be proud to have them use our Recreation Department report as a model. Supervisor Sedovy thanked Philip Smolinski, Recreation Director, for a job well done in making out the report.

A letter was read from Wilbur Lehning, Insurance Agent, in regard to Insurance renewals. The letter also stated that the cost of Insurance on burglary and theft could be reduced by as much as \$300.00 if a new Town Hall was built. The reason for this being, there would be a safe to keep records in a central location rather than insuring four different locations.

A questionnaire was received from Comstock Advertising, Inc., a firm hired by Erie County to promote tourism in the County. This questionnaire is to be completed by February 1, 1973. The Town Clerk was asked to work with Mr. Jehle, Town Historian to fill out the questionnaire.

A letter was read from the Planning Board recommending the approval of a 10' x 30' addition to Charlap's Dairy. As this building is a non-conforming building, it is necessary to hold a Public Hearing on the permit application. A motion was made by Councilman Kennedy and seconded by Councilman Schunk directing the Town Clerk to publish notice for a Public Hearing to be held at 8:00 P. M. on February 14, 1973, at the regular Town Board meeting.

An application was submitted by Carl Andres requesting renewal of his Junk Yard License. the Building Inspector's report in regard to this matter was read. Supervisor Sedovy stated that he would like to tour Mr. Andres Junk Yard and also Mr. Glenn Trevett's Junk Yard before a decision was reached on these renewals. There was a discussion as to the necessity of having Junk Yards in Town and also discussed was the letter sent each year to the Junk Yard owners advising them that the Town Board could during the year

Town Engineer Moncreiff presented a letter to the Town Board replying to a letter of December 19 and 22, 1972 sent him by the Town Clerk in regard to Sewer District #4. The Town Attorney stated that he had drawn up a resolution, but the warranty discussed by the Town Board had been excluded as Mr. Maxwell was not for certain what the Board wanted. There was a discussion as to whether a warranty guarantee should be included in the conditions of acceptance. The Town Engineer stated that he felt Mr. Weller would be penalized by asking him to take on the warranty of the manufacturer. This equipment in Sewer District #4 has been in use for approximately five (5) years and most of the manufacturers warranties have expired. Mr. Weller stated he felt the equipment was in good shape and if maintained properly should run for years. Both the Town Engineer and Sewer Operator stated they felt the equipment was in good condition. It was the consensus of the Board to dispense with a

DDH529

warranty. Sewer District #4 can be taken over by the Town upon the filing with the Town Clerk by the developer an affidavit and certification as to material and labor compliance with the plans and specifications as approved or as amended. Also a check from Mr. Weller in the amount of \$516.75 for Inspection fees. The amount given for Inspection fees was \$563.24, but Mr. Weller stated he would pay this under protest as some of the fees were incurred prior to the passing of a resolution on October 18, 1972, requiring Inspection fees on Special Districts to be paid by the developer. Town Attorney Maxwell agreed this was correct and the figures were updated so that the fees charged to Mr. Weller would be for inspections following the October 18, 1972, resolution which amounted to \$516.75.

RESOLUTION APPROVING TAKEOVER OF SEWER DISTRICT #4 ATTACHED.

A resolution amending the existing Lease-Management Contract between the Town of Boston and the Erie County Water Authority was tabled for further study.

A questionnaire from the Erie and Niagara Counties Regional Planning Board was discussed. Supervisor Sedovy stated that the Town Board should consider this as it is concerned with basic planning. A motion was made by Supervisor Sedovy and seconded by Justice Stromecki directing the Town Clerk to send a copy of the questionnaire to Mr. Linkner of the Planning Board and Mr. Bock of the Conservation Advisory Council for study, and to report back to the Town Board with their comments so the Board can answer the questionnaire.

A letter was read from Orchard Park seeking support of a resolution that a Town be authorized by State Law to establish a capital fund for providing educational facilities. Supervisor Sedovy stated that the Orchard Park Town Board does indicate that there are potential legalities in this resolution. Mr. Sedovy referred this to the Town Attorney for further study. Town Attorney Maxwell stated that if the Board wanted to pass it for Orchard Park to do so, but he felt it was discriminatory to multiple dwellings. Supervisor Sedovy requested this matter to be tabled to a later meeting and in the meantime he will talk to the Orchard Park Town Board.

A letter was read from Governor Rockefeller requesting a detailed breakdown of the uses to which the Federal Revenue Sharing money will be used. Supervisor Sedovy asked that this be tabled until the January 17, 1973 meeting as Revenue Sharing will be used for a new Town Hall if the referendum is passed on the 16th of January. Supervisor Sedovy stated that the Federal Government will look at how the Revenue Sharing money is to be used and if they feel it is not used properly they will revert to the old method of saying how money is to be spend. Mr. Sedovy reported he has discussed Revenue Sharing with Congressman Jack Kemp and Congressman Kemp is of an opinion it will continue and expand.

Supervisor Sedovy presented the following resolution and moved its adoption:

WHEREAS, Sewer District No. 4 of the Town of Boston has heretofore been formed as a Sewer District, and,

WHEREAS, the original Sewer District, pursuant to petitions, in due form, public hearing and prior action of this Town Board, was expanded, pursuant to a prior resolution of this Board dated August 4, 1971, and,

WHEREAS, all improvements for said sewer system within said district consisting of sanitary sewer trunk lines, appurtenances thereto, sand-filter beds and oxidation pond servicing said existing Sewer District No. 4 have been installed by the developers, Robert Weller and Marilyn Weller, and/or Weller Home Corp.; and said facilities having been inspected by this Town Board and by its Town Engineer, Cullen D. Moncreiff, and the Erie County Health Department and Cullen D. Moncreiff, Town Engineer, now having recommended that said physical facilities be now accepted by the Town Board acting as sewer commissioners for Sewer District No. 4, subject, however, to certain recommendations and conditions specified by communication dated December 1, 1972, which is made a part of this resolution by reference thereto, and

WHEREAS, Deed and Easements, in proper and due form, have been tendered to the District and have been approved by the Town Attorney, conveying sewerage treatment plant and ponding area, as shown on a Survey by Whitford and Koelmel dated December 19, 1972.

NOW, THEREFORE, be it resolved as follows:

1. That the sanitary sewer trunk lines, appurtenances, sewer treatment plant and oxidation pond, and all physical sewer facilities contained within existing Sewer District No. 4 of the Town of Boston be accepted subject to the following conditions:

(1) The filing with the Town Clerk by the developer of an affidavit and certification as to material and labor compliance with the plans and specifications as approved or as amended.

(2) The filing with the Town of Boston of collateral security deposit in the sum of \$345.00 to assure completion prior to July 1, 1972 of items requiring completion as specified in letter of Cullen Moncreiff, Engineer, dated December 1, 1972.

(3) It being further understood that in further consideration of the acceptance of said facilities by this resolution that developers will place in escrow and deliver to the Town no later than October 1, 1973 a further deed of conveyance to approximately .92 acres of land, being 172.7 feet front and rear by 231.43 feet in depth, as shown on Survey by Whitford & Koelmel dated December 19, 1972; said premises being located contiguous to area now conveyed for sewer district purposes and subject to provision contained in letter of Cullen Moncreiff, Town Engineer, dated December 1, 1972.

(4) That payment by the Developer be made to the Town of Town Engineer's fees to inspect the District in the amount of \$516.75.

(5) That non-compliance with any of the above conditions of acceptance shall be grounds for the Town to deny further Building Permits in this District.

Town Clerk, Town of Boston

Justice Tills stated that he would make a report on the Sign Ordinance Committee after the referendum meeting.

A letter was read from the Planning Board notifying the Town Board that B-Kwik Market was now in compliance with their original Building Permit.

A letter was also read from the Planning Board recommending the posting of 100 year Flood Level signs at Patchin Road, Zimmerman Road at Back Creek Road, Eckhardt Road and Hillcroft Drive. There was a discussion as to the feasibility of doing this before the Flood Plain Map is submitted. There was also the possibility of irate residents reaction when these signs were posted. The Supervisor requested the Highway Superintendent to talk to Mr. Linkner of the Planning Board as to the size and also to look into the cost of these signs. The Supervisor asked that this matter be tabled and the Town Clerk was directed to send Mr. Linkner a letter requesting he attend the next meeting to go into more detail as the letter from the Planning Board was sketchy. Also to ask in the letter if he will have his recommendation in regard to the Flood Plain Ordinance by the January 17, 1973 meeting.

The Sewer Operators report on Sewer District #1, 2, and 3 was received.

Mr. Ditmar Bock of the Conservation Advisory Council stated that Harold Dodge was preparing an end of the year report to be presented to the Boston Town Board.

A motion was made by Councilman Kennedy and seconded by Supervisor Sedovy establishing a Town Board policy of requiring Board approval of all single item purchases of more than \$300.00 and approval of the committee chairman for purchases of more than \$100.00.

A letter from Governor Rockefeller in regard to a request to submit to him a breakdown on how the Town's Revenue Sharing money will be spent, which was read at the January 3, 1973 Town Board Meeting was again read. Supervisor Sedovy stated that he felt this money should go into the Capital Improvements Fund as this is the area where money is needed. Justice Tills and Justice Stromecki stated that they felt that this did not have to be decided tonight, as this decision needed a lot of study. Town Clerk Klein noted that there will be discussions on Revenue Sharing at the Seminar in New York City in February. A motion was made by Justice Stromecki and seconded by Justice Tills to table the breakdown of uses of Revenue Sharing until the February 14, 1973 meeting.

A request from Mr. Paul Thaesler of the Boston Hills Trailer Court for a 4' x 5' ^{building permit} for a entrance way to be attached to a trailer was discussed. It was the decision of the Town Board that a building permit was not necessary as this addition would not be habitable. The Town Clerk was directed to notify Mr. and Mrs. Thaesler of this.

A report in regard to the Flood Plain Ordinance presented by Mr. William Linkner, Chairman of the Planning Board was read by the Town Clerk. This report was drawn up following a meeting of Mr. Linkner and Supervisor Sedovy with people from the County Planning Department of Buffalo and Albany. Supervisor Sedovy directed the Town Clerk to make copies of this report for the Town Board members so they can study it and be prepared at the February 14, 1973, Town Board meeting to determine what kind of action should be taken in regard to the Flood Plain Ordinance. Mr. Linkner stated that he had copies of a sample ordinance from the State and Supervisor Sedovy requested that Mr. Linkner make copies of this for the Town Board members.

There was a discussion in regard to the posting of 100 year Flood Level signs as recommended by the Planning Board at the January 3, 1973, meeting. Mr. Linkner stated that the State Corp of Engineers recommended that these signs be put up in the interim period before a Flood Plain Ordinance. The question was raised by some Board members if this was not being prejudice to land owners in the area where signs were put up. Mr. Linkner stated that the signs would only make prospective buyers aware of the Flood Plain level. He also stated that when an ordinance is in force the signs will not be necessary. There was also discussion as to Flood Plain Insurance. Councilman Kennedy asked if these signs would have to be put up before application is made to HUD for Flood Insurance. Mr. Linkner noted this was not necessary. Supervisor Sedovy stated that he felt ^{before the signs are put up} people should know what the signs mean. Mr. Linkner noted that the people from Albany had stated that these signs would be protection for the Town so they would not be liable in case of Flood. Town Attorney Maxwell stated that he felt the Town could not be held liable for flood damage on private property. Mr. Linkner noted that at the present a law suit is pending against West Seneca by residents who suffered flood damage. Supervisor Sedovy asked that no signs be put up until it is known what the ordinance will be. Supervisor Sedovy requested Mr. Linkner to talk to the Planning Board in regard to this.

A motion was made by Justice Tills and seconded by Justice Stromecki to reinstate the following constables in the Boston Police Department as recommended by Police Commissioner Sedovy who reported that the present Police Officers have an overload of work and requested that the three be reinstated. Supervisor Sedovy noted that these men had been good policemen in the past.

In offering the attached resolution Councilman Kennedy stated that the New York State Telephone Company has requested a ratehike which would increase the flat rate of telephone service to 649 numbers in his area from \$14.69 to \$18.14 plus State and Local Tax. He noted that the Buffalo area has the highest rate in New York State.

Mr. Terry Link expressed his gratitude to the Boston Town Board on the handling of the issue of the new Town Hall. He stated that he felt the Board members should be commended on their effort to bring a usable 20th century Town Hall to the Town of Boston. Mr. Link stated that it was his personnel opinion that the Town Board had presented a nonpartisan, nonpolitical approach and he felt it was a shame that it was cast as a power play by some. He commended the Board for their deportment in not making it a political issue.

A motion was made by Justice Tills and seconded by Councilman Kennedy to adjourn.

Councilman Kennedy presented the following resolution and moved its adoption:

WHEREAS: The Town Board of the Town of Boston is vitally concerned with the inequality of the present New York Telephone Company rates now in effect and its corresponding hardship on members of this community, and

WHEREAS: The New York Telephone Company has presented the New York State Public Service Commission with a request for an additional increase in the rates now assessed, and

WHEREAS: The New York Telephone Company has not indicated a corresponding improvement in the present services afforded their customers, but rather have curtailed certain services now provided, and

WHEREAS: The New York Telephone Company has not shown justification for the additional revenues requested, and

WHEREAS: The only protection afforded the general public regarding utility charges is through an appeal to the New York State Public Service Commission.

NOW THEREFORE, be it resolved as follows:

1. The Boston Town Board be officially recorded as being in strong opposition to the proposed increase, and that
2. The Town Clerk be directed to inform the Honorable Joseph C. Swidler, Chairman of the New York State Public Service Commission of our action in this regard, and that
3. The New York State Public Service Commission deny New York Telephone Company the proposed increase in the present rate schedule upon completion of the public hearings scheduled February 7, 1973.

The question of the adoption of the foregoing resolution was seconded by Supervisor Sedovy, duly put to a vote on roll call, subscribed by the members voting in the affirmance thereof, which resulted as follows:

A letter was read from John C. Crary of the State of New York Public Service Commission acknowledging receipt of a resolution from the Town of Boston opposing an increase in telephone rates. Letter was received and filed.

Letters from T. N. Hurd, Secretary to Governor Rockefeller, Senator Thomas McGowan and Assemblyman Ronald Tills acknowledging receipt of a resolution from the Town Board regarding the local Court system were read. Letters were received and filed.

The Audit Report from the Erie County Comptroller of the Boston Free Library from January 1, 1971 to December 31, 1971 was received.

A letter and A Guide To Planning and Zoning Laws of New York State from the County of Erie, Department of Planning were received. Also a letter of follow-up from the Department was read. This second letter included a list of 14 pamphlets which could be ordered.

A letter was read from the State of New York Division of Youth advising the Boston Town Board of the approval of \$1,400.00 in State Aid for the Youth Service Program.

A letter was read from the Boston Welcome Wagon asking support for their "Spring Thing" to be held at the Boston Valley School on March 10, 1973. The money from this will be used to benefit the Boston Youth Service Program.

Justice Tills arrived at this time.

A letter was read from Miss Ruth Klein expressing her disappointment that the recent Town Hall referendum was defeated.

Mr. Leonard Kieffer requested a trailer permit to park a storage trailer on his property on Shero Road. This trailer will not be lived in, but will only be used for storage while he is building a home. The Board agreed that no permit would be necessary.

A trailer permit was requested by Mr. Max T. France to park a trailer on his property on Cole Road. This trailer would be used as a residence for Mr. France's elderly in-laws. Mr. Wilbur Turner of Lower East Hill Road voiced opposition to trailers being placed in areas other than trailer parks. A motion was made by Supervisor Sedovy and seconded by Councilman Kennedy to deny a trailer permit to Mr. Max T. France, Cole Road because the Town has provided for trailers in the trailers courts and it has not been board policy to place them in other areas of the Town.

A Public Hearing was held at 8:00 P. M. to consider the application of Henry Charlap for a building permit for a 10' x 30' addition to Charlap's Dairy, Boston State Road, North Boston, New York. Mr. Henry Charlap was present and stated that this addition would be of block construction. Mrs. Carolyn Shadle asked if the Town Board had set any policy to phase out buildings which were non-conforming. She noted that the more additions the longer the buildings would stand. Supervisor Sedovy stated that it would be difficult to tear down existing buildings and the Board has no plans to do so. A motion was made by Justice Stromecki and seconded by Justice Tills to grant a building permit to Mr. Henry Charlap for a 10' x 30' addition to Charlap's Dairy, Boston State Road, North Boston, New York.

A request for renewal of the Junk Yard licenses of Carl Andres and Glen Trevett, tabled at the January 3, 1973, regular meeting, was discussed. Supervisor Sedovy stated that an inspection had been made of the Junk Yards and that a number of improvements could be made. Supervisor Sedovy felt that a consolidation of junk cars and planting of trees would improve the existing Junk Yards. He recommended this renewal request be tabled and that the Board sit down with Mr. Andres and Mr. Trevett and discuss ways to make improvements. There was a lengthy discussion as to eliminating these Junk Yards and also the unlicensed Junk Yards in the town. Mr. Stone of Lower East Hill Road stated that there were many Junk Yards in his neighborhood and he had talked with Supervisor Sedovy six months ago. Supervisor Sedovy stated that Town Policeman John Hinkley had been instructed to tell the violators of the Town Junk Ordinance to clean them up or they would be prosecuted. Town Attorney Maxwell noted that if the Enforcement Officer was equipped with a camera this might expedite his work. Councilman Kennedy stated that it might be of help if the Enforcement Officer had an assistant. Supervisor Sedovy noted that in the near future scrap iron will be used to a greater extent. It was stated by Justice Tills that at the meeting with Junk Yard owners they be instructed that they cannot burn on their premises.

A motion was made by Justice Stromecki and seconded by Justice Tills to grant a permit for a non-flashing maintained sign to Dr. Paul Dippert, 7207 Boston State Road, Hamburg, New York.

Justice Stromecki stated that there have been complaints made to him in regard to the parking situation at Dr. Dippert's office. He noted cars parked on both sides of the highway create a highway hazard. A motion was made by Justice Stromecki and seconded by Councilman Kennedy directing the Town Clerk to write a letter to Dr. Dippert stating that the traffic hazard has been brought to the attention of the Town Board and to request that Dr. Dippert report to the Board his progress in providing a parking lot off of the highway.

There was a discussion in regard to a request from the Orchard Park Town Board seeking support of a resolution that a Town be authorized by State Law to establish a Capital Fund for providing educational facilities. It was the feeling of some Boston Town Board members that the Board is not interested in the matter at this time. Supervisor Sedovy requested that the resolution be received and filed and he would report verbally to Mr. Roger Penny a member of the Orchard Park Town Board.

RESOLUTION AMENDING EXISTING LEASE-MANAGEMENT CONTRACT BETWEEN TOWN OF BOSTON AND ERIE COUNTY WATER AUTHORITY ATTACHED.

The letter from Governor Rockefeller requesting how the Town was going to use the Federal Revenue Sharing Funds which was read at the January 3, 1973, Town Board meeting was again discussed. The Town Clerk was directed to send a letter to Governor Rockefeller stating that the Boston Town Board was not ready at this time to report to him how Revenue Sharing money for the Town would be used as the matter needs more study.

The Town Clerk was directed to send a letter received from Mr. Clayton Schunk, in regard to electric lines in the Starlight Garden Subdivision, to the Public Service Commission as the Town has no jurisdiction in this matter.

Letters were read from Senator Thomas McGowan and Edwin Vopelak of the New York State Department of Environmental Conservation in regard to the drainage problems in the Meadow Drive and Northside Drive area. Also a copy of a letter to Mr. Charles J. LaBelle, Counsel, Legal Affairs of the Department of Environmental Conservation was read. The Town Clerk reported that all copies of correspondence

DDH529

had been sent to Mr. Hughes and Mr. Sedziol of Northside Drive. Supervisor Sedovy stated that as of this time he has not heard from the residents of this area in regard to setting up a Drainage District.

A copy of a letter sent to the New York State Department of Transportation was read and also letters from Senator McGowan and Mr. Ketchum of the Department of Transportation in regard to truck traffic on Route 219. The letter from Mr. Ketchum stated that a sign has been put up in front of the Mobil Station stating "To Route 75".

A letter was read from Mrs. Carolyn Shadle recommending Linda Beyer as a member of the Boston Planning Board. Mr. William Linkner, Chairman of the Planning Board, stated that Mr. Sidney McAllister whose term expired February 1, 1973, desires to remain a member for another term and would take an active office as secretary. Supervisor Sedovy noted that if Mr. McAllister wishes to remain he should be allowed to and if at a later date and if the Boston Town Board sees fit, Mrs. Beyer might be considered. A motion was made by Justice Stromecki and seconded by Supervisor Sedovy appointing Mr. Sidney McAllister to the Boston Planning Board; term to expire February 1, 1980.

Supervisor Sedovy recommended that a salary of \$1,510 a year be paid to Mr. Clive Rucker, Sewer Operator, for Sewer District #4. Supervisor Sedovy stated that it should be understood by the Town Board that if there is a lot more work involved in this District the salary will have to be reviewed and reevaluated. A motion was made by Justice Tills and seconded by Councilman Kennedy to set the salary of the Sewer Operator for Sewer District #4 at \$1,510.00 a year.

After a discussion in regard to Insurance for Sewer District #3 and Sewer District #4 the matter was tabled pending a report from Councilman Schunk as to the cost of this Insurance. A letter was also read from Mr. Rucker, Sewer Operator stating problems encountered on Sewer District #4.

RESOLUTION RE RELOCATION OF WATER LINES, SEWER LINES WITHIN RIGHTS-OF-WAY OF COUNTY ROADS IN ERIE COUNTY ATTACHED.

A resolution was read from the Town of Tonawanda seeking support to memorialize the State Legislature to adopt necessary legislation to allow tax relief by the County of Erie to those local governments within the County of Erie providing their own police patrol services from that portion of the budget of the Erie County Sheriff's department that relate to Police Patrol services. Supervisor Sedovy requested that this be received and filed as the Town is happy with the Police Department and the back up they receive from the Erie County Sheriff and State Police.

RESOLUTION RE ESTABLISHING SOUTHTOWNS GENERAL HOSPITAL ATTACHED.

