A letter was read from the Association of Towns relative to proposed position statements for the 1980 Legislative program in New York City on February 17 - 18 - 19 and 20, 1980. The letter was received and filed.

A letter was read from the Department of State acknowledging receipt of Local Law #1, 1979 - Games of Chance. The letter was received and filed.

Paul Ballachino questioned the towns position on County Sewer District #3 in view of a recent news article. Supervisor Zimmerman advised that as it stands now, the County has sent the papers back to Audit and Control. Supervisor Zimmerman stated that the Sewer District will be subject of a permissive referendum and if a vote is wanted a certain number of signatures will be necessary. Paul stated he was getting apprehensive by the costs. Supervisor Zimmerman noted that the paper had stated \$350.00 but the Sewer District feels it will be around \$300.00, and he noted that if it goes to \$350.00 the State Audit and Control probably would not approve it.

Bert Hopkins stated he would like to see a Public Hearing set up so the townspeople can know what is transpiring with the Sewer District. Supervisor Zimmerman noted that hearings would be held at the County level in the Legislature, but he would set up a public information meeting for Boston.

A motion was made by Councilman Wittmeyer and seconded by Councilman Faulring creating the position of Motor Equipment Operator in the Highway Department.

LEGAL NOTICE
TOWN OF BOSTON
NOTICE OF PUBLIC HEARING

NOTICE IS HEREBY GIVEN that the Town Board of the Town of Boston, Erie County, New York, will hold a public hearing at the Boston Town Hall, 8500 Boston State Road, Boston, New York on Wednesday, January 16, 1980 at 8:15 P.M., Eastern Standard Time to consider the granting of a Special Use Permit to allow for the keeping of a horse by John McNulty on property on the south side of Old Orchard Drive located between Sublot 22 and Sublot 19. This notice is being given pursuant to the provisions of Article IX of the Zoning Ordinance of the Town of Boston.

At this hearing, at the time and place above noted, all interested persons will be heard for or against said Application.

By Order of the Town Board of the Town of Boston, New York.

Herbert H. Klein
Town Clerk
Town of Boston

Dated: December 7, 1979

Reed Schenfield, 5907 Old Orchard stated that he lived the closest to the land of any of the neighbors. He noted that he did not know all the zoning laws in Town and had probably broken a few and probably six or eight people on the street had broken a few. He noted that he did raise rabbits, but dogs had eaten them and he knew there was a leash law. Mr. Schenfield noted there was unlicensed vehicles on the street. He stated that the horse would stay in the corral, not damage property, not make noises, not bark and not sound like motorcycles and not sound like snowmobiles, and not be hunters walking thru private property. He advised the Board that he was much in favor of the horse if it helped the children on the street and kept them off the Zimmerman and Back Creek Road bridge.

Thomas Stanes, 5912 Old Orchard stated he lived within 800 feet of the pasture and they enjoyed driving up the road and seeing the horse and the kids get a kick out of feeding it and they would like to see it stay.

Stanley Leach, 5945 Old Orchard stated he was opposed to the horse in that locality based on the feeling that fifteen years ago when he bought the property he did so on the pretense that it would be a subdivision. He stated the Burgers were friends of his and model neighbors, but based on the fact that there is four million dollars in real estate in that area and it was meant to be a subdivision by its originator Elton Endress and to pull livestock into a Subdivision is going completely in the opposite direction of what it was intended for. Mr. Leach asked to go on record as being against it.

Frank Mazurowski, 5582 Homestead, stated he lived just around the corner from the area and to compare one horse to livestock is stretching it a bit. He further added he did not see anything more beautiful than a kid on a horse and the way things are going we may all have to keep a horse.

Judy Sullivan, 7810 Back Creek Road stated that she had lived in Boston all her life and has had more property than they do now and she loved seeing the horse as she is sick of seeing all the buildings. She noted she liked the farm look and was definitely in favor of keeping a horse.

Richard Watkins, Old Orchard stated his property adjoins the McNulty property and

he is in favor of a horse as he enjoys seeing it from his property and he has no objections.

Albert Chittester, 5710 Homestead asked how much area of road frontage does this entail. He felt it was a large area, and was ample space for an animal. Supervisor Zimmerman stated the frontage was about 580'. Mr. Chittester stated he felt that was plenty of room for a horse and anyone afraid of it could walk around it.

Robert Randall, 5954 Old Orchard asked the Board how long a Special Use Permit is granted for strickly recreation purposes and how often is a Special Use Permit granted in spite of opposition. Councilman Wittmeyer stated that a Special Use Permit was granted about a month ago and it could be classified recreational as it was for a man wanting a radio tower. Mr. Randall stated he was present and a big deal was made of the fact that he altered his plans and there was therefore no opposition so the permit was granted. Councilman Wittmeyer advised that it was for a revised plan and there was still opposition as the neighbor still was not in favor, just not as opposed. Supervisor Zimmerman stated the neighbor was at the meeting, but came in after the permit was granted. He noted that this Special Permit request is only the second time a request has been made since he has been on the Board. Robert Randall further asked why a building permit had been issued on this property when it was in apparent violation of the Zoning Ordinance which restricts all building to one family homes which this is obviously not. Supervisor Zimmerman stated he was not sure that was an R1 restriction. Town Attorney Maxwell stated you could apply for a garage. Mr. Randall stated it does say accessory building, but to him that would mean in addition to the home that is there and he does not see a home there. Town Attorney Charles Maxwell stated that a permit could be granted for a garage prior to the time a building for residence is built. He did not see any violation.

Mr. Randall questioned if a permit is granted what recourse do we have at the local level. Town Attorney Maxwell stated that an Article 78 proceeding could be taken to the Supreme Court on the grounds that the granting of a permit, if it is granted, is arbitrary, capricious and unreasonable.

Gerald Burger, 5732 Homestead, stated he was as much responsible for the questions as anyone and proceeded to explain a couple of things contained in the first letter read from the Randalls. Mr. Burger stated that the barn or accessory building had been discussed with a good number of people and what they might dream about getting and what they might want to use it for. He further noted that they intend to build a house in that area and a building like that would have a lot of uses that it could be put to over a long period of time. He stated that a barn to be used for a horse was talked about with Mrs. Randall. He stated a good part of the wood in the barn came from her previous employer, and he decided to do something with the wood when it started to disappear. Mr. Burger stated he did initally inquire about a building permit for an accessory building and was told if it was not a permanent nature a building permit was not needed. He stated that he then started to build a pole barn and it started out as one size and ended up another so it ended up a good sizeable barn and could keep whatever he wanted to store provided it followed certain regulations. Mr. Burger stated Mr. McNulty whose name is on the property, is not his employer, he holds the property in record only because it was used to pay a debt and the debt has been paid but the name has not been transfered back to Mr. Burgers name as it is not to his advantage. Mr. Burger stated that their intent is to move onto the property and build a house and be a neighbor to the people. He further stated that by placing the barn further back on the property he would not hurt the appearance of the area and in the summertime you can hardly see the building. He stated it was his first venture in building anything which is another reason it was put in the back as his sons and daughter built the barn. Mr. Burger stated that as far as the horse situation he felt it was worth the effort of what the family is doing to get the permit for the educational benefits it is for his daughter. He noted that a horse is a lot of work and a person has to be educated in how to take care of it and so far she is doing an excellent job with the families help, but the horse relies solely on her for its needs. He further noted she has to learn how to talk for the horse and he felt this is a good benefit and they would continue to fight. Mr. Burger thanked the people that were at the meeting for their help and some of those setting on the Board and noted that he got a lot of help from people around town and expressed his appreciation.