Supervisor Sedovy announced that it was the decision of the Town Board that there will be no more Public Assembly after tonite in the Town Hall due to the unsafe condition of the hall. He noted that the only reason a meeting was held in the hall tonight was because the Public Hearing held at 8:00 P. M. had been advertised stating that it would be held in the Town Hall. A recess was called by the Supervisor and he conducted a tour of the Town Hall for all who were interested. Following the recess Supervisor Sedovy stated that in the future Town Board meetings and Court would be held in the Boston Fire Hall. This decision was reached after a meeting with the three fire companies in Town all of whom offered their facilities to the Town. All other Boards and Committees that meet in the Town Hall have the option of meeting in the Fire Hall or in homes. Supervisor Sedovy recommended that small meetings not be held in the fire hall as he felt it would be a waste. Town Clerk Klein was directed to notify the Erie County Health Department advising them that the Baby Clinic would have to be moved to the Boston Fire Hall. Mr. Klein stated that they had already been notified and they were all set. The Chamber of Commerce has also been notified. Justice Stromecki stated that he felt the Court records should not be kept at the Boston Fire hall and stated that he would return them to his home. Supervisor Sedovy announced that an open house would be held at the present Town Hall from 10:00 A.M. to 3:00 P.M. on Saturday, February 17, 1973 to show the interested people in Town just what shape the Town Hall is in. Justice Tills stated that he felt the Town Board should consider the construction of a facility across the street and not put money in the present building. He stated that the building should not be large but should be planned for expansion. This building would not include the Police and Ambulance immediately. He felt immediate steps should be taken. Supervisor Sedovy stated that he is in favor of the referendum on an issue as important as the Town Hall. He recommended that the Town Hall issue be tabled for the present and research be done to find out why the people voted no.

Justice Stromecki stated that after talking with a number of people he felt that people were in favor of a Town Hall, but they felt \$315,000 was too much money.

A memo was read from the Erie County Department of Public Works in regard to flooding of Eckhardt Road. Supervisor Sedovy stated that a related problem was the flooding of the Kyle property and the Walla property. He stated letters should be written to the State Department of Conservation, Arthur Carlson, Assemblyman Tills and Senator McGowan asking them to recommend what can be done to alleviate the flooding problem. Justice Stromecki noted that at one time these problems could be taken care of by the Highway Department by removing fallen trees and gravel, but the State Conservation Department forbids this now. Supervisor Sedovy requested that the writing of letters be held and Highway Superintendent Luno contact a man at the Conservation Department in East Aurora and report at the next meeting.

A motion was made by Justice Tills and seconded by Councilman Kennedy that the Boston Town Board intends to apply for Flood Plain Insurance and Mr. William Linkner coordinate this effort by following the procedure as follows: To submit

- a. A copy of land use and and control measures it has adopted to 1910.3 (a)
- b. large scale map identifying flood plain
- c. Brief history of flooding, if available and characteristics of flood plain.
- d. a clean map
- e. Estimates relating to flood prone area concerning
 1. Population
 2. Number of one to four family residences
 3. Number of small business structures
- f. Address of local repository where flood insurance and flood hazard maps will be made available for public inspection.

The Town Clerk, Town Attorney, and Town Engineer are directed to assist Mr. Linkner.

done to meet the June 30, 1972, deadline to make application for Federal Funds.

Supervisor Sedovy requested that Mr. Ditmar Bock, Chairman of the Boston Environmental Corp find a location to hold recycling of paper, cans and glass as this cannot be done at the Town Hall any longer. Mr. Bock agreed to do this.

Town Clerk Klein reported that he had received a call from Mr. Heinrich Moelbert asking what amount of money had to be put up for a Bond for a road in his Sub-division. There is 550 feet of road area. A motion was made by Justice Stromecki and seconded by Justice Tills accepting the recommendation of Highway Superintendent Luno that the Town Board accept a Bond or Certified check to guarantee the completion of the road at \$4.00 per running foot subject to the Town Attorney's approval and the recording with the Town Clerk of a map of the sub-division showing the map has been filed in the Erie County Clerk's office. Mr. Luno requested that the Highway Department be advised when this is ready.

The enforcement officer's monthly report was received and filed.

The Boston Police Departments 1972 Annual report was received and filed.

The Town Justice's monthly report was received and filed.

Councilman Kennedy reported that the Sign Committee will hold a General Hearing after some suggestions from the Boston Environmental Corp have been incorporated in the Ordinance and then presented to the Town Board.

Town Clerk Klein reported that the Zoning Committee had a meeting to determine where the Zoning Ordinance needs updating and presently they are studying the Zoning Ordinance of Orchard Park, Clarence, and Elma to make comparisons.

A letter was read from the Planning Board requesting copies of the Subdivision Regulations in printed form and also asking when regulations will be available. Town Attorney Maxwell stated he would have them in about 10 days.

A letter was read from the Planning Board requesting safer quarters for them to meet. Supervisor Sedovy stated they could meet at the Boston Fire Company or in homes and possibly their records could be put in someones basement.

Town Attorney Maxwell stated that a Public notice is now required on a Preliminary notice for changes in Sub-division regulations. This change has been made by the State.

The monthly reports for Sewer Districts #1, #2 and #3 were received.

Letters were read from the Erie County Health Department regarding Sewer Districts #1, 2 and 3 stating deficiencies in these Districts. Town Engineer Moncreiff stated that he had reviewed the letters and objected to the deficiencies stated. He recommended that he, the Supervisor and Sewer Operator Rucker meet jointly with the State and County Health Department representatives to question them in regard to this. There was a discussion as to the number of tests that must be run. Mr. Rucker stated that he would need more glassware to run the tests which would cost approximately \$50.00. There was also discussion in regard to vandalism at the Sewer Districts.

The 1972 Annual Report of the Conservation Advisory Council was recieved.

Justice Stromecki reported on the progress being made in trimming shrubbery and trees at the Ward Road and Chestnut Ridge Road Intersection. He noted that the trees were partly trimmed and when weather permits the County Highway Department will finish.

Justice Tills presented the following resolution and moved its adoption:

WHEREAS, taxpayers in the Town of Boston have in the past, as property owners in small water districts and extensions and sanitary sewer districts and extensions, had to pay the cost of removal or relocation of water mains, sewer lines or similar facilities and appurtenances that are maintained for public use within the right-of-way of any County road where such County road has been relocated or improved within the Town of Boston, and

WHEREAS, such costs have in the past and certainly in the future will become oppressive to the individual taxpayer so situated, and

WHEREAS, the improvement of County roads within the Town of Boston represents a benefit to all of the residents of Erie County and should equitably be borne by all of the taxpayers of Erie County as users of the County road network, and

WHEREAS, the State Department of Transportation has adopted a policy, authorized by Section 10 (24) of the Highway Law of the State of New York, paying for such relocation of municipal utilities within State Rights-of-way on State improvement or relocation projects, and

WHEREAS, it appears from legal research that under the present status of the Law under Section 136 of the Highway Law, the County of Erie may not have the legal right to assume the cost of such utility relocation or removal on its County road projects, and

WHEREAS, under the present status of the law, in the original permit to place water mains, sewer lines or similar facilities and appurtenances by water and sewer districts in the County road rights-of-way, every Town and Village in Erie County must submit a permit application to the County Department of Public Works under said Section 136 of the Highway Law, which permit

is conditioned, in Paragraph 2, thereof, as follows:

"Any cost involved in the removal or relocation of installations made overhead, on the surface or underground as a result of this permit, due to highway reconstruction or maintenance work, shall be borne by the owner. Driveways may be excepted at the County's option."

and,

WHEREAS, the County of Erie should equitably and morally assume the costs of such removal or relocation of water mains, sewer lines or similar facilities and appurtenances thereto maintained in the County rights-of-way as a general cost of the County road improvement, and

WHEREAS, Chapter 969 of the Laws of 1969 authorizes Monroe County to pay a portion or all of expenses for removal or relocation of water mains, sewer lines or similar facilities and appurtenances thereto maintained for public use within the rights-of-way of any County road where the County Superintendent of Highways deems such County road necessary to be repaired, constructed, reconstructed or relocated,

NOW, THEREFORE, BE IT

RESOLVED, as follows:

Section 1. That the Town Board of the Town of Boston petition Arthur J. Carlson, 18th District County Legislator, the County Legislature, the County Executive and the Commissioner of Public Works of the County of Erie, in accordance with this resolution, to endorse the concept that the County of Erie shall pay all expenses for the removal or relocation of any water mains, sewer lines or similar facilities and appurtenances thereto that are maintained for public use within the rights-of-way of any County road where the County Commissioner of Public Works for Highways deems such County road necessary to be repaired, constructed, reconstructed or relocated in the public interest and urge enactment of legislation by the State Legislature in the same general nature as Chapter 969 of the Laws of 1969, which authorized and empowered Monroe County to pay for such costs.

Section 2. That the Town Clerk be and hereby is authorized and directed to contact Ronald W. Tillis, 147th District Assemblyman, and Thomas F. McGowan, 54th District Senator, to introduce and seek enactment of legislation authorizing Erie County to pay for removal and/or relocation of water mains, sewer lines or similar facilities and appurtenances thereto within rights-of-way of County roads in the County of Erie, based upon an act of the Legislature known as Chapter 969 of the Laws of 1969, which authorized such costs to be

paid by the County of Monroe.

Justice Tills presented the following resolution and moved its adoption:

WHEREAS, we consider that adequate hospital facilities are a vital concern of the citizens of our community; and

WHEREAS, existing hospital facilities are overtaxed and do not provide suitable protection and safeguard for the rapidly growing populace of Boston, New York and the neighboring suburbs, south of the City of Buffalo; and

WHEREAS, Southtowns General Hospital, Inc. after extensive research and study of hospital services, have graphically demonstrated the immediate need of such facilities to be located in the Town of Orchard Park, New York, therefore be it

RESOLVED that the elected members of the Boston Town Board urge the New York State Public Health Council and the Department of Health to react favorably to the establishment of a Southtowns General Hospital (Application WNY 310, Buffalo - 23, and be it further

RESOLVED that until a decision is rendered pursuant to application WNY 310, Buffalo - 23 by said agencies, the conflicting application recently submitted concerning the Mount Mercy ambulatory care center to be located on Murphy Road in Orchard Park, New York, which will in effect lessen the chances of acceptance of the more adequate and beneficial Southtowns Hospital, be tabled by said agencies, and be it further

RESOLVED that the Town Clerk be and is hereby directed to send certified copies of this resolution to Dr. Norman S. Moore, Chairman, Public Health Council, Mr. George Metcalf, Chairman, Establishment Committee, Public Health Council, Commissioner Hollis S. Ingraham, State Department of Health, Southtowns General Hospital, Inc. Mr. Dale Worfel, President, and our New York State Legislators, Senator Thomas McGowan and Assemblyman Ronald Tills.

A copy of a letter from Nicholas Mongiardo to Dale Worfel acknowledging telegrams and letters that have been received regarding the Southtowns General Hospital was read. The letter was received and filed.

A letter was read from the New York State Electric and Gas Corporation notifying the Town of Boston of the installation of an 1100 street light on Brown Hill Road on Pole 4, Line 1079. The letter was received and filed.

A letter was read from the Boston Emergency Squad notifying the Town Board of the officers that had been elected for 1973. Supervisor Sedovy requested the Town Clerk to send a letter to the Emergency Squad congratulating its officers and wishing them well during their term of office.

A letter was read from Mr. Louis L. Tucker, Assistant Commissioner for State History commending Mr. and Mrs. James Jehle on Boston's excellent museum. The letter was received and filed.

A letter was read from Senator Thomas McGowan acknowledging receipt of a resolution passed at the February 14, 1973 Board meeting regarding the payment of utility relocation costs by the County. Senator McGowan stated that he had drafted Bill #3128 for introduction to the Legislature in regard to this matter. The letter was received and filed.

Mrs. Linda Beyer asked if it was true that \$20.00 was paid to the Boston Fire Company for each Town meeting that took place in their hall; and if the gas and electricity had been turned off in the old Town Hall. Supervisor Sedovy stated that \$20.00 was correct and that there would be approximately five or six things a month when the hall would be used. He also stated that the gas and electricity had been turned off at the other hall.

Mrs. Paula Koester asked if there was any way to see that the correct information is printed in the Boston Citizen News. Supervisor Sedovy thanked Mrs. Koester for her concern, but stated he did not see how it could be done.

An application for a Building Permit for a new building was received from George Hartman d/b/a George's Hot Dog Stand, Abbott Road and Route 277. A motion was made by Councilman Schunk and seconded by Councilman Kennedy to send the application to the Planning Board for their recommendation.

There was discussion in regard to the issuing of 1973 Junk Yard Licenses to Carl Andres and Glenn Trevett. A letter was read from the Boston Conservation Advisory Council in regard to licensed and unlicensed Junk Yards in the Town of Boston. The letter stated that Junk Yards were necessary, but should only be allowed in areas of heavy industrial zoning. Supervisor Sedovy noted that both Junk Yards are presently in areas zoned agriculture. Town Attorney Maxwell discussed the legal aspects of doing away with Junk Yards and stated that he is checking into this matter regarding letters which were to be sent to the owners of Junk Yards giving 5 years notice that the Town could take action after this 5 year period. A motion was made by Councilman Kennedy and seconded by Councilman Schunk to table the renewal of the 1973 Junk Yard licenses to Carl Andres and Glenn Trevett, contingent on the Town Attorney's report.

A Public Hearing was held at 8:00 P. M. to consider the amendment to the Zoning Ordinance of the Town of Boston concerning Visibility at Intersections. It was noted by Supervisor Sedovy that this amendment has the approval of the Erie County Planning Board. Alexis Link asked if this included agriculture products. Supervisor Sedovy stated that he felt it would. A motion was made by Councilman Schunk and seconded by Councilman Kennedy that the amendment to the Zoning Ordinance, Article VII, Supplementary Regulations, Section 8 - Visibility at Intersections be adopted as follows:

No opaque fences, hedge, shrub, planting, sign or tree foliage which obstructs sight lines at elevations between two (2) and six (6) feet above the roadway or sidewalk, shall be placed or permitted to remain on any corner lot in the triangular area formed by intersecting lines drawn along the edge of the paved surface area of the highway and a line connecting them at points thirty (30) feet distant from the intersection of such lines extended.

A copy of a letter sent by Town Clerk Klein to Mr. Robert Abendschein was read concerning Eighteen Mile Creek. A letter from Assemblyman Tills acknowledging receipt of a copy of the above letter was read and Mr. Tills stated that other towns are faced with the same problems experienced by the Town of Boston so he is planning a discussion on this problem as a part of his seminar to be held in Albany, March 11, 12, and 13. A letter was read from Senator McGowan expressing an interest in replies received by the Town on this matter. Highway Superintendent Luno stated that on March 1, 1973, he had met with Mr. Steve Doleski of the Department of Conservation to discuss the problems in Sewer District #2, because of the high water level of Eighteen Mile Creek. Mr. Luno stated that the water level is a foot higher than the sewer system pipe and Mr. Doleski

had stated that the Town could push the gravel in the creek bed to one side to correct the problem. This would be charged to the Sewer District. Highway Superintendent Luno noted that a survey would have to be taken to see how far to go and a permit would have to be gotten from Mr. Doleski. It was noted that tree logs in the creek are the responsibility of the owners of the land. Mr. Luno noted that a program could be set up for the Highway Department to remove the trees, but it would be the responsibility of the homeowner to reimburse the Town. Supervisor Sedovy stated that the Town Engineer, Sewer Operator Rucker and himself had met with Mr. Freedman, Mr. Alessi and Mr. Barry and the question was put to them what could be done to alleviate the high water level problem in Sewer District #2. Supervisor Sedovy stated they had advised him not to put a great deal of money in this because of the possibility of the County Sewer District along with Hamburg, and Eden, and if the Sewer District plan does not come, to then take the necessary steps to make Sewer District #2 function efficiently. Supervisor Sedovy noted that a feasibility study is being made for a County Sewer District in the area and sewers are possible five to ten years from now.

A letter was received from Assemblyman Ronald Tills regarding the drainage problems in the Northside - Meadow Drive area. A letter was also read from Mr. Raymond T. Schuler. Supervisor Sedovy stated that letters had been sent for about four months seeking help on this problem and none of them want to get involved. He noted that the Town does not have the authority to clear up the problem so it must fall back on the residents of the area. He stated that the Town had offered to work with the residents to set up a Special Drainage District. The Town Clerk was directed to see that Charles Hughes received copies of the latest correspondence.

A letter was read from Mr. and Mrs. Francis Walla, 7010 Boston State Road, expressing concern at the possibility of raising Eckhardt Road to prevent flooding on this road during high water. Supervisor Sedovy stated that he would be against raising Eckhardt Road as this would cause more flooding to the land. He noted that their concern stemmed from the misinterpretation of a news article.

A deed conveyance of Highways in Park Lane Subdivision was received. Coy James asked that the Town not consider this until the District Attorney finishes his investigation into Town Highway Equipment being used on private property in the subdivision. This discussion was interrupted for a Public Hearing.

At 8:30 P. M. a Public Hearing was held to consider an amendment to the Zoning Ordinance of the Town of Boston concerning dumping of material on land within the Town of Boston. Mrs. Bernadine Hauth asked that the word waste be defined and Supervisor Sedovy stated that the purpose of the amendment was to prevent the dumping of building debris and concrete. Mrs. Hauth asked if agricultural waste was included. Supervisor Sedovy stated that it was not and stated that this exclusion could be added to the amendment. Town Attorney Maxwell stated this revision should be added to read; this section shall not apply to normal agricultural purposes. Mrs. Linda Beyer asked what could be done with material taken from a house that was being remodeled. Supervisor Sedovy stated that a large amount could be taken to the receptacle that will be put in the rear of the Highway Department and he felt that a small amount would be picked up by the garbage pickup. Mrs. Beyer stated that she felt a person should be allowed to dump on his own property and asked if this also included a compost pile. Supervisor Sedovy stated that compost would be considered agricultural. Mr. William Linkner questioned the disposal of a large fallen tree. Mrs. Bernadine Hauth asked what had brought about the decision to have this amendment added to the Ordinance. Supervisor Sedovy stated that a pride in the looks of our town and the problems of Junk Cars. Mrs. Hauth stated that a neighbor has placed junk cars in the rear of their property to prevent erosion. Mr. John Koza asked how to obtain a permit for dumping. Supervisor Sedovy stated it would be applied for at the Town Clerk's Office and then would be brought before the Town Board for approval. Mrs. Paula Koester asked that if a permit was granted for fill purposes would the area have to be leveled off in a certain length of time. Supervisor Sedovy stated that this would be one of the provisions of the permit to leave the area in a nice condition. Justice Tills stated that maybe the Board should reconsider and let people dump on their own property if this is what they wanted. Mrs. Paula Koester stated that the creek is some peoples property and would cause problems. Mrs. Card Haag stated that junk on someone elses property could cause rats on her property. noted that the people in town can have good garbage pickup for a small fee and they should use it. Mrs. Honor Scherbarth stated she was for this amendment and asked who would enforce this as the Health Department was not dependable. Supervisor Sedovy stated this would be under the jurisdiction of the Enforcement Officer, but as he is now doing as much as he can handle it might be necessary to get him a helper. Mrs. Carol Haag asked what could be done about the junk already on property and Supervisor Sedovy stated that the property owners would be encouraged to clean it up. Mr. Ed Greene asked if the Town could clean up the property and then charge the owners. Town Attorney Maxwell explained that the ordinance is not direct to garbage, but to large building materials, old brick and lumber that is buried. Supervisor Sedovy stated that the county has a law pertaining to garbage dumping. Mrs. Joyce Lehning stated that it was possible to be your neighbors garbageman and asked if it was necessary to clean up materials that had not been dumped by the property owner. Mrs. Bernadine Hauth asked if there would be a charge for this permit. Mrs. Helen Dye asked about old dumping places that were hidden and no longer used. Mr. Clive Rucker asked if wood to be used or sold was included. Mrs. Eglantine Burger stated that at the end of her property junk had been piled by others and would she have to clean this up. Supervisor Sedovy stated this would be hard to enforce, but if she wanted to have it cleared up it could be put in a receptacle that will be placed behind the Highway Building. Mrs. Linda Beyer stated that she felt the amendment was too loose and would be hard to enforce. Councilman Schunk noted that the receptacle should take care of 90% of the problems of dumping and he also stated that tree stumps should be buried. Mrs. Joyce Lehning noted that at times she has seen trucks belonging to the County or State back up to the creek and dump a load of unknown material in the creek. Supervisor Sedovy noted that it could be material used for shoring creek banks. Mrs. Eglantine Burger asked if there would be an annual rubbish pickup. Clive Rucker stated that the farmers were concerned about this amendment and if Junk Yards were given five years to dispose of Junk, home owners probably should be given this time also. Supervisor Sedovy stated he felt this should be discussed more before being acted upon. Coy James asked if the Town Board could pass this amendment to the ordinance without holding another Public Hearing. Justice Tills noted that it would not be necessary to hold another hearing. A motion was made by Councilman Schunk and seconded by Councilman Kennedy to adjourn the Public Hearing.

Justice Stromecki arrived at 9:15.

The discussion regarding the Park Lane Sub-division was continued at this time. Supervisor Sedovy stated that he was under the impression the District Attorney had thrown out the Highway matter, but Mr. James stated he had no knowledge of this. Supervisor Sedovy requested that Justice Tills check to see if all the proper legal descriptions had been met for the title of clearance on the road. Mr. James asked if it was legal for Highway Equipment to use public equipment on private property. Justice Tills stated this had been aired some time ago. A motion was made by Councilman Kennedy and seconded by Supervisor Sedovy to turn over to Justice Tills for his legal consideration the only matter pending; the title of clearance of the road in the Park Lane Sub-division to check the deed to see that it is proper.

Supervisor Sedovy reported on solid waste and trash disposal in the Town of Boston. He noted that the Town Board will look into the cost of the Spring trash pickup and also into the cost of placing a receptacle in the rear of the Highway Department building. Councilman Schunk stated that after a receptacle has been placed in this area and left there the year around the Spring trash collection can be done away with. Supervisor Sedovy noted that last year the Community Disposal Service lost money on the Spring Pickup as they were flooded with trash. He noted that the cost would possibly be much higher this year unless more than one trash pickup is planned. Supervisor Sedovy stated that he would look into the situation and report at the next meeting.