Councilman Samulski asked Mr. Burger what his first intentions were for the use of the building when he started constructing it. Mr. Burger stated they had a lot of ideas as they are going to build a house when sewers go through and the property is approved by the Health Department for a single family house which was part of the contract when the lot was bought from Mr. Endress. He stated that he did not know his intent when he first started the building and he was dreaming if he thought of horses as he could not afford them. He stated he felt it was a good place to store things, but Lori asked him, and he said yes you can get a horse

although never dreamed she would save money to buy it. He noted that when she did save her money and showed a great deal of interest for that kind of thing he felt they would pursue it as when they met with the Planning Board, members who had horses pointed out some of the benefits. He stated that the initial intent for the building could be anything. Councilman Samulski asked how long after the building was built was the horse brought into the barn. Mr. Burger stated the barn is not finished yet as shingles have to be put on the front roof. He stated that the building was 3/4 enclosed when Lori came home and said a friend of hers had a horse that was mistreated as they couldn't take care of it. He stated he asked the cost and if she could pay for it and she answered yes so he worked at finishing the barn and the horse was boarded in another location in Town when it was closed in enough the horse was moved over and wire was put up for the pasture after the horse was moved.

Patricia Burger, 5732 Homestead stated that the accessory building was one her husband wanted for a tractor, to store wood and building material to be used to build a garage. She stated that Lori asked if a stall could be put in it so they could get a horse some day and they told her yes although Mrs. Burger's father was against it because of the cost, but they felt the horse talk was a dream. She noted that the talk made Mr. Burger and Lori closer as they talked for hours about how they would do the work. Mrs. Burger stated that one day Lori received a call from a friend asking if she would buy her horse as Lori had taken care of the horse previously and she knew Lori would take care of it. Mrs. Burger stated she talked to Jake and asked if a stall could be put in the barn and they had no idea it was against any zoning regulations as Mr. and Mrs. Randall imply. She noted that whenever Mr. Burger asked anyone and they said it was against the ordinance he would point out that it was not in the subdivision as their lot was not under subdivision bylaws and nothing else was ever said. She stated that two stalls were started in the building as we were going to board a horse so Lori could pay for her horse and help her get the \$30.00 a month needed to buy food. Mrs. Burger stated she had gone to Kennedy's and Sedovy's asking if they would be interested in getting a horse and boarding it at our barn. She pointed out that if she had known they were in violation, would she have asked them. She stated they would be happy with just that horse and would not seek out any more if the permit is granted. Mrs. Burger stated that Lori has managed by baby sitting, using her Christmas and Birthday money, etc. She stated that she wanted to clarify that they did plan to rent out a stall, but at the time did not know it was against the ordinance and still are not sure as we really do not see the way it is against an ordinance as it would not be a commercial stable. Mrs. Burger stated that the Randall's have stated in their last letter that the people who signed the original letter did not know what it was for, but Lori had rehearsed what she was going to say and had said the same to each family advising them that having a horse was against the ordinance and in order to get a horse a Special Permit is needed and everyone's permission is needed in order to get a permit. Mrs. Burger asked why she would go around if it were not against some regulation and she resented the implication that the letter was taken around under false pretenses.

Robert Randall stated he resented the implication that he was against kids or horses as he was not against either one and felt we were getting away from the issues which is will this man be allowed to arbitrarily move a horse into an area where it is not allowed and then subsequently through pressure of his friends or a petition as long as he can get, would he pressure the Town Board into supplying him with a Special Use Permit after the fact. Mr. Randall stated he felt this was the only issue up for discussion.

Natalie Lupisella, 5900 Old Orchard stated that she liked the horse and the Burgers and all of the neighbors, but does not want to see a change in the ordinance and felt a Special Permit would be a stepping stone to that change and if she wanted to live in farm country, she would have bought there.

Councilman Samulski asked Mr. Randall if there were any other objection than if it is legal or not. Mr. Randall stated he was against it as it is a violation of the Zoning Ordinance. He stated that he could ask if each individual was for or against changing this neighborhood into something different and the point to him is when they bought their property zoned R1 and either they bought it because of this protection or in spite of the protection and accepted it and they shouldn't be subject to a change now because one person wants it. Mr. Randall stated that they were not talking about a situation where someone's livelihood or some other very important consideration is concerned, but a strictly recreational situation.