A motion was made by Justice Tills and seconded by Justice Stromecki resolving that the Town Board of the Town of Boston is hereby authorized to contribute \$300.00 to the Southtowns General Hospital Foundation, Inc. for the purpose of supporting financially their effort and expenses on promoting and filing of the application for the Hospital.

Town Clerk Klein reported that he had received correspondence in regard to Cable TV from the State Commission. Supervisor Sedovy asked that the reports be filed as they contained no new information or regulations to control Cable TV. The Town Clerk was directed to write to Assemblyman Tills to see if he can furnish the Town with up-to-date information.

Supervisor Sedovy reported on the Flood Plain Insurance. Town Engineer Moncreiff's report concerning population, number of 1 to 4 family residences, number of small businesses and the number of other structures which was requested at the February 14, 1973, meeting was received. Seven copies of the regular Town Ordinance are needed, a large scale map showing Flood Plain, brief history on flooding in Boston and a clean map are also needed. Mr. John Koza asked if Federal funding was involved. Supervisor Sedovy noted that a Public meeting should be held for all interested persons so the benefits of applying for Flood Plain Insurance can be explained. Town Attorney Maxwell noted that he had received pamphlets in regard to this Insurance from HUD and he would need some time to study it before he could make a recommendation on it. It was decided to hold the Public Meeting on April 18, 1973, at 8:00 P. M. and William Linkner was requested to get more of the pamphlets from HUD. The Town Clerk will send letters to people in the Flood Plain area advising them of this meeting.

There was a discussion in regard to Seider's Building on the corner of Zimmerman Road and Route 219. The Town Clerk stated that there have been complaints about the condition of the building, and although letters have been written over a period of time, there is still nothing being done. A motion was made by Supervisor Sedovy and seconded by Justice Stromecki directing the Town Clerk to contact the Erie County Health Department requesting them to enforce the laws in regard to this building under Section 1304 of the Public Health Department.

Town Clerk Klein reported that he has received from Mr. Heinrich Moelbert a Time Deposit certificate for \$2,200 endorsed to the Town of Boston as guarantee that Ursula Lane will be completed, along with a map of the subdivision showing it is filed in the Erie County Clerk's office under Map Cover 2306. These items were requested by the Town Board at the February 14, 1973 Town Board meeting as the condition for acceptance of the road as a Town Highway. The Clerk may now issue building permits.

A motion was made by Justice Stromecki and seconded by Councilman Schunk approving the request of the Boston Fire Company to use the Town Park for their field days on August 24, 25, and 26, 1973, contingent on the Town being supplied with proof of Insurance and no conflicts of date at the Park.

The Town Justice's monthly report was received.

Town Attorney Maxwell stated that the question had been put to him if the Town could exclude property that is a nuisance such as a glue factory and he replied the answer is no it cannot.

Councilman Kennedy reported that the Sign Committee had completed a rough draft and that Town Justice Tills was in the process of doing research to make sure there is no conflict with other sections. He noted that an informal Public Hearing will be held on the 28th of March. After that there will be an official Public Hearing. He noted that the committee acted slow on this as the legal language had to be studied so no problems are encountered.

Councilman Schunk reported on the Insurance for the Sewer Districts, and asked that this be tabled until he can check further into Sewer District #4.

A letter was read from the Boston Police requesting that some of the Youth in the Town of Boston be allowed to ride on Patrol with the Police to try to close the credibility gap that is now present. The matter was tabled until the question of Insurance is investigated.

A letter was read from Attorney Tesseyman in regard to the applications of Norman Anderson, Richard Hockwader, Nelson Burke and Donald Gokey to the Boston Police Department 6 months ago. The attorney was present and stated that these men had never received word from the Town Board if they had been approved or rejected. There was a lengthy discussion in regard to this matter and Mr. Tesseyman stated that he felt even if the Police Department voted on the applications the matter should still come before the Town Board. Town Attorney Maxwell stated that this does not have to be agreed on in the Town Board. Supervisor Sedovy asked Mr. Anderson if he had been notified by former Chief Cartwright as to the acceptance or rejection of his application. He stated that he had. Supervisor Sedovy stated this matter will be looked into.

The Enforcement Officers monthly report was received. Supervisor Sedovy noted that the Enforcement Officer had been busy enforcing the ordinance on Junk cars.

The Sewer Operator's monthly reports were received. Supervisor Sedovy stated that as a result of a meeting, the county will run some of the Sewer District tests saving the necessity of setting up a large laboratory.

Supervisor Sedovy stated that the Assessors were using the office in Emerlings old garage and William Linkner reported that the Planning Board would also be meeting there on the 2nd Thursday of each month.

A letter was received from Paul Ballachino informing the Town Board that he does not wish to be reappointed to the Zoning Board of Appeals when his term expires April 1, 1973. The Town Clerk was directed to send a letter to Mr. Ballachino thanking him for his dedicated service to the Town.

A motion was made by Justice Tills and seconded by Supervisor Sedovy to adjourn.

ABSENT:

Supervisor Sedovy presented the following resolution and moved its adoption:

WHEREAS, the Town Board of the Town of Boston has heretofore submitted an application to State Council of Parks and Outdoor Recreation for State assistance under the Outdoor Recreation Development Bond Act, and, whereas, the State Council of Parks and Outdoor Recreation has now approved said application of the Town of Boston, wherein the said Town of Boston will receive a fifty (50%) per cent grant in aid, totaling \$12,750.00 for the installation of recreational facilities, consisting of basketball court, two tennis courts, playground equipment and installation and lighting for recreational facilities to be located on the Town lands on the west side of Boston State Road, Boston, New York, and,

WHEREAS, the State of New York acting by and through the office of Parks and Recreation requires that a contract be entered into for the securing of said assistance for said recreational facilities, and that funds of the Town of Boston, for its share of the cost for said facilities, are available, and be appropriated for said use.

NOW, THEREFORE, be it resolved that the Town Board of the Town of Boston has available and does hereby appropriate the maximum sum of \$12,750.00 as the Town's fifty (50%) per cent share of the cost for the installation and addition of recreational facilities in the existing 20.12 acres of land now owned by the Town of Boston; said installation consisting of one outdoor basketball court, two tennis courts, playground equipment and its installation, and lighting of tennis courts on its said lands, and,

BE IT FURTHER RESOLVED that the contract agreements, with respect to said aid, as submitted, by and between the State of New York to offices of Parks and Recreation and the Town of Boston be and hereby is approved, and the Supervisor of said Town of Boston is hereby authorized and directed to execute

said agreement on behalf of the Town of Boston, and deliver same to the offices of Parks and Recreation of the State of New York, and take such other and necessary action as may be deemed necessary and proper in the premises to initiate and complete the installation of said recreational facilities.

Seconded by Councilman Schunk and duly put to a vote which resulted as follows:

HERBERT H. KLEIN, TOWN CLERK

Special Meeting
March 28, 1973

Boston Fire Hall
7:30 P. M.

Present were Supervisor Sedovy, Councilman Schunk, Councilman Kennedy, Justice Tills, Highway Superintendent ^{Luno} and Town Attorney Maxwell.

Justice Stromecki arrived late.

A motion was made by Justice Tills and seconded by Councilman Schunk to accept the bid of the Buffalo Tractor and Equipment Company in the amount of \$4,624.00 for a 1973 Asplundh Brush Chipper as recommended by Highway Superintendent Luno. Bids were received at the March 7, 1973 regular Town Board Meeting.

Justice Stromecki arrived at 7:45.

There was a lengthy discussion in regard to the Dumping Ordinance that was tabled at the March 7, 1973, Town Board meeting. A new proposal was read by the Town Clerk and Supervisor Sedovy stated the reason for the redrawing was a result of the Public Hearing held at the March 7 meeting. He noted that people expressed concern of whose responsibility it would be to dispose of an appliance or garbage that was on their property, but was not theirs. Mrs. Linda Beyer asked if it would be possible for builders to dispose of unwanted material at the receptacle which is to be placed at the Town Highway Department. Supervisor Sedovy stated they could. Mrs. Paula Koester noted that in Hamburg there was a charge for using their dump. Councilman Kennedy noted that there are provisions in the Junk Ordinance that covers old refrigerators and such. Supervisor Sedovy stated that the main reason for the new dumping ordinance would be to prevent people from coming into Town and dumping. Town Attorney Maxwell noted this ordinance does not apply to people within the Town. A motion was made by Councilman Kennedy and seconded by Justice Tills that Article IX, Special Use Permits, Section 5 DUMPING OF MATERIAL be approved and added to the Zoning Ordinance as follows:

It shall be unlawful for any person, firm or corporation to throw, dump or deposit, or to permit the throwing, dumping emptying or depositing on any real property in the Town of Boston of any garbage, building debris, tree stumps, paper, cardboard, wood, plastic material, metal, glass, rags, ashes, lumber, brick, stone, concrete, or of any type of garbage or discarded or salvaged material which originates from any source outside of the Town of Boston, without first having obtained a written permit from the Town Board of the Town of Boston. Such permit shall continue for a period of one year after the date of issuance thereof, if not sooner revoked by the Town Board. Any original permit which may be issued by the Town Board shall be after Public Hearing thereon, and upon such conditions and stipulations as the Town Board may require at the time of the issuance of said permit. The requirements specified herein shall not be construed to apply to agricultural or gardening uses of land within the Town.

In answer to a question asking if it was necessary to hold a new Public Hearing, Town Attorney Maxwell stated there was not enough change in the ordinance to warrant this. Town Attorney Maxwell also stated that the ordinance was for the purpose of issuing permits for dumping.

A letter was read from the Capital Improvements Committee recommending a new Town Hall. Mr. Baldwin the architect was present and Mr. Donald Genzel and Mrs. Betty Wells from the Capital Improvements Committee. Mr. Baldwin showed a floor plan for the new Town Hall. He stated that the building would be put on the same site as the previously proposed building. It would be built of brick with an asphalt roof, concrete foundation, steel frame, and aluminum double hung windows. Mr. Baldwin stated that the style of the building was in keeping with the homes in the Boston area. The upper floor of the Town Hall would contain a vestibule, lobby, Town Clerk and Tax Collectors office, small vault, offices for the Supervisor, Assessors, Planning Board and Justices and two lavatories. The lower level would contain a meeting room 36x43, Police office, storage room, two lavatories and a mechanical building to house the furnace. Mr. Baldwin noted that the site was ample in size to allow for expansion in the future. He noted that the latest heating system would be installed and the duct work would be put in for air conditioning, although the actual air conditioning unit would not be put in at this time. Mr. Baldwin noted that court will be held in the meeting room. Supervisor Sedovy stated that the proposed building is capable of being expanded and possibly in five or ten years the Police Car and ambulance will be housed in the hall as previously proposed. Justice Stromecki noted that the new building was about 2/3 the size of the previously proposed building. Mr. Beckwith asked if this meant that a Police garage would also be built at another site. It was noted by Supervisor Sedovy that the present garage would house the Police Car and they will have an office at the new Town Hall. He stated that the Police were satisfied with this arrangement. Justice Tills stated that the cost of a new building will increase if it is built in the future so it is necessary to proceed to construct something now. Mrs. Boldenow questioned using the meeting room as a community room also, and Supervisor Sedovy stated this was possible, but there could be many conflicts. There was discussion in regard to reincorporating some of the features of the previously proposed building into the new one, but it was felt this would increase the cost. Supervisor Sedovy stated that when bids were let they would be done with thoughts to painting being done by a Town resident. This would necessitate the letting of alternate bids. Mr. Stanley Rychlik stated that he felt the Police Car should be housed in the new Town Hall. Mr. Herb Berlin stated that he felt more people should have been made aware that the Board was going to act on the building of a new Town Hall at this Special meeting. Justice Tills stated that the Town Officials are elected by the people and it seems they have no confidence that the Board will make the right decision. He stated that the Board was not trying to put something over on the people. He noted that when a Public Hearing was held only 67 people attended. Mr. Rychlik stated that this action by the Board should have been publicized at least two or three days in advance. Town Clerk Klein stated that it was put in the paper only today because of a mixup between him and the Supervisor. Some thoughts were that this should take place at a regular meeting and not a special meeting. Supervisor Sedovy stated that the new Town Hall will cost between \$180,000 and \$200,000 and will be paid for in five years. The monies to be used will be from Revenue Sharing, money from the Capital Improvements Fund and a surplus of money from 1972. Supervisor Sedovy stated that he felt there would not have to be a tax increase to pay for the Town Hall. Board members stated that after talking to many people, the main objection was the cost and size of the previously proposed Town Hall. A motion was made by Justice Tills and seconded by Justice Stromecki to authorize the architect to prepare working drawings and specifications for a new Town Hall of approximately 6,000 square feet, and authorize the Supervisor and Town Attorney to negotiate a contract with the architect.

A letter received at the March 7, 1973, Town Board meeting from John Hinkey, Administrative Co-ordinator of the Boston Police Department, in regard to youth in the Town of Boston riding in the Police Car was reread. Also a letter from Insurance Agent Alfred Dye was read. Mr. Dye stated in his letter that there was not Insurance Coverage for this. Supervisor Sedovy asked the Town Clerk to send a letter to Mr. Hinkey informing him of this and to also thank him for the excellent idea. It was noted by Town Board members that the Police encounter dangers and it would be unwise to put the youth in jeopardy.

The Boston Police Department By-laws were presented to the Boston Town Board. Justice Tills questioned whether it was necessary for the Board to adopt these or if they could just be received and filed and the Police vote on them within their organization. It was decided to table this matter until the next regular meeting.

A motion was made by Supervisor Sedovy and seconded by Justice Tills that retroactive to February 14, 1973, the old Town Hall be closed down for the sake of Public safety and long term economics.

Letters were received from the New York State Electric and Gas Corporation notifying the Town of Boston on the installation of Street lights. Supervisor Sedovy stated that these street lights are going in at the intersections on both hills.

Town Clerk Klein noted that following the last meeting a letter had been sent to the Erie County Health Department citing the dangerous condition of the building at the corner of Zimmerman and 219 belonging to the Seider Estate. A copy of a letter from Richard Attea to the Erie County Health Department in regard to this problem was read and also a letter was read from Mr. Kinney to Supervisor Sedovy stating that action would be taken soon. A letter to the Town Board stating that this building would be razed in the near future, from Mr. Attea, was read. Supervisor Sedovy stated that he felt this was a firm commitment and close tabs would be kept on the progress being made.

A letter was read from the Boston Environmental Corporation concerning recycled paper products. The Town Clerk stated the list of recycled paper products would be in his office for anyone who was interested.

A letter was read from Senator Thomas McGowan acknowledging receipt of a resolution passed by the Boston Town Board at their February 14, 1973 meeting in regard to the Southtowns General Hospital. Senator McGowan stated this Hospital in Orchard Park would have his continued support.

A resolution passed by the Hamburg Town Board in regard to their opposition of the 18 Mile Creek Purchase by Erie County was read. Supervisor Sedovy stated that he felt this did not concern the Town of Boston and he asked that it be received and filed.

A letter was read from the Boston Historical Society concerning the fate of the old Town Hall and requesting consideration be given to preserving it historically. Supervisor Sedovy stated that it has not yet been determined what will be done with the building, but when the time comes the letter will be considered.

A letter was read from the Erie County Health Department on Sewer District #2. The letter stated a meeting will be held in Buffalo on April 12, 1973, to discuss the matter. Supervisor Sedovy noted that the meeting had been changed to May 2, 1973, and he and Attorney Maxwell would be going. He stated that any other Board members will be welcome to attend. Town Justice Stromecki stated he would attend. The letter was received and filed.

Mr. Paul Aicher stated that he wished to present to the Town Board petitions signed by non-partisan residents of the Town of Boston who are against the building of a Town Hall without it being put to a referendum. He stated that the petitions were circulated in the Town of Boston during a 48 hour period and there were 361 signatures. During his statement he noted that Supervisor Sedovy, at a meeting with a group of these resident, stated that this was a small majority and Supervisor Sedovy noted that this statement was not correct as he had not stated what percentage would be needed to force a referendum. Supervisor Sedovy noted the amount of work that had been done by the Town Board and Capital Improvements Committee to present a

DDH529

building which they felt was best for the people, but it was defeated. He stated he felt it was possibly defeated because of the straight forward manner in which it was presented. He also noted that there was a feeling Revenue Sharing should be used to reduce taxes, but this would mean less Revenue Sharing money because this is based on a Town's tax effort. The purpose of this money is for projects beneficial to the community. He noted that in the past Income Tax money came back to large cities and large towns and Boston never received any, but now Boston can also receive a share and if it isn't spent next year, Boston will receive less. He noted that the Town Board had to make decisions which were for the betterment of the people and if everything was put to a referendum, nothing would ever be accomplished and this would not be an efficient way to run a government. Supervisor Sedovy stated that when a Public Hearing was held before the referendum, he would have been happy for an attendance like tonight. Mrs. Aicher asked why action was taken at a Special Town Board meeting and why the article in the newspaper did not appear two or three days prior to the meeting instead of on the day action to build a new Town Hall was to be taken. Justice Tills stated that the Town Board had not voted on a Town Hall. He noted that there is a problem of getting facts to the people although all Town Officials are available to answer questions and the newspapers are great. He noted that it was upsetting to try to reach the people. Justice Tills stated that following the defeat of the referendum, the Town Board and Capital Improvements Committee looked for another alternative. He noted that a smaller building was come up with and the Town Board voted to have the architect proceed with a smaller building. Mrs. Mickey Griebel stated she felt that the Town Board was elected to represent the people and she expressed concern that Revenue Sharing could be cut off as other Government funds have been recently. Supervisor Sedovy read from an excerpt of the Revenue Sharing Act, Section 92-512 Section 105 stating this is a Trust Fund running through 1976. Mrs. Kay Currie stated that possibly the Town Board should look into alternatives. She noted the former IGA Store in Patchin as one and also stated she had inquired about the Erie County Historical Society restoring the former Town Hall and was told there was money for restoring old buildings. Supervisor Sedovy stated that the IGA Store had been looked into and was for rent or lease and did not feel this was the solution to the problem and he noted he was not aware of the Erie County Historical Society restoring old buildings. Mr. Peter Suja asked if Revenue Sharing was guaranteed to run for five years, and Councilman Schunk noted that there was a hope it would continue longer than that. There was discussion in regard to a magazine article which some had interpreted as meaning it could be dropped at any time, but Supervisor Sedovy stated he was under the impression it meant any time after five years. Mrs. Paula Koester asked how much it would cost to run another referendum. Supervisor Sedovy stated that the last one was about \$600.00 and the next would run about \$900.00 due to the fact that there would have to be more polling places. Mrs. Schlee asked if there was money already in the Revenue Sharing Trust Fund and Supervisor Sedovy stated he did not know.

A Public Hearing was held at 8:00 to consider the application of John Lozorick for a permit for an addition to a non-conforming building. A letter was read from the Planning Board recommending the application be approved. The Town Clerk stated that a verbal okay had been received from the Erie County Health Department. Mrs. Linda Beyer asked if there was ever anything going to be done to improve the looks of the building. Mr. Lozorick stated that as soon as there was good weather improvements would be made. Mrs. Paula Koester asked if the present sign was legal and Councilman Kennedy stated it was a portable lighted sign and questioned if it conformed. The Town Clerk stated that a sign application had been presented to him just prior to the meeting for the sign that is at Ski's Take Out. Mrs. Linda Beyer asked the Board if they will continue to issue permits for building this structure a piece at a time. Mr. Lozorick stated this would be the last addition for quite some time. Mrs. Paula Koester asked if the building had lavatories and she was advised this is the purpose for the new addition as at the present there is only one and a restaurant must have two. Mrs. Beyer asked if a person can just continue to add on. Mr. Suja stated he felt the man was only trying to make a living. Mrs. Lozorick noted that the building had been there for a long time. Mrs. Schlee asked if building was co-ordinated in the Town, and Supervisor Sedovy stated yes. Mrs. Beyer stated that she felt the building should be maintained and a decent looking sign should be put up. Councilman Kennedy stated he felt Mr.

Csehoski should have to remove the sign. Enforcement Officer Pfanner stated he had told him to remove the sign and it was down for one day and then put up again. Supervisor Sedovy stated Mr. Csehoski had called him and he had referred him to Mr. Pfanner. Supervisor Sedovy stated the sign should come down until a permit is granted. Supervisor Sedovy asked Mr. Lozorick to have a meeting with Mr. Csehoski to find out the long range use of the building and to report back to the Town Board with a commitment. Mr. Lozorick stated that there would be no more additions until he retires in five or six years.

Mrs. Schlee asked if the Town retained a full time architect for projection so there will not be a hodge podge and Supervisor Sedovy stated no the Town did not and Towns that did have an architect for conformity were under scrutiny as to the legality because what some people think is beautiful is ugly to others. A motion was made by Justice Tills and seconded by Justice Stromecki to approve the application of John Lozorick for an addition to Ski's Take Out, 8344 Boston State Road, Boston, New York, contingent on a written approval by the Erie County Health Department stating everything is in order.

Mrs. Schlee stated she had been receiving irate letters aimed at the Town Board and was wondering if anyone knew who was writing them as they were unsigned, and she felt they should be signed. Mrs. Paula Koester stated a Box number should be given so citizens can respond.

Mr. Clive Rucker turning the subject back to the building of a new Town Hall, stated the mistake made by the Faith United Church Group in not building the church when it was first put to the voters, as the cost to build the church rose from \$125,000 to \$175,000 in a two year period. He felt this would happen to the Town Hall if action was not taken soon. Mr. Leroy Pfanner stated he felt a persons vote didn't mean anything. Supervisor Sedovy stated that it did mean something and the Town Board felt this smaller building is the best approach as he felt reason for defeat was the large amount of money to be expended. He stated ten years ago was when the building should have been built and the same mistake cannot be made again. He noted that if this is delayed there will be a big tax increase as it will be at a time when sewers and more water districts will be put in. Justice Tills noted that under the law a referendum was required on the previous proposed building because of the bonded indebtedness over five years. He noted that the referendum basically asked if the Town Board should indebt the people over \$250,000 for a 30 year period and this was defeated. He noted the proposed smaller Town Hall would be paid off in five years. Justice Tills stated that the Board wasn't doing anything against the people. Mr. David Smith asked if the building would be adequate, and for how long. Supervisor Sedovy stated that it would serve for some time and was planned so it could be expanded in the future. Mrs. Pfanner asked if maintenance would be about the same or if it would run more. Supervisor Sedovy stated that with a brick exterior this would be virtually maintenance free, and a close look has not been taken as to what will have to be spent. Councilman Kennedy stated that as far as furnishings, it was planned to use what there presently is now with only a few things to be purchased. Mrs. Beyers stated she had signed the petition and wanted to know why it couldn't be put up for a referendum. Supervisor Sedovy stated one reason was it would put the completion date back seven months and there would be much work to be done to get it again to the people and also political flack. He stated that no matter what the Town Board did they would be criticized. Councilman Kennedy noted that many large expenditures were made by the Town Board. Justice Stromecki stated that he respected the petitioners for the point they wished to show. He felt it was best to proceed now in an orderly fashion rather than become jammed up with taxes at a later date. He noted that the money could not be used for sewers and water and stated that if we use the Revenue Sharing money wisely we will receive our share. He stated that it was his feeling that Revenue Sharing would be here for some time. Town Clerk Klein stated that following the last referendum he had talked to many people and gave an example of giving an engineers report to one long time resident of the Town and then taking him on a tour of the Town Hall. Mr. Klein stated that this gentleman stated he never realized the condition of the hall and even though he had voted against the new hall he would like to work to get the proposed hall on a new referendum. Mr. Klein stated that from talking to people he felt that it was impossible to please everyone, but he felt the consensus was that the last proposed building was too large and the cost was too much. Mr. Pfanner stated that he felt alternatives on the building should be put to a referendum. Supervisor Sedovy stated that this was not legally possible. He stated that if it is shown that a large majority of people are against

DDH529

this building it will be looked into. Mrs. Aicher stated that she felt the Town Board was not answering their questions, and she felt that an action this large should have been advertised in the paper not on the evening the meeting was to take place, but two or three days prior to the meeting. Justice Tills asked Mrs. Aicher what the Board had done. He stated that at the March 28 meeting the Town had not been committed in any way. The motion was to direct the architect to draw up plans. The minutes from the previous meeting were read at this time, in regard to the discussion of the Town Hall. Mrs. Harriet Will asked if when bids are received will this be put up for a referendum. Justice Tills noted that bids can be rejected by the Board if they so desire. Mr. Suja asked what figure would the Town go before bids are rejected and Supervisor Sedovy stated around \$200,000.

Mrs. Henry Lackajczyk asked what the leash ordinance was for dogs and how could it be enforced. Supervisor Sedovy stated that George Lake the dog warden is only part time, but even Towns with full time wardens are having the same problem with dogs. Town Attorney Maxwell stated what the Dog Ordinance contained and stated a course of action was to swear out an information against the owner and have action taken by a Town Justice. Mrs. Koester asked about barking dogs and Supervisor Sedovy stated that there were provisions in the law for this also.

A motion was made by Justice Stromecki and seconded by Councilman Schunk approving a sign permit to Wilbur Lehning, 8406 Boston State Road. This is for a 30" x 30" non-flashing maintained sign.

A copy of a letter was read from Assemblyman Ron Tills to the New York State Commission on Cable TV in regard to the Boston Town Clerk's request for rules and regulations. The Town Attorney related the legal aspects on how to be eligible for Cable TV. The Town Attorney stated that Mr. Joseph Terrizzi was willing to start the progress by making the necessary analysis. Mr. Terrizzi stated he would be glad to help the Town of Boston acquire Cable TV. A motion by Councilman Kennedy and seconded by Justice Tills resolved that the Town of Boston designate Joseph Terrizzi, a resident of the Town of Boston to analyse in writing and report to the Town Board the various potential services that can be made available for a Cable Television installation within the Town and the costs associated with the construction and operation of such a system together with the provisions of any particular service option as required by Section E-1 of the Rules of the Commission on Cable Television of the State of New York.

A letter was read from Joe Ball regarding the Spring Townwide trash collection. Town Clerk Klein stated that a letter had been written to Joe Ball and Community Disposal Service asking for a price on trash pickup for the Town of Boston. Supervisor Sedovy stated that Community Disposal did not wish to quote a price, but stated that they wanted \$40.00 a load. Joe Ball quoted a price of \$1,150.00 flat rate and for a 30 cubic foot open top container to be placed at the Highway Department, a price of \$48.00 per empty charge with a rental charge of \$15.00 per month. No rental will be charged if there are at least two pulls a month. In a telephone conversation with Supervisor Sedovy Community Disposal quoted a price \$100.00 per month for a 40 cubic foot container with a \$50.00 rental. A letter was read from the Boston Environmental Corp concerning land use in the Flood Plain area. Supervisor Sedovy stated he had attended a meeting with Mr. Bock, Mrs. Shadle and two women from the League of Women Voters. He stated they had discussed Flood Plain Insurance and had pointed out that this was to be discussed at the meeting for Flood Plain Insurance on April 18. He said the subject of lending support to other communities had been brought up and he felt that the Town of Boston shouldn't commit themselves to this dispute at the present time. Supervisor Sedovy stated that the first priority of the Town was to study the Flood Plain Insurance and not spread our forces too thin. The matter was tabled and the letter was received and filed.

The Town Clerk stated that there was a problem in regard to a voting place for Districts 3 and 6. He stated that he would contact the Patchin Fire Company, but there might be a problem as to Bingo, on October 11, but this could possibly be solved by moving to the Highway Department in the later part of the day. The Election Board had stated this was okay with them. Supervisor Sedovy stated that the Town Clerk be directed to contact the Patchin Fire Company requesting the use of the Fire Hall as a Polling Place.

The quarterly report from the Boston Police Department was read and Supervisor Sedovy stated that this report showed what a great job was being done by the Town Police.

The Police By Laws were again presented to the Board with some changes made. It was decided to table these until the next meeting so they could be reviewed and studied by the Town Board members.

A letter was read from the Boston Police in regard to Youth riding in the Squad Car while on patrol. There was discussion in regard to the Town liability in case of an accident. The Town Attorney questioned that in case of serious injury would the present coverage protect the Town. He stated that he would contact Al Dye in the form of a letter to have these questions answered. Supervisor Sedovy stated the plan was well set up but he felt it should be given more study. Town Policeman Hinkey was asked by Justice Tills to contact someone in East Aurora to meet with the Town Board to tell of their program and the problems they have come up against.

A motion was made by Supervisor Sedovy and seconded by Justice Stromecki approving a request of the Boston Police to purchase new uniforms in the amount of \$456.80.

A letter was read from Walter Zelasko of Colonial Drive, in regard to the drainage problems in the Colonial Subdivision. The letter noted that work had been started by the Town Highway Department last fall and Mr. Zelasko questioned when it would be completed. Highway Superintendent Luno stated that at the present time his crew is patching roads, but as soon as there is a day when the patching cannot be done they will work on the drainage in this area. Mr. Luno also stated that the work had been held up by the Gas Company who had to move a gas line. The Town Clerk was directed to send a letter to Mr. Zelasko advising him the work would begin as soon as possible.

A letter was read from Congressman Jack Kemp in regard to Revenue Sharing stating that the interpretation of the Revenue Sharing Act by the Town Board of Boston was correct and this is a five (5) year program.

A letter was received from Graham W. Watt, Director, Office of Revenue Sharing and also the first report in regard to Revenue Sharing. Supervisor Sedovy stated that this was a form asking for the Town to show how Revenue Sharing money was to be spent. He noted that in the period from January, 1973 to June, 1973, \$18,437.00 was received for the Town of Boston and the approximate amount for the year will be \$37,000.00. He also noted that the form will be returned to the Treasury Department.

A letter from Congressman Jack Kemp was read in regard to constituent meetings. Supervisor Sedovy stated that he had talked to Mr. Kemp and meetings will be held in all Towns in his District in order to meet with his constituents and discuss any problems or answer any questions people might have in regard to the Federal Government. Supervisor Sedovy stated that Mr. Kemp will be in the Town of Boston sometime in the fall of 1973. The exact time as to where and when will be publicized.

A letter was read from Enna K. Harrod, M.D., Erie County Deputy Health Commissioner, thanking the Town of Boston for the use of the Town Hall for the Baby Clinics. The letter was received and filed.

A letter was received from the New York State Executive Department, Office for the Aging in regard to Senior Citizens Month. The following proclamation was presented by Supervisor Sedovy.

More than 380 persons have celebrated at least their 65th birthday in the Town of Boston.

Some were born in other towns and chose Boston as their home. Others were born in Boston and are life long residents of our town. Many were born in the last century and have personally witnessed the phenomenal growth of our town. They have helped to shape our town by the fruits of their labors, and in justice to their contributions, our town owes them an enormous debt.

Each of these people is an individual with personal needs and personal contributions to make. It is our cherished responsibility to see that our social policies, as expressed in public and private programs and services, reflect this commitment not only to help them with their day-to day problems,

DDH529

but to provide the opportunities to benefit from their continuing contributions to society as well. Such a policy will not only create a better life for our older citizens, it will also shape a better town for all of us.

NOW, THEREFORE, I John Sedovy, Supervisor of the Town of Boston, do hereby proclaim the month of May, 1973, as
SENIOR CITIZENS' MONTH in Boston, Erie County, New York.

Supervisor Sedovy stated that May being Senior Citizens' Month, that this would be a most appropriate time to consider raising the maximum income from \$5,000 to \$6,000 for persons 65 years or over to qualify for 50% tax exemption on their Town tax under Section 467 of the Real Property Tax Law. A motion was made by Supervisor Sedovy and seconded by Councilman Schunk that the Town Clerk be directed to advertise for a Public Hearing to be held at 7:30 P.M. on Wednesday, May 23, 1973, at the Boston Fire Hall to consider raising the income from \$5,000 to \$6,000 allowing for persons 65 years or over to receive 50% tax exemption on their Town Tax.

A letter was read from Mr. Richard Klinczar in regard to drainage at the Police garage. The letter stated that a cherry tree had been killed and he suspected sewage and detergents from a broken tile was the cause. He asked that the tile be repaired and his tree be replaced. Town Attorney Maxwell stated that public funds cannot be used to replace a tree on private property. Supervisor Sedovy stated he would contact Mr. Klinczar to discuss the problem.

Mrs. Sheila Lachajczyk asked if there was any law governing fences around inground swimming pools. It was noted by members of the Town Board that there was no ordinance saying there had to be a fence. Mrs. Lachajczyk asked how to get an ordinance. Supervisor Sedovy stated that this will be checked into as there are many pools in Town and no fences could be hazardous.

Mr. Harry Wichrowski requested that the dip in the road on the corner of Hillcroft and Colonial Drive be fixed. Highway Superintendent Luno stated he would look into the situation and report at the next meeting.

Mr. Wichrowski also noted that a home is being built on Colonial Drive and the mud that is being dumped on the road is making a mess in the whole area. Supervisor Sedovy instructed Justice Tills to see if there is any provision in the Vehicle and Traffic Law which might solve the problem.

The Town Clerk was authorized to publicize for Public Hearing on May 23, 1973, at 7:45 P. M. for an addition to the Emerling Brothers potato barn, Brown Hill Road. This is a non-conforming building.

A motion was made by Justice Stromecki and seconded by Councilman Schunk approving a sign for Herbert Warren, Boston State Road, contingent on its being 35 feet from the center of the road and does not exceed 4 square feet. Sign to be non-flashing and maintained. (Justice Tills was called out on Court Business.)

There was a lengthy discussion in regard to a sign permit application from Ski's Take Out, Boston State Road. There were questions as to the safety of the lights Mr. Csekowski is using to illuminate his sign. Councilman Kennedy stated that he felt the extension cord used would not conform to National Electrical Codes. There was also discussion as to the point from which set backs should be measured. Supervisor Sedovy asked if it would be necessary for each application submitted to also have a survey attached. Justice Stromecki stated that the Town Clerk or Enforcement Officer had no right to determine the lot lines on property as this is the responsibility of the property owner to have it surveyed. A motion was made by Supervisor Sedovy to approve the application for a sign at Ski's Take Out, but not approve the lighting and contingent that the sign is 2 feet off the Right Of Way. No second to the motion. A motion was made by Councilman Kennedy and seconded by Justice Stromecki that the permit be denied under the present application and another application can be submitted that is more specific.

Councilman Schunk asked if alternates would be let in regard to steel reinforcement depending on the type of fill used. Mr. Baldwin stated that there was no need for additional steel. Councilman Schunk asked if there would be a guarantee to this. Mr. Baldwin stated that the Engineers who are working on this are the best. Supervisor Sedovy stated that engineers were highly recommended, but if Councilman Schunk had any reservations the best thing to do would be to add the steel reinforcing as an alternative. Mr. James Koester asked if the landscaping was included in the bids. Supervisor Sedovy stated no. Mrs. Linda Beyer asked if there was one basic bid that would be let. Supervisor Sedovy stated that with the alternates there were four. He noted that it might be felt that we would be more economically able to do some work later. Justice Tills stated that although most of the Capital Improvements Committee would have liked to have seen the larger building constructed, they were satisfied with the proposed building and felt that it was necessary. Councilman Kennedy stated that the Board had all had an opportunity to discuss the new Town Hall and were now ready to go for bids. Justice Stromecki stated he was in favor of the proposed building as he felt it was one the Town could afford. Councilman Schunk stated that he hoped the bids would come in. Mrs. Jackie Knox asked if the building could be expanded. Supervisor Sedovy stated that it would be very easy to expand. Mr. John Walters asked if consideration had been given to a Tower for the Police Radio. Mr. Baldwin stated he didn't feel there would be any problem. A letter was read from the Southtowns General Hospital Foundation, Inc. expressing their thanks for the \$300.00 contribution by the Town of Boston. The letter was received and filed.

A letter was read from Supreme Court Justice Frederick M. Marshall in regard to Justice Courts. Justice Marshall noted ways that the Courts could use to become more effective. The letter was received and filed.

A notification was received from New York State Electric and Gas Corporation stating the installation of street lights at intersections in the Town of Boston, as requested by the resolution of January 1, 1973 of the Boston Town Board. Highway Superintendent Luno was requested by Supervisor Sedovy to check into what lights still have to be installed and to report back to the Town Clerk.

Mrs. Carolyn Shadle asked what time table had been set for a Public Hearing on the proposed Sign Ordinance. Councilman Kennedy stated that the Chamber of Commerce had requested to look the ordinance over and there will be copies available for Chamber members at their Dinner Dance on June 9, 1973. The Ordinance will then be reviewed by the Town Board members and a Public Hearing date will then be set. Justice Tills noted they were aiming for a July date.

A petition was presented by Mr. John Koza with 534 adult names who represent 90% of land owners bordering on 18 Mile Creek, signifying their opposition to any action by the Town Board relating to the adoption of Federal (HUD) or State Flood Plain Maps or Regulations which lead to the restriction of private property rights, and to any action by the County of Erie, as set forth in News article of May 3, 1973, wherein it is proposed to create public parks from existing private lands along waterways as stated in said article, which is attached to this Petition. This petition was accepted by the Town Board and will be filed in the Town Clerk's office and should be used for Town Board members in regard to any action taken on Flood Plain. Councilman Schunk stated that many people outside the Flood Plain area had approached him in regard to signing the petition and he advised them not to sign it.

A motion was made by Councilman Schunk and seconded by Justice Tills granting a permit to Rose Geiger to put a Milk Vending Machine in front of Nabor's Store on Boston Cross Road. The machine will be 4 feet from the lot line on the West and 7½ feet from the lot line on the East.

A letter was read from the Boston Environmental Corp in regard to the recycling center which is located behind the Highway Department. The letter stated that some problems which they are faced with and need the co-operation of the Town Board are vandals, improper information given by the Police Dispatchers, trash being left that cannot be recycled and glass not being accepted at Brockport because of metal rings which could have been prevented if the glass was crushed prior to being delivered. Supervisor Sedovy stated that he felt the large van placed adjacent to the center should eliminate the trash and a copy of the letter will be sent to the three dispatchers along with a copy of the rules to help co-ordinate the recycling effort.

A letter was read from the New York State Department of Environmental Conservation in regard to the Sewer District operation in the Town of Boston. The letter listed a number of problems that should be corrected in order for the Sewer Districts to operate efficiently. Supervisor Sedovy stated that a few inaccuracies had been found in the letter and that some of these problems have been corrected. He also noted that a lot is being done in trying to straighten out wrongs that existed when the District was taken over by the Town from private contractors. The Town Clerk was directed to send a letter to the New York State Department of Environmental Conservation to explain that Town officials had met with the Erie County Health Department and at this time the Town Board is awaiting a memo from them to see what way to go. A letter was read from Town Engineer Moncreiff in regard to possible solutions to the odor problem at Sewer District #2. Supervisor Sedovy requested Sewer Operator Rucker and Highway Superintendent Luno to get together to see about a solution to this problem. He recommended that a chemical spray be used, as this seems to be the best solution of the two given by the Town Engineer.

Supervisor Sedovy stated that a form has been filled out by the Town Board stating that the Town will use \$18,437.00 or 100% of their Revenue Sharing money for Capital Improvements. The Supervisor noted that this form was received to find out what effect Revenue Sharing will have on Town debt and taxes. He also noted that Revenue Sharing will prevent a major tax increase in the Town of Boston. A motion was made by Supervisor Sedovy and seconded by Councilman Schunk directing the Town Clerk to publish an official notice in a newspaper and to write a brief article as a matter of information to the other newspapers, to make people aware of the way Revenue Sharing money will be used in the Town of Boston.

PROCLAMATION - 10th Anniversary of the Boston Chamber of Commerce

A letter was read from Town Attorney Maxwell as to the recording of the Deed conveying to the Town all of Tricia Lane and that part of Kevinton Place running from the State Road westerly to the westerly line of Subdivision Lot 5 in the Park Lane Subdivision.

The Town Board members received a copy of a report on the Sales Tax Feasibility Study which had been requested by Town Clerk Klein.

The Town Justice's monthly reports were received.

Highway Superintendent Luno stated that there is a drainage problem on Rollin Drive and the Town Board members agreed to meet with Mr. Luno at 8:30 A. M. on June 7, 1973, to look into the situation.

The Town Attorney stated that he felt Section 1219 of the V & T Law would apply to the mud on the road in Colonial Drive left by the contractor. He noted that a summons can be issued to the contractor.

Highway Superintendent Luno stated that he was awaiting a letter from Mr. Morrison of the New York State Highway Department in regard to the stop signs requested for Chestnut Ridge Road and Ward Road intersection. Justice Stromecki asked if blind grade signs could be posted on Chestnut Ridge and Mr. Luno stated that George Treipple was the best person to contact in regard to this.

Town Attorney Maxwell stated that the boundry line at the Town Park is marked with yellow stakes which are placed at the site of the original stakes that were put in place when the land was surveyed.

Supervisor Sedovy stated that he had received complaints in regard to speeding on Meadow Drive and Old Orchard. A motion was made by Supervisor Sedovy and seconded by Justice Tills directing the Town Clerk to write a letter asking the State Traffic Commissioner to investigate the areas to see if they will authorize the placing of speed signs on these streets.

Special Meeting
July 2, 1973

John Sedovy's House
6390 Deanna Drive
8:30 P. M.

Present were Councilman Schunk, Councilman Kennedy, Justice Tills, Supervisor Sedovy, Town Attorney Maxwell. Absent were Justice Stromecki and Highway Superintendent Luno.

Supervisor Sedovy stated the meeting was called to consider the appointments of additional constables to the Boston Police Department as requested by John Hinkey, Administrator-Coordinator of the Boston Police Department. Mr. Hinkey had informed Supervisor Sedovy that due to vacations and leave of absence by some of the present members of the Department that this Department was shorthanded and could use the additional personnel for the North Boston Fireman's Carnival on July 6-7-8.

A letter was read from John B. Hinkey requesting the appointment of Nelson Burke, Sr. 7060 Boston Cross Road, John Ward, Boston State Road and Michael Belcher, Sprague's Trailer Court as constables. Mr. Hinkey's letter stated the applicants have passed both the character and medical examination and have been approved by the members of the Police Department. A motion was made by Supervisor Sedovy and seconded by Justice Tills that Nelson Burke, Sr., John Ward and Michael Belcher be appointed constables as requested by John B. Hinkey.

A letter was read from the New York State Department of Transportation acknowledging receipt of a request by the Boston Town Board to investigate establishment of speed limits on Meadow Drive and Old Orchard Road. The letter stated that this request will be investigated. The letter was received and filed.

A motion was made by Councilman Schunk and seconded by Justice Stromecki to approve a 3' x 9' sign requested by Martin Barrett, 8032 Boston State Road. This is to be a non-flashing and maintained sign.

There was a discussion in regard to this sign not conforming to the proposed new sign ordinance as it projects from the building two (2) feet. A work session was set up for Wednesday night July 18, 1973 at 7:30 P. M. in order for the Board members to look over the proposed sign ordinance.

A motion was made by Supervisor Sedovy and seconded by Justice Tills approving an extension of a permit to place a mobile home on the James Powell property, 8650 Cole Road, for six (6) months. Permit to expire February 1, 1974. An extension was requested by Mr. Powell due to the fact that he has not finished the home he is building.