Natalie Lupisella stated she questioned horse droppings and things like that and although she did not want to contend with it because she moved to her area as there was not farm animals there. She further noted she did not want anything that would cause flies and bugs. Councilman Samulski asked if she had encountered them up to this point. Mrs. Lupisella stated that summer was not here yet.

An unidentified person stated that the neighbors would gladly have the manure put in their gardens.

Stanley Leach stated that he felt the Burgers intentions and feelings are probably very true and he felt for them, but to put livestock into a subdivision is entirely wrong and it can't be done in Creekside and Cloverfield or any other street or in any other area of Erie County and he couldn't see why it got as far as it did. He stated horses are great, but the point is a subdivision is not the place for them.

Nancy Vittorini, 5660 Homestead stated that she did not feel that horses should be let into a residential area, but the section they own is seven acres and that makes it a different question.

Albert Colafranceschi, 5782 Cloverfield stated with that much property they should be able to keep the horse there. Mrs. Lupisella questioned if someone on Cloverfield was really in the situation.

Jim Kelly, 5948 Old Orchard stated that he is two lots down from where the horse is kept and the way he understands the reading of the legal statement the Board if they were to issue a Special Permit, could institute restrictions on it like an annual renewal or limit it to one horse. He stated he personally did not have objections to it, but did like the idea of an annual renewal so if something happened and the situation became worse, the Special Use Permit could be revoked.

Mr. Randall advised the Board that the horse had been there all summer and half the winter already and a permit is still being talked about.

Mr. Mazurowski stated that he lives near the horse and there are no more flies and he did not notice any droppings.

Stan Leach stated that the average lot in the area is about an acre and anyone saying they were going to put a horse on an acre of land he couldn't see anything wrong with that, but picture him putting a barn on his lot so he felt that size of the lot was not the question.

Robert Randall stated if he was not mistaken that lot could be subdivided as it is not a subdivision lot at the present time. Supervisor Zimmerman stated it could be and Town Attorney Maxwell stated yes, in the absence of any building restrictions and he was not aware of any restrictions on it.

Pat Burger stated that other towns have a requirement that you have five acres to own a horse and with that type of requirement made in this town it would prevent an inundation of people who wanted a horse. She noted that there were not that many lots of five acres and that was what they had thought. She further noted that if any other animals were brought in the people would go through the same process and she felt there would not be an inundation.

Mr. Chittester stated that the only way that land could be bought when Mr. Burger bought it was if you bought the whole section and you could not buy just a lot.

John Procter, 5722 Homestead, asked as this lot was not included in the original subdivision, did it follow the zoning requirements and the interpretation of a commercial barn in R1. He stated he was not against a horse there by a Special Permit. Supervisor Zimmerman stated the area is still zoned R1, but probably not subject to any Subdivision regulations, but seeing this was an exemption he would say the Subdivision Regulations did not apply. Supervisor Zimmerman stated that an R1 zoning states you cannot have a commercial stable. Town Attorney Maxwell stated a commercial stable is when it is used to board and Supervisor Zimmerman stated he did not feel it had anything to do with this.

Robert Randall asked the Town Attorney to explain why it is not legal to have a horse in an R1 zoning as apparently people are confused over the commercial stable. Town Attorney Maxwell stated he did not feel that had anything to do with it as a commercial stable is one that houses horses for boarding and catering to the public and he did not feel it was a factor, and assumed what is being talked about is a one family on a non business one horse status.

Councilman Wohlhueter asked about the legality of a horse in an R1 area. Town Attorney Maxwell stated that the zoning states a house has to be so many feet, but R1 and R2 do not mention horses and the Board has the discretion to grant or not grant a Special Use Permit. He noted that a horse is an excludable item and that is the reason of a Special Use Permit proceeding.