An application was received by the Town Board from Richard Sample to construct a restaurant known as Copper Hood on the east side of Boston State Road, south of the Olde Boston Towne Apartments. Supervisor Sedovy stated that Mr. Sample had previously met with the Planning Board to discuss the proposal, but that the Planning Board had not taken any formal action on the plan. Planning Board Chairman William McGee had informed Supervisor Sedovy that the Planning Board was in favor of a permit being granted and would formally act on the request at their meeting on July 12, 1973. Justice Tills stated that he would like to see a drainage plan with an Engineer's stamp of approval presented to the Town Board by Mr. Sample. Justice Tills stated that he felt submission of such a plan by all builders would protect the Board in the future. Supervisor Sedovy noted that this was not part of the Ordinance and guidelines should be set up as to what size lot and building would require an Engineer's approved drainage plan so the Town Clerk would be able to tell persons requesting a permit that a drainage plan is necessary. Highway Superintendent Luno stated that if Mr. Sample sticks to his drainage statement there would be no drainage problems. A motion was made by Supervisor

Sedovy and seconded by Councilman Schunk approving the Building Permit to Richard Sample for the Copper Hood Restaurant, Boston State Road, contingent on the Town Clerk receiving Erie County Health Department approval, favorable recommendation from the Planning Board, written approval by Highway Superintendent Luno that the drainage plan has his approval and that the ground floor be one (1) foot above the highway elevation of Boston State Road.

A letter was read from A. Gerrie Burgess requesting the Town to request the Erie County Highway Department to investigate the water problem in the Colonial Drive Subdivision caused by water draining from an area bound by the west side of Back Creek Road and the north side of Polish Hill Road running through a culvert under Back Creek Road into the Subdivision. Supervisor Sedovy stated that there were two (2) possible solutions to the problem, (1) installation of underground pipe to carry this water through the subdivision on private property, which would mean receiving written consent of the property owners involved or (2) request County Highway Department to remove the culvert so the water will not flow through the subdivision and reroute the water to flow in another direction. Mr. Burgess stated he had the second plan in mind when he submitted the letter.

A motion was made by Supervisor Sedovy and seconded by Justice Tills directing the Town Clerk to write the Erie County Highway Department and State Conservation Department requesting them to investigate the possibility of rerouting this water so it doesn't flow through the Colonial Drive Subdivision and to enclose a copy of Mr. Burgess's letter. Highway Superintendent Luno stated that he felt the answer would be no, but to send the letter and he would meet with Mr. Reitmeier to see what he has to say. Supervisor Sedovy stated that he felt people along the area of Back Creek Road and Polish Hill Road should be contacted by letter so they will be aware of what is being done. Mrs. Griffy asked that they not be contacted until it is found out what plan will be used so there are no misconceptions. Supervisor Sedovy agreed.

Town Attorney Maxwell stated that without much problem a clause could be added to Section 6 of the Zoning Ordinance to set up guidelines for submitting drainage plans. It was decided to take this up at the next meeting and to also reactivate the Zoning Ordinance Committee. All Board Members were in favor of this.

A letter was read from John MacMillan, 8829 Rockwood Road, concerning stop signs at Zimmerman and Shero Roads. Highway Superintendent Luno will talk to the County Highway Department in regard to this and report at the next meeting.

A motion was made by Supervisor Sedovy and seconded by Councilman Kennedy granting permission to the Lion's Club to use the Town Park on August 4 and 5, 1973 on condition that the Town receive a certificate of insurance.

A letter was read from the Erie and Niagara County Planning Board in regard to a feasibility study for a Sewer District in the Town of Boston, Hamburg, Orchard Park, Eden, Collins, Colden and the Town of Hamburg. A letter was also read from Edwards and Moncreiff in regard to this and asking that a meeting be set up to discuss this. Supervisor Sedovy stated that he had talked to Mr. Moncreiff and a meeting will be set up. He also noted that this study is being financed with County funds.

A letter was read from Guy Baldwin, Architect of the proposed new Town Hall recommending the awarding of contracts on the Town Hall; bids were opened on June 27, 1973. Mr. Baldwin recommended that a substitution be made on the Owens-Corning Fiberboard with urethane due to its availability and that the building be air conditioned. The base bids were read by the Town Clerk and Supervisor Sedovy reviewed the total cost picture. He noted that the Capital Improvements Committee and Town Board members had discussed the bids with the architect and a recommendation that a low base bid of \$144,408 from Wright Associates Building Corporation, a reputable contractor, be considered. Also that Alternate #1 adding of meeting room plaster and furring at \$1,500; Alternate #3 painting at \$3,110; Alternate #4 floor covering at \$3,405 should be accepted. He noted that Alternate #2, a flag pole, be done at a later date. He also noted that the painting and floor covering should be done by union labor to prevent walk offs and other disturbances that can occur with non-union labor. A recommendation of R & R Plumbing and Heating for plumbing at the low bid of \$8,900 was given. A Heating and Ventilation bid of \$27,963 from Frank Kellner Company, Inc. the low bidder, was recommended. A low bid of \$14,785 from Zablotny Electric for Electric work was recommended with the Alternate bid #1, a fire alarm system, not included. Supervisor Sedovy stated that an alarm system would not have an effect on the Fire Insurance as the rate is low, because the new Town Hall will

DDH529

be fire resistant. He also recommended that the urethane be used in place of Owens-Corning Fiberboard due to its availability. It was noted by Supervisor Sedovy that the bidders are all reputable and will do a good job. The recommendation for the air conditioning was turned down as it was felt that it was not known if this would be needed and was best to try without it for a while to determine the need. Justice Tills stated that he was pleased with the number of bids that came in and credited the architect with this fact. He stated he felt the bids were good with the present situation of construction costs and if they had waited the bids would have come in that much higher. He noted that the Capital Improvements Committee was pleased with the bids and also the fact that the new Town Hall can be constructed in a short period of time, and should be completed by the first of the year. He also noted and felt Judge Stromecki would concur that it was difficult to run a Court from a fire hall. He stated he hoped the Board would act favorably. Supervisor Sedovy stated that this was the first undertaking of the Capitol Improvements Committee and it was a most important project for the Town as Boston is growing and will grow even faster with the new expressway. He noted that the new Town Hall will centralize local government and make it better able to serve the people of the Town of Boston. Supervisor Sedovy stated the new Town Hall will cost a total of \$229,000. Building \$204,000, Architect fee \$12,300, furniture \$6,500, hauling fill, parking lot, sidewalks \$6,800. He also noted that with the removal of fill from the creek bank it will be possible to landscape the creek area and picnic tables will then be put up. He noted that at the present time the bank is eroding and Town Park Land is being washed away. Mrs. Paula Koester asked about the financing and Supervisor Sedovy stated that Revenue Sharing will take care of \$180,000 and there is \$52,000 in the Capital Improvements Fund and between \$12,000 and \$15,000 not spent from last years budget. He stated that there will be no tax increase. Mrs. Linda Beyer asked what amount can be borrowed before it has to be put to a referendum. Town Attorney Maxwell stated that if borrowed for a five (5) year period or less a referendum cannot be forced. Mrs. Beyer and Mr. James Koester stated that at one time the Supervisor had stated that the cost would not be over \$200,000. Supervisor Sedovy stated this was for the building and it was known that there would be an architect fee, landscaping and etc. Judge Tills stated that he felt it was not necessary to come to Board meetings and say you said this and you said that. He noted that the petition submitted to the Town Board was considered, but he also felt that not all who signed knew what they were signing. He noted that the Town Hall will be paid off in 5 years and then when sewers come the Town will not be paying for everything at once. Mr. Donald Moore asked what would happen if Revenue Sharing was dropped before the five (5) year period and Supervisor Sedovy stated that Revenue Sharing is guaranteed for five (5) years. He noted that a lack of communication in the Town was the cause of a lot of the false information and rumors that start. Mrs. Carolyn Shadle stated she felt the Town Board had made a good building compromise and were wise in not putting in airconditioning in view of the power shortage. A motion was made by Justice Stromecki and seconded by Councilman Schunk to award the contracts to Wright Associates Building Corporation with a base bid of \$144,408, adding Alternate Bid #1 plaster and furring in Meeting Room and Court Room at \$1,500; Alternate Bid #3 painting at \$3,110; and Alternate Bid #4 for floor covering at \$3,405; R & R Plumbing and Heating for Plumbing work at \$8,900; Frank C. Kellner Co., Inc. for Heating and Ventilating work at \$27,963; Zablotny Electric for Electric work at \$14,785 and delegate the Supervisor to execute the Construction contracts. Councilman Schunk stated that in five (5) years it will be decided that a wise decision was made and Supervisor Sedovy noted that in five or ten years it will be stated that when the Town Hall was built it should have been the larger one.

Supervisor Sedovy reported on the Tennis Court and stated that the reason only one bid was received could be due to the complexity of doing the job in such a way that the Tennis Courts could be used as an Ice Skating rink in the winter. He recommended that the Tennis Courts and Basketball Court be roadadvertised forgetting about the ice rink as it might be possible to use lumber to convert to a rink in the winter. A motion was made by Supervisor Sedovy and seconded by Justice Stromecki authorizing the Town Attorney and Town Clerk to advertise to receive bids for two (2) Tennis Courts and one (1) basketball court and request the Town Engineer to revise the specifications and plans breaking them up into two (2) segments; (1) Construction of Tennis Courts and Basketball Court and (2) Installation of fencing with an alternate of a 12' fence on the north end, that the specs and plans be available at the Town Clerk's office and that they be opened on August 1, 1973 at 8:00 P.M.

Specifications for a new ambulance were presented to the Town Board by the Boston Emergency Squad. Councilman Kennedy stated that Justice Tills had gone over the specs with a member of the Ambulance squad from Hamburg and would like to have Highway Superintendent Luno go over them to check on a few items. It was noted that an authorization can be given to publish for bids as long as the specs are ready on the first day of publication. A motion was made by Justice Tills and seconded by Councilman Kennedy authorizing the Town Clerk and Town Attorney to advertise to receive bids for a new van type ambulance contingent on the Clerk receiving a recommendation from Highway Superintendent Luno on the specs and that the bids be opened on August 1, 1973 at 8:30 P. M.

A letter was read from Mr. Richard Kline requesting the town to adopt laws insuring the safety of nonswimmers. Supervisor Sedovy directed the Town Clerk to communicate with the Town Attorney to study the legal aspects of requiring fencing around swimming pools and that the Town Clerk poll adjacent towns to see if their ordinance covers swimming pools.

Letters were read from the North Boston, Patchin and Boston Fire Companies requesting the Town Board to investigate the availability of the Town of Hamburg fire alarm system to the Fire Companies in Boston, including the services that would be available and the costs involved. A motion was made by Supervisor Sedovy and seconded by Councilman Schunk instructing Justice Stromecki, Fire Company Liaison, to communicate with the Town of Hamburg to obtain the availability of the fire alarm system to the Town of Boston, including the services available and the costs involved if the Town of Boston becomes part of this system.

Letters were read from Donald F. McKenna and Howard E. Mandell, Jr, Attorney and engineer, respective for Boston Hills Park, Inc, requesting approval of ten (10) lots to be located on the south side of the Southerly entrance to the Park. Supervisor Sedovy referred the application to the Town Attorney for study to determine whether this is a rearrangement of lots of the original permit or if this is a request for additional new lots.

A letter was read from the State of New York Public Service Commission answering our letter of February 16, 1973, in which the Town requested the Commission to review the installation of overhead electric lines in the Starlight Garden Subdivision as requested by Clayton Schunk in his letter to the Board dated January 25, 1973. The Commission reported the construction was proper as records indicate that work on the line was initiated prior to the effective date of the Commissions underground regulations.

Mrs. Carolyn Shadle requested that the Sewer Operators report be read at each meeting so the public can be kept abreast of the problems in the Sewer Districts. She also asked that a review of the status of the Sewer Districts be given to the Boston Conservation Advisory Council. Justice Tills stated that the reading of reports had been done away with due to the fact that it took so much time. Supervisor Sedovy stated that he agreed with Justice Tills, but if Mrs. Shadle insisted the Board members would consider this request and report back. Supervisor Sedovy stated that there are problems with the Sewer Districts and that the Town was working with the Engineer and State and County Health Department in maintaining the plants in satisfactory condition and correcting the problems that exist. Supervisor Sedovy noted that these plants were approved by the Health Department before the Town accepted them.

DDH529

He noted there is a possibility of the Town going into County wide Sewer District #7 and he felt although the construction costs would be higher the operating costs would be lower. Supervisor Sedovy stated that he would call a meeting with Town Engineer Moncreiff, Sewer Operator Rucher, Conservation Advisory Council and Councilman Kennedy, Conservation Advisory Council liaison, as the Council could help with Sewer problems. Mrs. Kay Currie asked if the Planning Board was aware of these problems so that they might require Subdivision Contractors to put in a much better sewer system. Councilman Schunk stated that sewers are not in the jurisdiction of the Planning Board. The Town Clerk stated that the sewers are approved by the Erie County Health Department.

At 8:00 P. M. bids were opened for Tennis Courts and a Basketball Court.

Highway Superintendent Luno stated that he would like to see the Highway specifications for new roads to be rewritten to require the following:

1. 20 feet of driving surface
2. 8" rolled crushed stone or 12" rolled gravel
3. 4" cold mixed asphalt
4. 1½" concrete asphalt for topping
5. Gravel for shoulders instead of dirt to help water drainage.
6. That the Highway Superintendent or one person designated by him be present to act as an inspector when the topping is put on the road.

Mr. Luno noted that this would cost the subdivision developer more, but that it would save the Town money on maintenance and the roads when completed would be roads the Town could be proud of. Mr. Luno also requested that the Town accept no more roads until the new highway specifications are adopted. A motion was made by Councilman Kennedy and seconded by Justice Tills authorizing the Highway Superintendent to meet with the Town Engineer to prepare the Highway Specifications in written form and to present them to the Town Board for their consideration.

Supervisor Sedovy reported the following in regard to the Boston Commons. Mr. and Mrs. James Winert of the Amvets met with Highway Superintendent Luno and Supervisor Sedovy at the Boston Green. Mr. and Mrs. Winnert stated that Mr. Dean Watkins of Back Creek Nursery had consented to donate three or four trees to be planted at the Boston Green and dedicated to area MIA's. Placques were to be set in concrete at the foot of each tree. It was agreed upon by all four parties that the three trees in the interior would be cut down as they were diseased and contained numerous dead branches. The two trees along 219 and one tree along the Boston Cross Road were to be trimmed back from the power lines and saved if possible, but was to be cut down if they couldn't be saved or if they appeared grotesque after dead branches and branches intertwined in the wires were cut off. Supervisor Sedovy was asked to convey this information to the power company and he did. The cutting down of the old diseased trees and planting of new trees dedicated to MIA's was to be the first step of a Boston Green Beautification program. Despite the fact that all four of the participants named above agreed on this course of action Supervisor Sedovy thought it was a good idea and took full responsibility, whether it is good or bad in residents eyes. He felt it is a much needed improvement to help beautify the town. Supervisor Sedovy announced that a Beautification Committee has been set up to develop a plan to beautify the Boston Green.

Dean Watkins - Back Creek Nursery has donated three or four good size trees to be planted at the green shortly after Labor day.

Ken Prawel & George Lake - Boy Scout Leaders have offered the services of the Scouts to water the trees daily until they become dormant, cut the grass, pull weeds and paint the curbing.

Don Thurber - Will donate water

Mrs. Rita Winnert - Amvets will donate placques honoring MIA's

Mrs. Dorothy Faulring - area coordinator of Girl Scouts has offered the girl scouts to dig flower beds and plant flowers.

Mr. and Mrs. James Jehle - Town Historian and President of Historical Society

Mr. James Brady - Member of Boston Conservation Advisory Council

Mr. Lloyd Quick - area businessman (Quick's Service Station)

Mr. Christian Luno - Highway Superintendent

Mrs. Bernie Hauth - Past Secretary Chamber of Commerce

As yet unnamed - local architect

The Committee is studying the feasibility of installing a water fountain, monument to Korean War Vets, monument to Southeast Asian War Vets and park benches.

Letters were read from Mrs. Kay Currie and Mr. Francis Wurtz objecting to the cutting of trees in the Boston Common. Justice Stromecki stated that he felt there were ill feelings and personal conflict in this matter. Councilman Kennedy stated he felt that Mr. Wurtz's statement that the Highway Department take care of the Common was good. He noted that the Town Park was taken care of by them. Supervisor Sedovy stated this would be taken into consideration later. Joan Pfanner stated that two organizations she belonged to had at one time taken care of the Common and she felt it was a dumping place for Town Businessman. Mr. Philip Smolinski stated he felt a lot of the problem came about due to the fact that it was never sure who owned the land. He stated that the trees cut were not in great condition. Supervisor Sedovy stated that he had asked Mr. Wurtz a number of times to serve on the Committee for Beautification of the Common, but he wasn't interested. Supervisor Sedovy stated that when the work is finished the Common will be a place Boston can be proud of. Mrs. Wurtz stated that her husband had understood the committee was all set up and did not want to step on toes. Supervisor Sedovy stated he would ask him again.

A letter was read from Supervisor Sedovy to County Legislator Timothy Trost in regard to the bad condition of Heinrich Road, also a letter from Mr. Reitmeier of the County Highway Department to Supervisor Sedovy and a memo from Mr. Reitmeier to County Executive Regan was read. Supervisor Sedovy stated that the Highway Superintendent had advised him that Heinrich Road had been on the agenda to be rebuilt for 15 years and he noted that this year it will get done.

The Supervisors Monthly Financial Report was received.

Councilman Kennedy stated that the Emergency Squad has asked to have their building painted. He stated he talked to Mrs. Burley and it was agreed to ask some members of the Youth Service Group to do the painting. A motion was made by Supervisor Sedovy and seconded by Councilman Kennedy that the Board ask the Youth from the Youth Service Group to paint the Emergency Squad building and that work rules set up by Insurance Agent Wilbur Lehning and approved by the Town Attorney be followed to qualify for Insurance. James Pfanner will supervise the work.

The Enforcement Officers report was received.

The Sewer Operators report was not received as Mr. Rucker just returned from vacation.

A letter was received from the Planning Board in regard to a one (1) lot subdivision for Rose Smolinski on Zimmerman Road. Supervisor Sedovy stated that the first part of the letter in regard to the frontage was a misinterpretation on the part of the Planning Board as the width of the lot as described in the Zoning Ordinance is measured at the front building line and not at the front lot line and that due to the shape of the lot that there would be more than 75 feet in width at the front building line as required. There was a discussion in regard to the width of an easement needed; 10 feet is stated and it is felt that 20 feet would be needed on each side of the ravine. Justice Tills stated that the Planning Board has the power to grant subdivision approval and he didn't feel this should be before the Town Board. The Town Clerk stated he felt this was a mixup between the Chairman and the Secretary of the Planning Board and wasn't meant to be before the Board. It was decided to send this back to the Planning Board with a recommendation that the Town receive a 20 foot easement on each side of the ravine due to the depth of the ravine.

A letter was read from the Planning Board recommending a Building Permit be granted to Richard Sample for the Copper Hood Restaurant, Boston State Road, Boston, New York.

A motion was made by Justice Tills and seconded by Supervisor Sedovy to adjourn. Meeting was adjourned at 9:40 P. M.

May 1, 1940: Motion by Justice Ketterer that bill of New York State Electric and Gas Co. for \$1.00 and Iroquois Gas Co. for \$1.30 be paid. Seconded by Justice Grundel and carried.

December 2, 1942: A motion by Justice Lehning, seconded by Councilman Meyers that letter of Nelson H. Endress be received and filed. "Due to being called into the U.S. Army, I find that I am no longer able to attend to the duties of Supervisor of the Town of Boston Post." Signed, Nelson H. Endress. Carried.

January 3, 1946: Motion by Councilman Ketterer, seconded by Justice Lehning to designate the Boston Southtowns Press as official newspaper and carried.

June 7, 1950: Motion by Justice Pfeffer, seconded by Councilman Ketterer that a Zoning Commission be appointed to draft a zoning ordinance.

Present were Councilman Clayton Schunk, Councilman Richard Kennedy, Justice Leo Stromecki, Supervisor John Sedovy and Town Attorney Charles Maxwell.

Absent were Justice Robert Tills and Highway Superintendent Christian Luno.

Councilman Kennedy stated that the Emergency Squad has recommended that the bid from Shaw Ambulance Sales, Inc., 2601 Lodi Street, Syracuse, New York, which was opened on August 1, 1973, for a new One Ton Maxivan Ambulance Chassis with equipment be accepted. He noted that Horton Ambulance in Ohio was aware that the Town was soliciting bids for an ambulance and were supposed to have a meeting with the Rescue Squad, but failed to show. Councilman Kennedy stated that at the time the bids were opened it was thought there were two bids. He also stated that the bids were competitive with the amount paid by Hamburg and Orchard Park. It was noted by Councilman Kennedy that the Emergency Squad does not desire the two alternatives and he recommended that they accept the trade in.

Supervisor Sedovy stated that it had been determined that more than one company could have bid on the ambulance. He also stated that the Emergency Squad had worked on the specifications for some time and had looked into the specific type of ambulance they wanted. He noted that the present ambulance had given them a lot of trouble and they needed an ambulance that would do the job for them.

Justice Stromecki noted that he had been concerned about the cost in relation to the cost of the Hamburg and Orchard Park ambulance, but after investigating found that the Boston ambulance needs additional cupboards that are not necessary for Hamburg or Orchard Park as they have another emergency vehicle to carry equipment. He stated that he felt the Emergency Squad was trained and know what their needs are.

Mr. Maurice Emerling stated that he was concerned about the warranty as it is not always satisfactory when a vehicle is purchased from one dealer and then to ask another dealer to handle the warranty. He noted that at times it is possible to get the vehicle through another dealer which would be closer to the owner of the vehicle. Supervisor Sedovy requested Councilman Kennedy to work with the Emergency Squad in regard to the warranty.

There was discussion in regard to a Bond being negotiated, but Town Attorney Maxwell stated that it will not be necessary to start this until a later date, as delivery of this vehicle will probably be after the first of the new year.

A motion was made by Councilman Kennedy and seconded by Councilman Schunk to accept the bid of Shaw Ambulance Sales, Inc. of 2601 Lodi Street, Syracuse, New York, for one (1) new 1974 One Ton Maxivan Ambulance Chassis with body conversion and equipment for \$14,919.55 including trade in of present Town of Boston 1967 Cadillac Miller Meteor type ambulance with F.O.B. Boston at an additional delivery charge of \$150.00.

A letter was read from New York State Department of Transportation notifying the Town of Boston as to the establishment of a 40 MPH speed limit on Route 277 from SH 1665 North Boston Road, between Route 391 and 1900+ ft. northeast of Abbott Road CR 28, for a distance of 0.9+ miles in the Hamlet of North Boston, Town of Boston. The letter was received and filed.

A letter was read from the New York State Department of Transportation in reply to a request from the Town of Boston asking that construction signs be placed at the site of the proposed expressway. The New York State Department of Transportation letter stated that this request was being investigated. The letter was received and filed.

A letter was read from the New York State Electric and Gas Corp. notifying the Town Board that a street light had been placed on Route 391 on Pole 169 Line 789 as requested by a Town Board Resolution of July 11, 1973. Supervisor Sedovy stated that this light replaced the three lights taken out at the construction site of the expressway and the new light was the same type to be used to illuminate the entrance to the expressway.

A letter was read from the State Traffic Council requesting the Town to investigate roadside hazards which could cause serious injury in the case of an auto accident and these fixed objects were hit. Supervisor Sedovy stated he felt this was a good idea and the Traffic Safety Committee was directed to look for these objects and report at the next regular meeting so the Town Clerk can document the findings and send it to the State Traffic Council.

A letter was read from Congressman Jack Kemp requesting comments on designating the Erie Niagara Counties Regional Planning Board as the representative organization to develop areawide waste treatment plans under Section 208 of the Federal Water Pollution Control Act of 1972. Supervisor Sedovy stated it would be in the best interest of the Town if a co-ordinated effort was used and would help further our goal to obtain money for pollution control. The Town Clerk was authorized to communicate with Congressman Jack Kemp stating he has the Town Boards support in this venture.

At 7:45 P. M. bids were opened for salt for the 1973-74 Winter season.

LOCAL LAW TO REGULATE SIGNS

A LOCAL LAW relating to the erection, construction, repair, alteration and maintenance of signs in the TOWN OF BOSTON.

SECTION 1. Legislative Intent. The purpose of this Local Law is to promote and protect the public health, welfare and safety by regulating existing and proposed outdoor advertising, outdoor advertising signs and outdoor signs of all types. It is intended to protect property values, create a more attractive economic and business climate, enhance and protect the physical appearance of the community, preserve the scenic and natural beauty of designated areas and provide a more enjoyable and pleasing community. It is further intended hereby to reduce sign or advertising distractions and obstructions that may contribute to traffic accidents, reduce hazards that may be caused by signs overhanging or projecting over public rights of way, provide more open space, and curb the deterioration of natural beauty and community environment.

SECTION 2. Short Title. This local law shall hereafter be know as the "Sign Law".

SECTION 3. Definitions. As used in the law unless otherwise expressly stated:

A. The term "sign" shall mean any material, structure or device, or part thereof, composed of lettered or pictorial matter, or upon which lettered or pictorial matter is placed when used or located out of doors or outside or on the exterior of any building, including window display area, for display of an advertisement, announcement, notice, directional matter, or name, and includes sign frames, billboards, painted wall signs, hanging signs, pennants, fluttering devices, projecting signs or ground signs, and shall also include any announcement, declaration, demonstration, display, illustration or insignia used to advertise or promote the interests of any person or business when the same is placed in view of the general public.

B. The term "erect" shall mean to build, construct, alter, repair, display, relocate, attach, hang, place, suspend, affix or maintain any sign, and shall also include the painting of exterior wall signs.

C. The term "front" or "face" of a building shall mean the outer surface of a building, abutting or fronting upon any private or public street or highway.

D. The term "illuminated sign" shall mean any sign illuminated by electricity gas or other artifical light, including reflective or phosphorescent light.

E. The term "lighting device" shall mean any light, string of lights, or group of lights located or arranged so as to cast illumination on a sign.

F. The term "projecting sign" shall mean any sign which projects from the exterior of any building.

G. The term "ground sign" shall mean a sign not attached to any building or structure and whose lowest portion shall not be more than three (3) feet from grade to the bottom of the sign and supported by framwork resting on the ground of whatever material constructed. Ground signs shall not exceed a maximum height of seven (7) feet above ground level. Where ground signs are located inside a planter the height shall be measured from the top of the planting enclosure, but shall not exceed nine (9) feet from ground level.

H. The term "pedestal sign" shall mean a single or double pedestal sign not attached to any building or structure with a clear area of at least ten (10) feet in height from the ground to the bottom of the sign except for the pedestals or pedestal of which neither shall exceed eight (8) inches in horizontal dimension. Pedestal signs shall not exceed a maximum height of nineteen (19) feet from the ground. No part of a pedestal sign shall project over public property.

K. The term "person" shall mean any person, firm, partnership, association, corporation, company, institution, or organization of any kind.

J. The term "enforcement officer" shall mean that person appointed by the Town Board of the Town of Boston and charged with the duty to inspect buildings or to enforce zoning and other regulations relating to buildings and property, or to the governing body of the municipal corporation.

SECTION 4. Exception. For the purposes of this local law the term "sign" does not include signs erected and maintained pursuant to and in discharge of any governmental function, or required by any law, ordinance or governmental regulation.

SECTION 5. Regulations Pertaining to all Signs in any Zoning District.

A. Regulations governing illumination of signs.

1. Any illuminated sign or lighting device shall employ only lights emitting a light of constant intensity, and no sign shall be illuminated by or contain flashing, intermittent, rotating, or moving light or lights. Beacon lights and strobe lights shall not be permitted on or within any sign.
2. An illuminated sign or lighting device shall not be placed so as to permit the beams and illumination therefrom to be directed or beamed upon a public street, highway, sidewalk or adjacent premises so as to cause glare or reflection that may constitute a traffic hazard or nuisance.
3. Molded plastic or similar pre-cast signs which are illuminated from within shall not exceed in light intensity the lumens cast by a series of high output tubes with a ballast rating of 800m.a. and located within the sign a minimum of twelve (12) inches apart, and may be the same length as the interior of the sign.
4. No signs permitted by this local law shall be illuminated after 11 p.m. except where the premises on which the sign is displayed are actually open for business.
5. All signs containing electrical wiring shall be subject to the provisions of the National Electric Code and the New York Board of Fire Underwriters and the electrical components used shall bear the label of an approved testing agency.

6. Barber Poles on the premises of Barber Shops are exempt from the provisions of this section.

B. No projecting sign shall be erected or maintained from the front or face of a building a distance of more than twelve (12) inches, including those projecting from the face of any theatre, hotel or motel marquee.

C. No signs shall be placed on the roof of any building.

D. No portable or temporary sign shall be placed on the front or face of a building or on any premises, except as provided in Section 6 herein.

E. No sign or part thereof shall contain or consist of banners, posters, pennants, ribbons, streamers, spinners, or other similar moving, fluttering or revolving devices. The said devices, as well as strings of lights, shall not be used for the purposes of advertising or attracting attention when not part of a sign.

F. In the construction or composition of a sign as designated in this local law, not more than twenty five (25) percent of the permitted surface area shall be used to promote a particular product or commodity which is not the primary function or principal product sold or distributed on the premises.

G. No signs shall be permitted in any district which advertise commodities or services other than those available for sale, hire, or use on the premises, including bill-boards or other ground signs.

H. This Local Law shall in no event be construed or employed in any manner to prohibit the decoration of the premises during religious, patriotic or holiday seasons.

SECTION 6. Signs Permitted in all Districts.

A. The following signs are permitted (in any use district) without a permit:

1. Signs advertising the sale, lease or rental of the premises upon which the sign is located, which sign shall not exceed four (4) square feet in area.

2. Professional name plates that shall not exceed two (2) square feet in area.

3. Signs denoting the name and address of the occupants of the premises, which signs shall not exceed two (2) square feet in area.

4. Signs denoting the architect, engineer, or contractor placed on the premises where construction, repair, or renovation is in progress, which signs shall not

exceed four (4) square feet in area.

5. Signs on vehicles of any kind, provided the sign is painted or attached directly to the body of the original vehicle and does not project or extend beyond the original manufactured body proper of the vehicle.

6. Integral signs denoting the names of buildings, dates of erection, monumental citations, commemorative tablets and the like, when carved into stone, concrete, wood, or similar material, or if made of bronze, aluminum or other permanent type construction, and made an integral part of the structure.

7. The

B. The following signs are permitted (in any use district), but require a permit as provided herein:

1. Signs or bulletin boards customarily incident to places of worship, libraries, museums, social clubs or societies, which signs or bulletin boards shall not exceed twenty (20) square feet in area of such institutions. Such signs may be double faced and maybe lighted only by a shielded light source and shall not be of a type prohibited by Section 5A.

2. Any sign advertising a real estate development or subdivision permitted in a district zoned residential by any zoning regulation shall not exceed twenty four (24) square feet in area of one side or forty eight (48) square feet in area of all surfaces excepting that the sign area may be further increased at a rate of one (1) square feet for each additional foot of setback from the front property line but not to exceed in any event a total of thirty two (32) square feet in area of one side or sixty four (64) square feet in area of all surfaces and shall advertise only the name of the owner, trade names and/or the activity conducted on the premises where each sign is located provided:

a. No more than two signs shall be allowed for each such subdivision or real estate development conducted on the premises which signs shall not be illuminated and in all respects conform to the provisions of this local law respecting establishments in business districts.

SECTION 7. Temporary and Special Purpose Signs.

A. Temporary or permanent signs resting on or attached to vehicles shall not be used as a means to circumvent the provisions of this law, except as provided under Section 6 A5.

B. Nothing herein contained shall be construed to prevent the use and display of signs and/or posters in connection with political candidacies of persons seeking public office and/or in support of, or in opposition to, issues of public interest within the town, provided always that no such sign and/or posters be located within a public right-of-way, and that no owner of private property shall receive compensation for the use of his premises; and further provided that said signs and/or posters must at all times be limited in number and size and location in conformity with the provisions of this law, and also that the same shall be displayed for not more than sixty (60) days in any one (1) year. Upon termination of the campaign for which said signs and/or posters were erected, the same shall be immediately removed from said property.

C. Temporary announcement signs for special events and activities of nonprofit institutions or organizations shall be permitted on approval of the enforcement officer, provided that such signs shall be removed within one (1) week after such event shall activity, and further provided that they shall not be displayed for a total time period of more than four (4) weeks.

D. Construction signs displaying the names of the architect, engineer, principal contractor, and other participants engaged in the work of constructing a building or structure, as well as a sign announcing the purpose of the building or structure for which a building permit has been issued and has not expired, is permitted subject to the following conditions:

1. Single, Multi-Listing Sign -- A single sign not exceeding twenty five (25) square feet in area covering all of the participants named above may be erected and maintained for the period beginning with the excavation and ending with the completion of the construction of any building.
2. Individual Signs: Participating Architects, Engineers, Contractors-- a separate sign, not exceeding six (6) square feet in area for each principal in the project may be erected and maintained during the period of said principal's

participation in the project.

3. Special Purpose Building Announcement Sign - A single sign announcing the purpose of a building or structure may be erected and maintained for a period not to exceed one (1) year. Such sign shall: (a) not exceed twenty five (25) square feet in area; (b) not be more than seven (7) feet in height; and (c) be mounted on post supports.

SECTION 8. Regulation Pertaining to Signs in Business, Resident Restricted Business, Commercial, and Industrial. In districts zoned (for example, business, commercial, resident restricted business, industrial, mixed, or any other comparable classification) by any zoning regulation, no signs shall be erected or maintained except as follows:

A. Wall Identification Signs - Wall identification signs shall be permitted provided that each wall sign shall be attached to the face of the building or applied thereto and shall have an aggregate area not in excess of ten percent (10%) of the area of the building wall to which such sign is affixed including the area occupied by doors and windows.

B. Ground Signs - One ground sign may be erected or maintained inside the property lines which does not exceed twenty four (24) square feet on the surface or forty eight (48) square feet of all surfaces.

C. Pedestal Signs - One single or one double pedestal sign shall be permitted where the building is set-back from the street right-of-way a distance of fifty (50) feet or more provided either sign does not exceed thirty (30) square feet in area of one surface or sixty (60) square feet in area of all surfaces excepting that the sign area may be further increased at a rate of one (1) square foot for every three (3) lineal feet of business frontage or one (1) square foot for each additional foot of setback from the front property line but not to exceed in any event a total area of ninety (90) square feet in area of one surface; one hundred and eighty (180) square feet in area of all surfaces. Only one single or one double pedestal sign shall be permitted in each shopping center as defined by this sub-section, subject to all other restrictions relating to single or double pedestal signs.

D. Gasoline Service Station Signs - No signs shall be permitted on gasoline service station premises, except as hereinafter provided:

1. Pump area: portable signs may be located in the pump area, not to extend more than one foot on either side of the row of pumps or two feet from the last pump on each end of the pump row. No signs shall be permitted to extend more than four (4) feet above the base of the pumps and shall not exceed ten (10) square feet in area of one surface or twenty (20) square feet of all surfaces. No more than two (2) portable signs shall be allowed on the premises.
2. One pedestal sign in a gasoline service station area not to exceed forty (40) square feet in area of one surface or eighty (80) square feet in area of all surfaces regardless of setback.
3. One wall identification sign not to be more than eight (8) percent of the total area of the building face in square feet of the building in which such business establishment is located except that an additional two (2) percent shall be allowed where the building faces on an additional public street or public parking area. In such case, the total sign area shall not exceed ten (10) percent of the sum of the applicable building faces in square feet.

E. Entrance, Exit and other Control Signs - Entrance, Exit identification and other traffic control signs are to be approved by the Town Board as to location and size.

SECTION 9. Regulations Pertaining to Setback of Signs.

- A. Residential and Farm Districts shall have a minimum setback of five (5) feet from the front property line and fifteen (15) feet from all other property lines.
- B. Business, Resident Restricted Business, Commercial or Industrial Districts shall have a minimum setback of five (5) feet from the front property line. The setback on all other property lines shall be determined by the following regulations:
 1. On signs having an area of twenty (20) square feet or less of one surface, the setback shall be at least five (5) feet.
 2. Signs which exceed twenty (20) square feet in area of one surface shall not be placed any closer than twenty (20) feet from any property line other than the front property line
 3. Where a business or residential restricted business abuts a residential area, no sign shall be located less than fifteen (15) feet from the side lot

line of the property in the business or resident restricted business district abutting the residential district.

SECTION 10. Permits and Application Procedures.

A. After the effective date of this Local Law and except as otherwise herein provided, no person shall erect any sign as defined herein without first obtaining a permit from the Town Clerk.

B. Application for the permit shall be made in writing, in duplicate, upon forms prescribed and provided by the Town Clerk, to the Town Clerk and shall contain the following information:

1. Name, address and telephone number of applicant.
2. Location of building, structure, or land to which or upon which the sign is to be erected.
3. A detailed drawing or blueprint showing a description of the construction details of the sign and showing the lettering and/or pictorial matter composing the sign; position of lighting or other extraneous devices; a location plan showing the position of the sign on any building or land, and its position in relation to nearby buildings or structures and to any private or public street or highway.
4. Written consent of the owner of the building, structure or land to which or on which the sign is to be erected, in the event the applicant is not the owner thereof.
5. A copy of any required or necessary electrical permit issued for said sign or a copy of the application thereof.

SECTION 11. Fees. The fee schedule for signs requiring a permit shall be assessed as follows:

- A. Signs or bulletin boards customarily incident to places of worship, libraries, museums, social clubs or societies. \$ 10.00
- B. Signs advertising a commercial enterprise, including real estate developments or sub-divisions which are permitted in residential districts. 10.00
- C. Temporary political signs or temporary announcement signs for special events and activities of non-profit institutions or organizations. no fee *

D. Signs in a business, resident restricted business, commercial, or industrial district

1. Wall identification signs 15.00
2. Ground Signs 15.00
3. Single or double pedestal signs 20.00

E. Entrance, Exit, or traffic control signs no fee **

* Approval from the Enforcement Officer shall be required

** Approval of the Town Board shall be required

SECTION 12. Issuance of Permit It shall be the duty of the Town Clerk upon the filing of an application for a permit to erect a sign, to examine such plans, specifications and other data submitted to him with the application, and, if necessary to contact the enforcement officer to inspect the building or premises upon which it is proposed to erect the sign or other advertising structure. If it shall appear that the proposed sign is in compliance with all the requirements of this local law and other laws and ordinances of the Town of Boston, the Town Clerk shall then, within fifteen (15) days, issue a permit for the erection of the proposed sign. If the sign authorized under any such permit shall become null and void, but may be renewed, within thirty (30) days from the expiration thereof, for good cause shown upon payment of an additional fee of ten (\$10.00) dollars.

Every sign shall bear the permit number issued by the Town Clerk, prominently and permanently affixed on the face thereof in the lower right hand corner. Failure to so affix the permit number shall constitute cause for revocation of the permit by the enforcement officer in addition to any other penalties or remedies provided in this Local Law.

SECTION 13. Revocation of Permit. No sign, whether new or existing, shall hereafter be erected or altered, except in conformity with the provisions of this Local Law.

However, notwithstanding any provisions contained herein, the sign must be kept clean, neatly painted and free from all hazards, such as but not limited to, faulty wiring, loose fastenings, and must be maintained at all times in such safe condition as not to be detrimental to the public health or safety.

In the event of a violation of any of the foregoing provisions the enforcement officer

shall give written or personal notice, specifying the violation, to the named owner of the sign and the named owner of the land on which the sign is erected, sent to the addresses stated in the application for the sign permit, to conform or remove such sign. The sign thereupon be conformed by the owner of the sign and the owner of the land within thirty (30) days from the date of said notice. In the event such sign shall not be so conformed within thirty (30) days, the enforcement officer shall thereupon revoke the permit, and such sign shall be removed by the named owner of the sign (and/or) the named owner of the land.

SECTION 14. Unsafe and Unlawful Signs.

- A) If the enforcement officer shall find that any sign regulated by this local ordinance is unsafe or insecure, or is a menace to the public, he shall give written notice to the named owner of the sign and the named owner of the land upon which the sign is erected, who shall remove or repair the said sign within five (5) days from the date of said notice. If the said sign is not removed or repaired, the enforcement officer shall revoke the permit issued for such sign, as herein provided, and may remove or repair said sign and shall assess all costs and expenses incurred in said repair against the land or building on which such sign was located. The enforcement officer may cause any sign which is a source of immediate peril to persons or property to be removed summarily and without notice.

SECTION 15. Non-Conforming Signs.

- A) From and after the date of this Local Law becomes effective, each existing sign which was lawfully erected or in compliance with previous regulations and is not in conformity with the provisions of this local law may be continued as follows:

(1) A non-conforming sign or signs which advertises a business conducted or a product sold on the premises shall be permitted to continue for a period of eight (8) years from the date of the enactment of this local law, at which time said sign or signs shall be removed from the premises and said use discontinued.

(2) A non-conforming sign or signs, which advertises a business not conducted, or a product which is not sold on the premises, shall be permitted to continue for a period of three (3) years from the date of the enactment of this Local Law, at which time said sign or signs shall be removed from the premises and said use discontinued.

(3) Any sign or signs illegally erected or maintained prior to the enactment of this Local Law shall have no non-conforming use rights and said sign or signs shall be immediately removed.

Section 16. Variances or Exceptions by the Zoning Board of Appeals.

1) The Zoning Board of Appeals, subject to such conditions as it may deem necessary in the public interest and after public notice and hearing, may vary or modify the application of the Sign Law as follows:

a) When circumstances peculiar to a particular property differentiate it substantially from adjoining properties to permit variations in the strict application of this local law, provided any sign or signs so permitted shall not exceed in the aggregate the area requirements permitted herein.

b) Approve the issue of a special permit or permits for the erection of not to exceed two additional signs provided:

(1) Each such sign shall be on a wall of the principal building facing upon a public or private off-street parking area.

(2) Each such sign shall be a replica of the sign facing on the principal street and shall be not more than 60 per-cent of the size of such principal sign.

(3) If two such additional signs are permitted under special permits, issued either simultaneously or at different times, such additional replica signs shall be identical in size and working as in paragraph two (2) above.

2) The foregoing variance powers shall not be deemed to limit the general variance powers of the Zoning Board of Appeals allowed or provided for in the Town Law in the State of New York and the zoning ordinance of the Town of Boston and shall be deemed in addition thereto.

Section 17. Review and Appeal. Any person aggrieved by any decision of the enforcement officer relative to the provisions of this local law, or

the Town of Boston, may appeal such decision to the zoning board of appeals as provided in the zoning regulations of the Town of Boston, and shall comply with all procedural requirements prescribed by such zoning board of appeals.

Any person aggrieved by any decision of the board of appeals may have the decision reviewed by a Special Term of the Supreme Court in the manner provided by Article Seventy-Eight of the Civil Practice Law Rules.

Section 17. Violation and Penalties. Any neglect, failure or refusal to comply with any provisions of this Local Law shall be deemed a violation thereof and any person who shall so violate any provisions of this Local Law, in addition to any other penalties prescribed by law or ordinance, shall, upon conviction thereof, be punished by a fine of not more than \$25,000, and each day such violation shall continue shall constitute a separate offense.

Section 18. Validity. If any section, subsection, phrase, sentence or portion of this local law is for any reason held invalid or unconstitutional by any court of competent jurisdiction, such portion shall be deemed a separate, distinct, and independent provision and such holding shall not affect the validity of the remaining portions hereof.

Section 19. Application of Law. This local law is applicable only to the Town of Boston and shall be construed as an exercise of the powers of such municipality to regulate control and restrict and use of buildings, displays, signs and other general advertising media in order to promote the health, safety, morals, and general welfare of the community, including the protection and preservation of the property of the municipality and its inhabitants and of peace and good order, for the benefit of trade and all matters related thereto.

Section 20. Effective Date. This local law shall take effect immediately upon adoption by the Town Board.

A Public Hearing was held at 8:00 P. M. to consider the proposed new sign ordinance. Supervisor Sedovy stated that Justice Tills and Councilman Kennedy have worked on drawing up the sign ordinance. He also noted that the Boston Environmental Corp and Conservation Advisory Board had been consulted for ideas.