Stan Leach asked if the Board would consider a Use Permit for three or four other homes in Subdivisions that have a horse. Councilman Wittmeyer stated that each case has to be looked at differently and the decision tonight is can this horse be harbored on this property, and to bring in a piece of property in another area is a completely different story.

Natalie Lupisella stated she felt it was a stepping stone.

Robert Randall pointed out to Councilman Wittmeyer that it was not a question of how many other people want a horse, but simply if they want to do something that they need a special use permit for and people have significant objection to it in the neighborhood and he would like to boil it down to those simple considerations if possible. Councilman Wittmeyer stated that he has to vote on it and he wouldn't take into consideration if someone wanted to put a horse on a 200' by 200' lot as we are talking about putting a horse on seven acres, which is something altogether different and this is the decision that has to be made tonight.

Robert Randall stated that he felt the overriding consideration should be that there is significant objection to it and not something everyone in the neighborhood is in favor of. Councilman Wittmeyer stated that he realized this and the Board had not made a decision yet.

Natalie Lupisella stated she felt seven acres was a reasonable amount of land to keep a horse, but she did not feel it was reasonable to expect her to live two lots away from a horse as she did not like animals.

Mrs. Vittorini stated that she felt if the majority of the people did not object then it should be passed.

Robert Randall stated then there is no reason to have a Zoning Ordinance, the people can just get together and vote on what each individual wants.

Councilman Wittmeyer stated he had not heard an comments come forth and he had hoped he would that possibly a one year Use Permit could solve the whole problem. A one year one horse situation and possibly at the end of the year the horse will be gone, the problem will be resolved and everyone goes home happy.

Mr. Burger stated the Planning Board had made that recommendation based on our talk with them. Mr. Burger stated that if the horse was not taken care of properly it will go. He did not want the horse to be a problem for the neighbors. He further noted that to keep the horse is worth the effort of coming back each year to reapply.

Councilman Faulring stated she lives next to a family that has three and sometimes four horses and there is no obnoxious odor, no flies and she could not see anything wrong with having a horse.

A motion was made by Councilman Wohlhueter and seconded by Councilman Faulring that the Public Hearing be closed.

Councilman Wittmeyer stated this is a neighborhood problem and probably the toughest problem to resolve, but he did believe that a one year, one horse Special Use Permit could let the problem resolve itself. He stated he felt that by the time the year was up there possibly won't be a horse there and everyone will be happy, and if at the end of the year it is there and its felt that its not going to the neighbors liking the renewal can be rejected.

Supervisor Zimmerman stated he felt the same way and based on the size of the land and the number of people that showed up tonight and expressed their opinion for and against he would recommend that a one year, one horse Special Use Permit be granted.

Councilman Wittmeyer stated he would like to see it also included in the resolution that the horse has to be kept on the seven acres of land.

Councilman Samulski stated that according to Article 9 of the Zoning Ordinance the Board has the right to grant a Spcial Use Permit and each case is weighed individually and taken at its own merits. He stated his opinion is he is not thoroughly convinced at this time that there is any adverse effect to the welfare, health or safety of the area and the Board has the power to act and he feels they were ready to do so tonight.

A motion was made by Supervisor Zimmerman and seconded by Councilman Wittmeyer approving the Special Use Permit to the Jack McNulty property, Old Orchard Road for one (1) year, one (1) horse and that the horse is kept on a seven acre parcel that has approximately 550 foot of road frontage and no commercial boarding is done.

Councilman Wittmeyer advised the Board that the specs for the new ambulance have been withdrawn by the Emergency Squad and he wasn't sure when they would get them back, possibly the next meeting.

A memo was read from the Building Inspector relative to the material from outside of Boston being dumped on the George Hornberger property, 7133 Heinrich Road. Town Attorney Maxwell stated that there is a proceeding in front of the Town Court against the owner and he felt that an appearance ticket could be sent to the contractor. He advised them that they were also in a position to notify this owner that under Section 64 Subdivision 5, that dumping of this debris on the land is illegal and if he doesn't clear it up the Town has the right to pass a resolution directing a subcontractor of our own or the Highway Department to clear it up and then if it is not paid for by him then it will be assessed against his taxes. Town Attorney Maxwell will send a letter to Mr. Hornberger putting him on notice that the Town has the power to go ahead and do the clean up ourselves and back charge him.

Councilman Wohlhueter advised the Board that he is setting up a meeting with the Town Board members and Drainage Committee for January 30, 1980 relative to an engineering study for the Creekside-Meadow Drive Subdivision.

A motion was made by Councilman Wohlhueter and seconded by Councilman Faulring to adjourn at 9:25 P. M.

A letter and Agreement for the Expenditure of Highway Moneys made between Highway Superintendent Kreitzbender and the Boston Town Board was received from the County of Erie Department of Public Works. The letter and Agreement were received and filed.

A letter and statement of all money paid by the Commissioner of Finance to cities, towns, and villages in Erie County during 1979 was received from the Erie County Finance Department. The letter and statement were received and filed. Supervisor Zimmerman advised that this would be on file in the Town Clerk's Office for anyone interested.

A letter was read from Legislator Ronald Bennett advising the Town Board of action taken at the January 17th session of the Erie County Legislator. The letter was received and filed.

A thank you note was received from Laurel Burger for approving a Special Permit so she could keep a horse on their property at Old Orchard. The note was received and filed.

A letter was received from the Boston Emergency Squad advising the Town Board of their officers for 1980. The letter was received and filed.

Mr. Joseph Krencik, 7107 Boston State Road asked the Town Board to consider a noise ordinance before summer and the crowds again gather at Murphy's Tavern. Mr. Krencik advised the Board that Hamburg and Orchard Park have a noise ordinance. Town Attorney Maxwell stated that noise is noise and a Noise Ordinance would have to be enforced on all noise not just Murphy's. Councilman Wittmeyer advised Mr. Krencik that he didn't feel an ordinance would help as the amount of decibels allowed is high and he felt the noise level at Murphy's was not at that high a level. Town Attorney Maxwell pointed out that the ordinance would not apply to the noise made outside of Murphy's in the parking lot. Supervisor Zimmerman stated that he would check into the Noise Ordinance of Hamburg and Orchard Park.

Karen Kline, speaking on behalf of the Conservation Advisory Council, asked if the Town Attorney would draw up a petition to call for a vote on Erie County Sewer District #3. Town Attorney Maxwell advised that he had anticipated this request and would contact the County for the proper form.

Mr. Bonnabeau of Valley View Lane advised the Town Board that he and his neighbors are having a problem with rats and would like the Town Board to take care of this problem. He further stated that he felt the rats were there because of garbage behind the Patchin Fire Hall. Supervisor Zimmerman directed the Building Inspector to look into this problem and report to the Board.

Applications were received from the Boston Hills Mobile Home Park and Sprague's Trailer Park for a 1980 Trailer Park License. Supervisor Zimmerman advised the Board that the Building Inspector had made an inspection of the parks and found

Sprague's okay, but there was still the problem of raw sewage at the Boston Hills Mobile Park. Supervisor Zimmerman directed the Town Clerk to send a letter to the owner of the Park and the Erie County Health Department and ask them the status of this sewage problem.

A motion was made by Councilman Wittmeyer and seconded by Councilman Faulring approving the application of the Sprague's Trailer Park for a 1980 Trailer Park License for 40 trailers at \$25.00 per trailer at a cost of \$1,000.00.

A letter was received from the New York State Department of Audit and Control acknowledging receipt of the Local Law #1 - Games of Chance.