Councilman Kennedy summarized the ordinance. He noted that many sign ordinances used by other Towns in the area had been researched. He stated that the proposed sign ordinance was not perfect, but if it was adopted by the Town Board, it could be added to or detracted from at any time if the need arose. Councilman Kennedy then went on to summarize the definitions. Restriction on Illumination - flashing, rotating lights; those that would distract persons or highway traffic. How much light can be cast by a sign; how late - signs are to be turned off at 11:00 P.M. unless the business is open and then lights turned off when the business closes. Signs also have to conform with the electrical code.

Councilman Kennedy stated that illuminated poles on Barber Shops are eliminated from the ordinance as they identify a building. Roof signs will not be allowed; no sign can project more than 12" from a building; no fluttering or moving devices or banners will be permitted. There will be no restrictions during Holiday observances as to decorations. There is a restriction on signs that advertise a product other than what is the main business being done on the premises. Signs on homes will be permitted and no restriction will be placed on signs stating direction. There is a size restriction depending on the sign.

Political posters will be allowed as long as they are up for 60 days only. Councilman Kennedy stated that the different types of signs which are permitted are wall signs, pedestal signs and ground signs. There will be special restrictions on gasoline signs.

Councilman Kennedy stated that the ordinance also had a schedule of fees and there was a set fee for each sign. It also spelled out what constituted an unlawful sign and what to do to non-conforming signs that were placed before the law was put into effect. He also noted that a proposed sign for a non conforming building can still be brought before the Board of Appeals.

Justice Stromecki stated that in Section 17 the fine was set at \$25,000. Councilman Kennedy stated it should read \$25.00

Supervisor Sedovy stated that there should be an amendment at the end of the ordinance to delete the present sign ordinance from the Zoning Ordinance. The Town Attorney will draft this.

Mrs. Bernie Hauth asked if there was anyone on the sign committee that would be effected by the new Ordinance. She also asked if it was known how many signs there were in the Town of Boston. Councilman Kennedy stated that only he and Justice Tills were on the Sign Committee, but some that would be affected were consulted. He also stated that there was no tally as to the number of signs in Town.

Supervisor Sedovy asked if the Chamber had been notified. Councilman Kennedy said they had and some of their ideas had been incorporated in the ordinance.

Mrs. Hauth asked if a flag was considered a banner. Councilman Kennedy stated he didn't think so. Supervisor Sedovy noted that a banner used for advertising was meant, and not a flag of the United States or Town.

Mr. Edgar Drullard asked if a non-conforming sign was good for 8 years, and how many signs can be put up at a place of business. Councilman Kennedy stated that 8 years was correct and that it would be possible for a business to have a ground sign, a pedestal sign and a wall sign if there was enough set back from the highway.

Mrs. Hauth asked if a sign law was really needed. Justice Tills stated that other towns are having problems with signs and that Boston was trying to set up a plan early so this won't happen here as it will be much harder five or ten years from now. He noted that the ordinance was being set up to help businesses not hurt them.

Mrs. Hauth stated that if signs were not allowed except at a business how would people know where to stop after they came off the expressway. Justice Tills noted that without an ordinance it could be dangerous as each business would want a sign a little larger than the next, but if all signs were under a restriction this would not hurt the looks of the community. Town Clerk Klein stated that the present sign ordinance in effect now restricts the type of sign that states "Howard Johnson" 10 miles ahead as the sign must be located on the property of the business. He noted that the new ordinance will spell out what is what and make it easier when a sign permit is requested. Councilman Kennedy stated that not many people in the Town will be affected. Town Clerk Klein stated that he disagreed with the section of the ordinance that restricted roof signs as the ones located on Castiglia's Plaza in Hamburg. Councilman Kennedy didn't believe these would be construed as roof signs. Town Clerk Klein also noted that the Florida State line has billboards all along the highway and were very distracting.

Supervisor Sedovy stated that the sign ordinance needed improvement, but he would like some feedback from the businessmen in Town on the practicability of attractive signs. He asked Mrs. Hauth to head a committee of businessmen to go over the proposed sign ordinance. Maurice Emerling, Bud Wittmeyer and Carl Andres stated they would like a copy of the ordinance. Councilman Kennedy stated this could drag out forever and asked that a limit be set on the time that it will be looked into. Mrs. Hauth stated that she realized all the time that had been spent working on the ordinance, but that a lot of people were protesting it.

Mrs. Helen Dye asked how far from the center of the road a sign would have to be placed. Councilman Kennedy stated it was five feet from the property line.

Mrs. H. Eglantine Burger asked if historical markers would be affected. Supervisor Sedovy stated that this would be considered, and Councilman Kennedy stated that all the ordinance would not be workable and changes will have to be made. Supervisor Sedovy stated for the record that Justice Tills and Councilman Kennedy had done a "heck of a job".

Mr. Kenneth King stated he felt the proposed ordinance was a force in the right direction, but felt in the definitions - use district - out of the zoning ordinance off premises signs, should be included. He also wondered why Barber signs were exempt; he felt they should be left in, also he disagreed with the restriction on size of projecting signs using the Emergency Squad sign as a for instance, noting that it has to project out three or four feet or it would never be seen. Councilman Kennedy stated that if the structure was adequate it should be enlarged. Mr. King also noted that he felt construction signs should be limited to one large sign with all contractors on one sign and not a lot of small ones plastered all over a building. Councilman Kennedy stated that they are only up until the building is completed.

Mrs. Stedder asked why eight years was allowed for non-conforming signs. Justice Stromecki stated this is a State law. Justice Tills noted that we are more concerned with the future than the present.

Mrs. Linda Beyer asked if illegal signs would have eight years. Councilman Kennedy

stated they would have to come down right away. Signs put up prior to the old ordinance would stay.

Mrs. Karen Kline stated that the Boston Environmental Corp would like to make suggestions and to commend the Sign Committee for their work. They suggested that in Section 6B2, Subdivision be expanded to include trailer parks and multiple dwellings; that name plates not be regulated as to signs. Councilman Kennedy stated that this could penalize a neighbor. Justice Stromecki stated that he felt the suggestions should be given and comments held. The Boston Environmental Corp further suggested that the ordinance limit the number of signs a business could erect; example-a wall sign and pedestal sign and if necessary direction signs; a variance for off street parking of two additional signs. They asked that temporary signs for organizations be allowed without notifying the Enforcement Officer; that open house and garage sale signs be allowed if not in the right away; no painted wall signs; the ordinance should include an assurance that signs left after a business is closed should be removed.

Justice Stromecki asked Mrs. Kline how many members were in the BEC. She replied about 50. He asked her official capacity and she replied secretary. He asked who had submitted the suggestions and she replied a Sign Task Force had been set up. He asked through what circumstances the members had set these up. She replied at a Spring meeting. Justice Stromecki asked who the President of the BEC was and Mrs. Kline replied Teresa Hartman. He asked how many members of the BEC were businessmen. Mrs. Kline stated she felt this was an inquisition and Justice Stromecki stated it was and Mrs. Kline stated she would not answer any more questions.

Mrs. Joan Pfanner stated that when some signs are put up for garage sales they are left and never removed although the sale has been over for sometime.

Supervisor Sedovy stated that he did not feel that a church should be required to pay for their signs.

Mrs. Burger expressed her concern in regard to signs that were not factual; those that said open when in fact the business is closed. She also stated that she could see no reason why a business can't have on the building what is pertinent to the sale.

Mr. Clive Rucker asked about signs that were put up for a short duration to advertise a sale on a certain product; example pool covers on sale. Councilman Kennedy stated that there was no provision in the ordinance for portable signs. Justice Tills stated that some signs were real nice and hard to argue with, but if the door is open then some signs that aren't as nice get in. He noted that it was difficult to draw the line, but it has to be done.

Mrs. Hauth asked if signs advertising Sweet Corn and vegetables would require a permit. Councilman Kennedy stated that this was not included in the ordinance. Mr. Kenneth McHenry stated that he felt there was no difference between pool covers and vegetables.

Mrs. Dye asked if the ordinance was adopted would a sign be allowed to remain on a business for eight years after it was closed. Councilman Kennedy stated no it would have to come down immediately or a \$25.00 fine for each day would be imposed.

Mrs. Hauth stated that she would work with businessmen in the Town and report back in writing by September 21, 1973. Mrs. Kline asked for a target date and Supervisor Sedovy stated that the ordinance would be considered at the October Board meeting.

There was discussion as to whether to table the Public Hearing or to close it. Town Attorney Maxwell stated the best would be to close it and only if major changes were made in the ordinance would it be necessary to readvertise for a Public Hearing.

Mrs. Hauth was instructed to contact businessmen in Boston and not just Chamber members. Justice Tills stated that he felt the businessmen should be asked how good or bad the ordinance is not if they are for or against. Mrs. Paula Koester stated that she hoped Mrs. Hauth would not leave with a chip on her shoulder because she was against the ordinance. Supervisor Sedovy stated he wanted her to find out what is wrong with the ordinance and make recommendations. Mrs. Hauth asked who the Ordinance would effect and Supervisor Sedovy stated everyone.

A motion was made by Supervisor Sedovy and seconded by Justice Stromecki to close the Public Hearing.

Supervisor Sedovy reported on the fire alarm system with Hamburg and read a letter from Walter Rooth requesting that the Town of Boston inform the Town of Hamburg if the Boston Fire Companies are interested in joining the new Fire Alarm setup. Supervisor Sedovy stated that the Boston Town Board would like to meet with the Hamburg Town Board to discuss financing, as Boston's Ambulance Service is not in conjunction with the fire company and he doesn't feel Boston would be using the system as much as a fire company with an ambulance. He stated that if the Town of Boston was charged on a number of call basis instead of assessed valuation it would be better. The Town Clerk was directed to send copies of all correspondence on this matter to the three fire chiefs in the Town of Boston.

The Town Justices Monthly reports were received.

Town Highway Superintendent Luno stated that he had given each Board member a copy of the new road building regulations and as he felt they had not had time to study them he requested this be tabled. The Town Clerk was directed to send a copy of the regulations to each Planning Board member. A meeting was set for September 13, 1973, at 8:30 P. M. at the Planning Board Office so the Town Board members and Planning Board members could go over these together.

Town Attorney Maxwell stated that there was an Assessment Review return date on September 26th and he would like to meet with the Board to discuss what is entailed. Supervisor Sedovy stated the Board would meet with him at his convenience.

Town Clerk Klein reported that he and Councilman Schunk had met with Insurance Agents Al Dye and Wilbur Lehning and Joseph Schuman of the State Insurance Fund along with representatives of the Boston Emergency Squad, in regard to the Rescue Squad Insurance and at a later date there might be some recommendations for minor changes.

Town Clerk Klein reported that there will be a meeting of the Zoning Committee on Wednesday, September 12, 1973.

The Boston Police Department's Quarterly report was received.

A letter was read from the Boston Police Department advising the Town Board that John Hinkey had been elected Chief Constable for the Department.

6:30 P. M.

Those present were Councilman Clayton Schunk, Councilman Richard Kennedy, Justice Leo Stromecki, Supervisor John Sedovy, Town Attorney Charles Maxwell and Highway Superintendent Christian Luno.

Town Justice Robert Tills arrived at 6:35 P. M.

Town Attorney Maxwell in a letter to the Town Board advised that when two identical bids are received as in the case of the salt bids which were opened on September 5, 1973, that the Board cannot split the bid among the bidders and may award the bid to any of such bidder. Highway Superintendent Luno recommended that the Board accept the bid of the Morton Salt Company of \$10.00 per ton delivered to Boston, New York. International Salt Company's bid was also \$10.00 per ton delivered to Boston, but Mr. Luno recommended Morton Salt Company because the Town could pick it up in Buffalo at \$9.40 per ton if the need arises where as it would be \$10.40 per ton from International and would have to be picked up at Retsof, New York. A motion was made by Councilman Kennedy and seconded by Justice Stromecki that the Board accept Highway Superintendent Luno's recommendation and award the bid for salt for the 1973-74 winter season to the Morton Salt Company.

The report of Audit of the Boston Free Library was received and filed.

Letters were read from Mr. Lawrence Rogers and a copy of a letter sent to Mr. Gerrie Burgess/ from the Erie County Department of Public Works in regard to the drainage problems on Colonial Drive. Supervisor Sedovy stated that after reading the letter from Mr. Kase of the County Highway Department he asked Town Attorney Maxwell to look at this from a legal standpoint as Mr. Kase stated in his letter that by virtue of Town Law, the general powers of the Town Board is to have control over the filling and diversion of streams and water courses, therefore, remedial action will have to come from the Town. A letter was read from Town Attorney Maxwell with a clarification to Mr. Kases statement. The letter from Mr. Maxwell stated that Town equipment cannot go on private property and expend public funds unless and until a separate public drainage district is created and drainage easements secured from private property owners. Mr. Lawrence Rogers stated that this is not necessarily what they had in mind and referred to a section of his letter that the problem could possibly be solved by putting a drain pipe along the Southside of Polish Hill and running the water directly to 18 Mile Creek without going through private property. Supervisor Sedovy stated that the reason there is a problem in this area is due to the diverting of the creek when the Subdivision was put in. It was also stated that a subdivider must now have approved a drainage plan drawn up by an engineer before he can build so there will not be problems of drainage in the future as have been in the past. The Town Clerk was directed to write a letter to Town Engineer Moncreiff with a copy to go to Highway Superintendent Luno asking him to look into this problem and report back to the Town Board with a possible solution.

A letter was read from the New York State Department of Transportation stating that a 40 MPH speed restriction had been established on Meadow Drive between Route 391 and South Abbott Road in the Town of Boston. A motion was made by Justice Stromecki and seconded by Councilman Kennedy authorizing Highway Superintendent Luno to look into getting the 40 MPH signs and to take steps to put them up.

Supervisor Sedovy stated that as a result of the letter sent to George Treiple in regard to a hazardous condition at North Boston Road and South Feddick, guard rails had been placed in front of the Norman Scott residence. Mr. Klein stated that his office had been informed that guard rails were to serve as a warning to slow down and not for the purpose of protecting private property.

A letter and application were received from Ronald Tills, attorney for Fisher Carting and Moving, Inc. requesting the Boston Town Board to consent to Fisher Carting and Moving to provide bus service in the Eckhardt Road area. Town Attorney Maxwell was directed by Supervisor Sedovy to study this application and report back to the Town Board.

A letter was read from Brian Huckle, Director of Little League Baseball in Boston, requesting two additional baseball fields to take the place of the Boston Elementary School field and the field taken by the Tennis Courts and Basketball Court. He also requested cage type back stops to prevent accidents from foul balls and that the fields be put in shape in the fall instead of just before baseball season in the Spring. Highway Superintendent Luno stated that two B League fields will be made on the football field and one A League diamond will be adjacent to the football field. Back stops will be put on both fields. He noted that on the A field a person may have to look into the sun when throwing to 1st base. He stated that as people park on the infield during football season, there is really not much sense to fix the field. Supervisor Sedovy asked Peg Hartman to see if the infield can be roped off before the next game as people can park behind the new Town Hall. Highway Superintendent Luno stated that the infield should be in good shape if lime and weed killer is put on in the fall and then in the spring put on fertilizer. A motion was made by Supervisor Sedovy and seconded by Councilman Schunk authorizing Highway Superintendent Luno and the Recreation Department to take the necessary steps to proceed with a program to put the baseball field in playing condition.

RESOLUTION - ROUTE 219

There was a lengthy discussion in regard to the Southern Expressway as Mr. Herbert Berlin stated that not all people in Boston were for the Southern Expressway. Mr. Koza stated that he felt an older member of the community should be nominated for the Task Force and Supervisor Sedovy stated that if Mr. Koza would come back to him with a person willing to work on this Task Force he would be glad to put his name in for nomination. Supervisor Sedovy felt that for Public Safety the Town Board should support the new highway, but would be willing to talk to both sides. Justice Tills stated that he would gladly meet with Mr. Berlin to draw up a resolution to keep the trees that are along the Expressway.

A motion was made by Justice Tills and seconded by Councilman Kennedy to adjourn the meeting at 10:20 P. M.

At 7:45 P. M. a Public Hearing was held to consider the request of Fisher Carting and Moving Inc. to operate bus service on Eckhardt and Taylor Road. The Town Clerk read the application from Fisher Carting and Moving Inc. Justice Stromecki stated that he felt this application should be looked into further as there might be a situation of granting a franchise. Supervisor Sedovy asked if anyone would object to a franchise. Mrs. Linda Beyer stated that as we are facing an energy crisis she felt that public transportation should be made available. Town Attorney Maxwell stated that the Town should know how many days a week the bus will run; if a Sunday run will be made; is a franchise required; what would they be required to live up to in the franchise. He noted that Orchard Park is also considering bus service at this time. Mr. Maxwell also stated that a public statement of service should be rendered by Fisher. He stated that he would review Section 67 of the Transportation

Corporation Law and send a letter to the Town Board in regard to this. Town Justice Stromecki stated that he was in favor of the bus service. Town Attorney Maxwell stated that he would find out the terms of the franchise in detail and also talk to Orchard Park and report back at the December meeting. A motion was made by Councilman Schunk and seconded by Justice Stromecki to close the Public Hearing.

Letters were read from Governor Rockefeller, Senator McGowan, Assemblyman Tills, Donald Ketchum, Regional Director of the Department of Transportation and Raymond T. Schuler, Commissioner of the Department of Transportation acknowledging receipt of a letter and resolution sent to each by the Boston Town Board requesting that Route 219 be designated as the North South Expressway. Supervisor Sedovy stated that with the Transportation Bond Issue being defeated it doesn't help to get it built. The letters were received and filed.

A letter was read from Mrs. Karen Kline Klinczar requesting the Town to replace a cherry tree allegedly killed from detergents from the Police Garage. It was noted by Supervisor Sedovy that the Town Board had received a letter in regard to this some months ago. Town Attorney Maxwell stated that this would have to be turned over to the Insurance Carrier of the Town Insurance for them to determine if there is proof of Town's responsibility. A motion was made by Supervisor Sedovy and seconded by Councilman Schunk that the Insurance Carrier be asked to look into the claim that a cherry tree was killed on the Klinczar property by detergent from the Town Police Garage.

Mr. Cliff Johnson, Boston Fire Company stated that a Boston Fireman had been injured on June 26, 1972, while in Olean helping to clean up after the flood. Mr. Johnson noted that this was at the time that the Boston Fire Company had been called out on a mutual aid to assist during the flood. The gentleman was taken to the Olean Hospital at which time the injury was diagnosed as a hernia. He was released and then went to Dr. Dippert who put him in the Chaffee Hospital and then was sent to Our Lady of Victory Hospital. He was in OLV for two (2) weeks, but no operation was performed. Mr. Johnson noted that the man lost approximately \$700.00 in wages and that the Insurance Company has not paid the hospital bills and about one week ago he received a letter from the Olean Hospital stating they were going to sue. The Insurance Agent Wilbur Lehning was called and he told the gentleman to ignore the notice. He has also received a bill from OLV stating they had turned the bill over to a collection agency. Mr. Johnson noted that the man has had several hearings with the Workmans Compensation Board. He stated that a letter had been received from the Insurance Company about one month ago stating they would pay the Hospital bills, but nothing has been done at the present time. Mr. Johnson stated that the man has now had to hire an attorney as he has five children and all credit has been cut off to him.

Supervisor Sedovy stated that this is the first time he had heard of it. He asked Mr. Johnson to give him the name of the man after the meeting and he would contact him and Mr. Lehning to see what can be done.

Mr. Angelo Bellittiere of Zimmerman Road asked what was being done about getting water on the hill as it was greatly needed. Supervisor Sedovy stated that at the moment Federal Funds for Water Districts are frozen and therefore the Town's application for 50% funding from the Federal Government of Water District #2 is still pending. Supervisor Sedovy stated that emergency action has been discussed with the Erie County Health Department and the Department of Civil Defense if there is a dire need for water while the application is being held up. Mr. Bellittiere stated that he was concerned because water would not be extended to his area and he wondered why. Supervisor Sedovy reported that under the new plan for Water District #2, the district covers the west hill as far south as Shero Road, but the service area only goes as far as Keller Road. The district was designed this way because the tax rate would have been approximately \$42.00 a thousand to cover

DDH529

the entire district with lines while this plan carries a tax rate of approximately \$26.00 a thousand. There isn't enough assessment in the area to allow the water lines to be installed at a reasonable tax rate. However this plan would allow for expansion of the lines to the nonservice area of the district when there is enough assessment and need without going through a lot of red tape, as the District is already formed. This plan then would provide the town with a few large water districts rather than the creation of many mini-districts.

8:30 P. M. Town Justice Robert Tills arrived.

Mr. Clive Rucker stated that he could not understand why water could not be extended to the section of Back Creek Road where he lives as the water lines are as far as Back Creek at Colonial Drive. Supervisor Sedovy reported that more than a year ago, Town Engineer Moncreiff surveyed bringing a water line under the creek or attaching it to the bridge on Mill Road down Back Creek Road as Mrs. Koza had requested water. This survey showed it was not economically feasible to do it that way, but maybe it could be laid coming from the other end more economically. Supervisor Sedovy asked Mr. Rucker to survey the residents of the area to see who was interested and then if there was interest a meeting with these people would be held to discuss the options available. One would be for this area to be a district of their own and pay the entire cause with the town buying bonds on their behalf and they pay them off in taxes over a period of years or (two that the taxpayers in the area pay for the installation of the line when it is installed and request to be part of Water District #1.

A request for a Building Permit was received from Peter Suja, Jr. for a 50' x 80' addition to S & E Welding. The Town Clerk stated that as this is in an Industrial Zone a 50' sideline set back is required and there is only a 14' setback so a variance will have to be granted. He noted that the Zoning Board of Appeals is meeting on Monday November 12, 1973, to consider this. It was recommended that this request be tabled until a special meeting of the Town Board on November 28, 1973, at 7:30 P. M. At this time the Zoning Board of Appeals will have made their decision whether or not a variance should be granted.

A motion was made by Justice Tills and seconded by Supervisor Sedovy to renew an airfield permit for Roger Felt, Rockwood Road for one (1) year, term to expire October 31, 1974. Permit to be granted under conditions previously set.

An order was received from the New York State Department of Transportation establishing a 35MPH speed zone on Old Orchard, Homestead and Cloverfield. A motion was made by Supervisor Sedovy and seconded by Justice Stromecki directing the Town Clerk to send a copy of the communication to Highway Superintendent Luno so he can comply with the posting of signs.

A letter was read from the New York State Department of Transportation denying the request of the Boston Town Board to reduce the speed on Taylor Road. Supervisor Sedovy stated that he felt this had not been an unreasonable request and he felt cars should not be allowed to travel 55 MPH in this populated area. He noted that Hamburg has a speed limit on this road. Justice Stromecki stated that as Hamburg is a first class town it can post its own speed signs. A motion was made by Supervisor Sedovy and seconded by Justice Stromecki directing the Town Clerk to write to the New York State Department of Transportation and spell out the case why it is felt a speed zone is needed.

A letter was read from the Erie County Department of Public Works advising the Town Board that a guard rail had been placed in front of the Scott residence at Feddick Road and North Boston Road, as per the Boards request. The letter also stated that a guard rail had not been installed on Back Creek at Cloverfield, as it was felt it was not needed. Justice Stromecki stated that a fire hydrant was blocked off and cannot be used at the site of the guard rails on Feddick Road and North Boston Road. A motion was made by Justice Stromecki and seconded by Councilman Schunk that the Town Board communicate with Mr. Triepel of the Erie County Department of Public Works telling him that the Fire Hydrant at Feddick Road and North Boston Road is fenced in by the guard rails and cannot be used, and to inform the Town Board on what they are willing to do.

At 9:00 P. M. bids were opened for the Installation of a Sanitary Septic System at the Town Hall. Only one bid was received from :

Charles G. Decker
Box 75
Boston, New York 14025

Base Bid		\$2,144.00
Alternate Bid #1	P.V.C. 88 pipe	1,834.00
Alternate Bid #2	less landscaping	1,559.00
Alternate Bid #3	P.V.C. 88 pipe no landscaping	1,249.00

There was discussion in regard to putting the septic system on the north side instead of the south side as previously planned. Mr. Decker stated this would save approximately \$150.00. Justice Tills stated that the Erie County Health Department had told him that when an addition was put on they might possibly request that the pipe be replaced which would be under a driveway. Town Engineer Moncreiff stated that he would like to restudy this and report at the November 28, 1973, special board meeting. A motion was made by Justice Tills and seconded by Councilman Schunk to table the bid and designate the Town Engineer to restudy the possibility of going the north route.

A questionnaire was received from the Erie and Niagara Counties Regional Planning Board relative to Federal Aid Applications. Supervisor Sedovy stated that remarks would be solicited from Town Engineer Moncreiff and then he would meet with him and see that a reply is sent to the Erie and Niagara Counties Regional Planning Board.

A letter was read from Joe Ball Sanitation notifying the Town of an increase of rates on the large refuse container. Supervisor Sedovy stated that the service will be discontinued for the winter starting December 1, 1973, and it will be looked into in the spring, at which time other sanitation services will be contacted for a price. The Town Clerk was directed to place a communication in the local papers and in the Buffalo Evening News stating that the service will be discontinued for the winter starting December 1, 1973, and also that the recycling center will close at the same time. It was also noted that a sign will be posted behind the Highway Department advising people of this. A letter will be sent to the Highway Department asking that they post the sign.

A notification of completion of Ursula Lane and a request that the deposit be returned was received from Heinrich Moelbert. Supervisor Sedovy noted that the deed would be required before deposit could be returned. Justice Stromecki stated that Highway Superintendent Luno had informed him that the road was approved. A motion was made by Justice Stromecki and seconded by Councilman Schunk that the deposit be returned contingent upon the receipt of the deed by the Town Clerk and approval by the Town Attorney.

A letter was read from the Boston Environmental Corp requesting that the Town hold a Christmas tree clipping two weeks after Christmas. Supervisor Sedovy asked that a copy of the letter be sent to Highway Superintendent Luno for his comments on this request.

A letter was read from Mrs. William Shadle in regard to County Sewer District #7. Mrs. Shadle stated she had attended a meeting on the proposed District and asked the Town Board to give much consideration to the matter before joining the County Sewer District. She also asked that thought be given to the best use of land and to think of controlled development. In the letter Mrs. Shadle mentioned the Town of Ramapo, New York and Supervisor Sedovy stated he was not familiar with this Town, but would request from Mrs. Shadle that he be furnished with a copy of Ramapo's ordinance for the Board members.

Supervisor Sedovy stated that he wanted Town Clerk Klein, Tax Collector David Zimmerman and Justice Stromecki to serve on a committee with him to study furniture for the Town Hall.

A request will be made to the New York State Department of Transportation to investigate the feasibility of a double line on Route 219 south of the intersection of Abbott Road.

Supervisor Sedovy stated that he has received requests for street lights on Meadow Drive, Tricia Lane, Pinehurst, and Boston Cross Road. These requests will be turned over to the Highway Superintendent for his recommendation.

The Traffic Safety Committee was requested to investigate the sight clearance at the intersection of Heinrich Road and Valley Circle Lane.

A letter was received from the Amvets Post 219 requesting the use of the Town Park on July 19, 20, and 21, 1974 for a carnival. There was a discussion in regard to where a carnival would be held now that the Town Hall is built and a parking lot being placed in the rear. Philip Smolinski asked that the Town Board designate a spot where chicken can be cooked as there are three bare spots where chicken was cooked last year. A letter will be sent to the Amvets Post 219 stating that a study will be made by the Recreation Advisory Council on a place where a carnival might be held and also an answer to their request will have to wait until the baseball schedule is set up. The Amvets will be advised that they will have the first chance on these dates.

The Supervisors Monthly Report was received.

The Town Justice's Monthly reports were received.

Town Attorney Maxwell stated that there are two Law suits pending against the Assessors and Assessment Board of Review. He noted that the one could possibly be settled out of court, but the one involving an apartment building owned by Schultz Homes will go into court. He stated that three or four attorneys had been contacted and he recommended Mr. George Blair be retained based on his request for \$40.00 per hour with a retainer of \$1,000.00. He noted that certified assessors at approximately \$1,000 will also be necessary. Mr. Maxwell stated that he felt a fair assessment had been placed on the apartment building and he felt the Town can win. Supervisor Sedovy stated that it was logical to hire an attorney for this as the Town Attorney should not be expected to take a job of this magnitude on the salary he gets from the Town. Justice Tills stated that County tax is concerned here, but it falls to the Town as a matter of Home Rule. He stated that no alternative is possible but to back up our people. A motion was made by Justice Tills and seconded by Justice Stromecki to authorize the Town Board to hire Mr. George Blair to represent the Town of Boston in this case at \$40.00 an hour and a \$1,000.00 retainer. A monthly itemized bill was requested by Justice Tills to keep the Town informed of cost.

Those present were Councilman Clayton Schunk, Councilman Richard Kennedy, Supervisor John Sedovy and Town Attorney Maxwell.

Highway Superintendent Christian Luno was absent. Town Justice Robert Tills and Town Justice Leo Stromecki arrived late.

A letter was read from Town Engineer Moncreiff giving recommendations for the bid received November 7, 1973, from Charles Decker for the Septic System at the new Town Hall. Mrs. Linda Beyer asked if it would be possible to get other estimates as she stated that there was a possible conflict of interest as Mr. Decker was a member of the Capital Improvements Committee and this committee recommended that a new Town Hall be built. Supervisor Sedovy stated that Town Attorney Maxwell and Councilman Schunk both had reported that Mr. Decker's bid price was within reason and he felt it was out of line to say it was a conflict of interest as the bids were advertised so anyone could bid. Justice Tills arrived at 7:35.

A motion was made by Councilman Schunk and seconded by Justice Tills to accept the bid of Mr. Charles Decker for \$1,559.00 for installation of the sewerage system less the landscaping for the new Town Hall upon the recommendation of Town Engineer Cullen D. Moncreiff.

Justice Stromecki arrived at 7:40.

A permit for a 50' x 80' addition to S & E Welding which had been tabled at the November 7, 1973 Town Board meeting, to await a decision on a variance by the Zoning Board of Appeals, was discussed. The addition has a 14' side line set back and a 50' side line set back is required in an industrial area. The Zoning Board of Appeals granted a variance and it was reported by Supervisor Sedovy that there was no objection from Warner Blesy, a neighbor, as to the side lot line set back. Justice Stromecki stated that Mr. Suja owner of S & E Welding had told him that the building would be of steel if possible, and if not concrete block with a steel roof. A motion was made by Justice Stromecki and seconded by Councilman Schunk to grant a permit to Mr. Peter Suja owner of S & E Welding for a 50' x 80' addition to his present building.

A letter was read from the New York State Department of Transportation acknowledging the request of the Boston Town Board to reduce the speed on Eckhardt Road to 40 MPH. The letter stated that this would be investigated as soon as time permitted and the Town Board will be advised of their decision. The letter was received and filed.

A letter was read from the New York State Department of Transportation acknowledging the request of the Town Board that double lines be marked on Route 219 South of the Abbott Road intersection, and stating that this would be investigated. The letter also explained how road markings are determined. The Town Board will be advised when a decision is reached. The letter was received and filed.

A letter was read from the New York State Department of Transportation stating their reasons for denying a speed reduction on Taylor Road. The letter also stated that the Meadow Drive speed limit could now be enforced as signs have been erected. Supervisor Sedovy stated that letters had been sent twice requesting a speed reduction on Taylor Road, and maybe the Board should wait for a time before making another request in regard to this.

A letter was read from Mr. Schuler's office, Department of Transportation, in regard to the Town Board's resolution on the North South Expressway. The letter stated the resolution was appreciated. The letter was received and filed.

A letter was read from the Erie County Department of Public Works stating that the guide rail blocking the fire hydrant on North Boston Road had been checked into and nine (9) feet of the rail would be removed to make the hydrant accessible. The letter also stated that as soon as snow fence was available, it would be put up on Feddick Road to alleviate a problem of drifting snow across the road. The Boston Town Board requested this be looked into at the November meeting. Justice Stromecki stated that the guide rail has been removed.

A letter was read from the Department of Transportation in regard to a Task Force that has been formed to study the North South Expressway. The letter stated that 24 members had been chosen for the Task Force at a meeting held in Ellicottville on October 17, 1973. A list was enclosed with the names of the members, and also the names of the Town and Village Officials who were appointed. Councilman Kennedy was selected to represent the Town of Boston as their Town Official.

A resolution was received from the Erie County Water Authority amending its rules for the water consumption rate. The resolution was received and filed.

Mrs. Carolyn Shadle asked if the Town was going to come out with any statement in regard to the Energy crisis. Supervisor Sedovy stated that this would come later in the meeting.

Mr. Moncreiff and has been told by him that he is in the process of making a study as to the amount of runoff and the cost of rectifying this drainage problem.

Highway Superintendent Luno stated that the Christmas tree chipping would take place on Saturday, January 12, 1974 from 9:00 A. M. to 4:00 P. M. The chipping will be held behind the Highway Garage. Mr. Luno also stated that he had received a call from Mrs. Teresa Hartman of the Boston Environmental Corp asking that January 12 also be a recycling day. There was discussion in regard to the congestion that might be caused. Highway Superintendent Luno recommended that January 12 be used for Christmas tree chipping only and a date in February be set for recycling. All Board members were in agreement with this recommendation. The Town Clerk was directed to send a letter to Mrs. Hartman advising her of the Boards decision.

The Town Justices Monthly reports were received.

A letter was read from Town Attorney Maxwell in regard to the application of Fisher Carting and Moving for a Bus Franchise in Boston. The letter cited Section 67 of the Transportation Corporation Law and advised the Town Board to make their consent consistent with that of Eden, Hamburg and Orchard Park who are also considering a franchise with Fisher Carting and Moving for bus service. It was noted by the Town Clerk that all Board members have a copy of this letter.

Judge Tills was called out at 8:25 on Court business.

An application was received from the Boston Hills Trailer Court requesting permission to add additional lots to the court. A letter was read from Town Attorney Maxwell stating that an amendment to the Zoning Ordinance would be necessary as the size of the lots did not conform to lot size set out in the Zoning Ordinance. Supervisor Sedovy stated that this request would have to be denied unless someone wanted to make an amendment. A motion was made by Councilman Kennedy and seconded by Councilman Schunk to deny the request of the Boston Hills Trailer Court for additional lots in the Trailer Court. The Town Clerk was directed to correspond with the Boston Mobile Homes Park with information on why the application was denied.

A letter was received from the New York State Petroleum Councils with comments on the proposed new Sign Ordinance. The letter was received and filed.

Councilman Kennedy stated that the Sign Committee has been working on the Sign Ordinance and that changes were made. He stated that Page 2 will be resubmitted. Councilman Kennedy asked that the Sign Ordinance be sent to the County Planning Committee as required so the new Ordinance can be acted on at the January meeting. There was a discussion in regard to whether a new Public Hearing would have to be held. Town Attorney Maxwell stated that he was not sure as he had not read the last copy of the Ordinance sent to him. He noted that if only minor changes had been made a new Public Hearing would not be necessary, but he stated that he could not be sure until he had compared both copies. Judge Tills returned at 8:40. A motion was made by Councilman Kennedy and seconded by Justice Stromecki recommending that the Sign Ordinance be sent to the County Planning Committee with changes on Page 2 being retyped so the Ordinance can be acted upon by the Town Board in January. Supervisor Sedovy stated that he would talk to businessmen to get their opinions before the January meeting.

Town Clerk Klein recommended to the Boston Town Board that General Code Publishers be retained to codify Ordinances of the Town of Boston. Mr. Klein stated that General Code would come in and go through the minutes and Ordinances to determine what has been repealed and also to find if anything is in conflict with New York State Law. They would then reorganize the system and come back to the Town Planning Board and Town Board with their recommendations. He noted that it is not necessary to follow their recommendations. Town Clerk Klein stated this would take a year and one-half and would make it easier if all the Ordinances were in one book. General Codes will provide thirty-five (35) copies of the book and it is possible at the time of printing to purchase copies of certain ordinances. A proposed Ordinance can be sent to them and it will be returned with recommendations on what they think. They will print new Ordinances at \$15.00 a page. The cost for the service would be \$3,800.00 and can be paid over a two (2) year period. Supervisor Sedovy stated that this idea had his support and commended the Town Clerk on his

RESOLUTION ATTACHED. Before a vote was taken, Justice Tills stated that the Sign Committee had sent the proposed sign Ordinance to the General Code Publishers and they had made seven or eight recommendations of which five or six were used in the Ordinance. He noted that this was at no cost to the Town.

A letter was received from John B. Hinkey of the Boston Police Department stating that the applications of Richard Hockwader and Donald Gokey to the Boston Police Department had been denied. A motion was made by Supervisor Sedovy and seconded by Councilman Schunk directing the Town Clerk to send a letter to Mr. Hockwader and Mr. Gokey advising them that their application for Constable had been denied by the Boston Police Department.

A letter was received from John Hinkey requesting permission to purchase two (2) hand portable radios to be used by the Boston Police Department. Supervisor Sedovy requested that this matter be tabled so he could meet with Chief Constable Hinkey so they could review the budget of the Department. Justice Stromecki stated that it would be advisable to find out if the radios could be used by the Police after they were incorporated with the Central Police System.

The Enforcement Officers Monthly Report was received. James Pfanner, Enforcement Officer stated that the Sprague Trailer Court had been sold and he would be meeting with the new owner to discuss changes that the owner would like to make.

The Sewer Operators Monthly Report was received. Supervisor Sedovy asked Highway Superintendent Luno if someone with a back hoe could be hired to investigate the reason for the flooding at Sewer District #2. Mr. Rucker stated that he felt a new tank was needed as larger pipe had been installed and the tank was not large enough to handle the increased water. He also noted that the Health Department had been calling for a larger tank, but had agreed to hold off until County Sewer District #7 feasibility study had been completed. It was decided that Sewer Operator Rucker and Highway Superintendent Luno will investigate this problem and get estimates on costs for a larger tank or get someone with a back hoe to see what is wrong. A recommendation will be made to the Town Board.

A letter was received from the Boston Conservation Advisory Council thanking Highway Superintendent Luno and the Boston Environmental Corp for their fine work on the recycling center. The letter was received and filed.

Letter were received from Russell Garver and Barbara Bernhart, 8363 Lower East Hill Road and 7223 Lower East Hill Road respectively requesting they be given consideration for membership to the Boston Conservation Advisory Council. The following members to the Council have terms expiring on December 14, 1973: Mrs. Paula Koester, Edwin Zittel and Robert Emerling. Supervisor Sedovy asked that the Board postpone a selection until the January meeting as he has had requests from two other people interested in being on this committee and he would like to meet with the applicants.

In lieu of the present energy crisis and conformance with the Government's urgent request for the conservation of unnecessary usage of such, I would like to issue this proclamation requesting the citizens of the Town of Boston to conserve electrical power during the coming Holiday Season in the form of Christmas lighting and ask that our townspeople use discretion in the decoration of their homes and businesses.

In keeping with this general intent, the Boston Chamber of Commerce has informed me that they have decided to defer their annual Christmas lighting contest this year and instead substitute a coloring and painting competition for the children of our community.

I sincerely believe that each of us can help in this period of adjustment and still capture the festive atmosphere and spirit of good will among men during the celebration of this Christian Holiday.

BOND RESOLUTION DATED DECEMBER 10, 1973.

A RESOLUTION AUTHORIZING THE ISSUANCE OF \$135,000
SERIAL BONDS OF THE TOWN OF BOSTON, ERIE COUNTY,
NEW YORK, TO PAY A PART OF THE COST OF CONSTRUCTION
OF A NEW TOWN HALL IN AND FOR SAID TOWN.

BE IT RESOLVED, by the Town Board of the Town of Boston, Erie County,
New York, as follows:

Section 1. The specific object or purpose of the Town of Boston,
Erie County, New York, for which the serial bonds hereinafter authorized
are to be issued is the construction of a new Town Hall in and for
said Town, to be located on Town owned land on Boston State Road in
said Town, together with original furnishings, equipment, machinery
and apparatus required for the purposes for which such building is
to be used, and the grading and improvement of the site thereof.

Section 2. The maximum estimated cost of the aforesaid specific
object or purpose is \$229,000 and the plan for the financing thereof
is as follows:

- a) By the expenditure of \$94,000 current funds of said Town
heretofore appropriated therefor from sources other than

the proceeds of borrowing; and

- b) By the issuance of \$135,000 serial bonds of said Town hereby authorized to be issued pursuant to the Local Finance Law. Further details concerning said bonds will be prescribed in a further resolution or resolutions of this Town Board.

Section 3. It is hereby determined that the period of probable usefulness of the aforesaid specific object or purpose is thirty years, pursuant to subdivision 11 (a) of paragraph a of Section 11.00 of the Local Finance Law, said building being a class "A" building as therein defined. It is hereby further determined that the maximum maturity of the serial bonds herein authorized will not exceed five years.

Section 4. The faith and credit of said Town of Boston, Erie County, New York, are hereby irrevocably pledged to the payment of the principal of and interest on such bonds as the same respectively become due and payable. An annual appropriation shall be made in each year sufficient to pay the principal of and interest on such bonds becoming due and payable in such year. There shall annually be levied on all the taxable real property in said Town a tax sufficient to pay the principal of and interest on such bonds as the same become due and payable.

Section 5. Subject to the provisions of the Local Finance Law, the power to authorize the issuance of and to sell bond anticipation notes in anticipation of the issuance and sale of the serial bonds herein authorized, including renewals of such notes, is hereby delegated to the Supervisor, the chief fiscal officer. Such notes shall be of such terms, form and contents, and shall be sold in such manner, as may be prescribed by said Supervisor, consistent with the provisions of the Local Finance Law.

Section 6. The validity of such bonds and bond anticipation notes may be contested only if:

- 1) Such obligations are authorized for an object or purpose for which said Town is not authorized to expend money, or
- 2) The provisions of law which should be complied with at the

date of publication of this resolution are not substantially complied with,

and an action, suit or proceeding contesting such validity is commenced within twenty days after the date of publication, or

- 3) Such obligations are authorized in violation of the provisions of the Constitution.

Section 7. This resolution, which takes effect immediately, shall be published in full in Suburban Press, the official newspaper, together with a notice of the Town Clerk in substantially the form provided in Section 81.00 of the Local Finance Law.

At a Special meeting of the Town Board of the Town of Boston, Erie County, New York, held at the Boston Town Hall, Mill Road, in Boston, New York, in said Town, on the 10th day of December, 1973, at 6:30 o'clock .M., Eastern Standard Time.

TOWN WITH VILLAGE

EXPLANATIONS

- (1) Taxes for these services must be levied on the area of the town outside villages:

Building Inspection (Section 138, Town Law)

Board of Health (Section 60, Town Law and Section 304 Public Health Law)

Registrar of Vital Statistics, except when combined districts coincide with a consolidated health district (Section 2124, Public Health Law)

Library (certain contract payments) (Section 256, Education Law)

Zoning and Planning (Section 261, Town Law)

- (2) Taxes for these services must be levied on the area of the town outside villages under the circumstances set forth below:

Police Department (Section 150, Town Law)

Town of Fallsburg, and towns in Suffolk County containing villages which maintain police departments with two or more full-time policemen. Department established after January 1, 1960: Town contains a village which maintains a police department of four or more policemen on an annual full-time basis.

Department established prior to January 1, 1960: Amounts in accordance with an agreement made between the town and a village within the town which maintains a full-time police department of four or more policemen.

Joint Police Department (General Municipal Law, Section 121-a)

Recreation (Article 13, General Municipal Law)

Amounts for parks, playgrounds and recreation centers established under the provisions of Article 13 of the General Municipal Law.

Refuse and Garbage (Section 120-v, General Municipal Law)

The share of the cost to be paid by the town in accordance with an agreement between the town and one or more villages for joint refuse and garbage collection and disposal, unless otherwise provided.

- (3) Revenues estimated to be received from any of the functions or activities for which taxes are levied in the town outside the village must be applied to the estimate of expenditures for such function or activity (Town Law, Section 112(1)).

Non-property tax distributed by a county must be credited to the town area outside of village if the village receives a cash distribution of non-property taxes from the county.