A letter and Report of Examination were received from the New York State Department of Audit and Control relative to the report of Audit conducted for years January 1, 1975 to December 31, 1978. Supervisor Zimmerman explained the letter and Town Clerk Klein pointed out that he felt Paragraph 3 could be challenged as the State does not furnish sheets for an analysis of fund balance for the Capital Projects Fund. Supervisor Zimmerman stated he would question the State on this and that the Audit Report would be in the Town Clerk's Office for anyone interested.

A letter was read from the New York State Department of Transportation relative to the Town Board's request for street lights on the Route 219 and Route 391 detour. The letter advised the Board that it was the opinion of the Department of Transportation that street lights are not needed on the detour. Councilman Wittmeyer stated he disagreed with their findings. The letter was referred to the Traffic Safety Committee Chairman Councilman Samulski and he stated he would check further into the matter as he also disagreed with the Department of Transportation's findings.

Letters were read from Legislator Ronald Bennett advising the Board of action taken at the February 7th and February 21st sessions of the Erie County Legislature. The reports were received and filed.

Supervisor Zimmerman asked that the bids be tabled to the next meeting.

A letter was read from the New York State Department of Environmental Conservation relative to the Quarterly Inspection on Boston Sewer Districts #2, #3, and #4. Supervisor Zimmerman stated he would meet with the Sewer Maintenance Man and then report back to the Conservation Department.

A letter was read from Assemblyman Kennedy advising the Board that he would be at the Boston Town Hall on Saturday, March 15th from 1:00 P. M. to 2:30 P. M. to meet with Boston residents. The letter was received and filed.

A letter was read from Assemblymen Kennedy and Sheffer advising of a seminar for Public Officials to be held from May 4 - 6 in Albany. The letter was received and filed.

Karen Kline asked if anyone knew where in the Town of Boston a person could walk, go horseback riding, have a picnic and etc. She also asked if the County Park was open to the public. Supervisor Zimmerman stated he would check into this and report back to her.

Jim Carr pointed out to the Board that the letter from New York State Department of Transportation had mentioned no street lights in the vicinity of the detour before construction was started, but there had been one in front of Mr. Fittry's property. In answer to a question as to how long the detour would be in use, he stated he thought most of the summer.

Town Clerk Klein reported that he had sent a letter to the Erie County Health Department relative to the sewage problem at the Boston Hills Trailer Park and had received a letter from the Health Department advising that this was now the responsibility of the Department of Environment and Planning so had sent them a letter, but as yet had not received an answer. The issuance of a 1980 license for the Boston Hills Park was tabled to the next meeting.

A motion was made by Supervisor Zimmerman and seconded by Councilman Wittmeyer granting permission to the Boston Democrat Club to use the Town Park for an Easter Egg Hunt on Saturday, April 5 at 1:00 P. M. A Certificate of Insurance has been received.

At a Regular Meeting of the Town Board of the Town of Boston, Erie County, New York, held at the Boston Town Hall, 8500 Boston State Road, Boston, New York on the 2nd day of April, 1980 at 7:30 P. M., Eastern Standard Time, there were present

David Zimmerman	Supervisor
Milton Wittmeyer	Councilman
Esther Faulring	Councilman
Don Wohlhueter	Councilman
Alfred Samulski	Councilman

Supervisor Zimmerman presented the following resolution and moved its adoption:

WHEREAS, the Southtowns Planning and Development Group is an organization of Towns and Villages in Southern Erie County enjoined together for the purpose of identifying, addressing and resolving mutual concerns and problems, and

WHEREAS, the issue of solid waste disposal has been identified as a major problem facing the Towns and Villages in Southern Erie County by the Southtowns Planning and Development Group, and

WHEREAS, The Southtowns Planning and Development Group recognizes the vital role that Gowanda Psychiatric Center with its 1,180 full time jobs and \$12 million per year payroll plays in our area's economy and recognizes the need to insure its future stability and ability,

THEREFORE BE IT RESOLVED, that the Southtowns Planning and Development Group, in an effort to provide an economically feasible and environmentally acceptable alternative to the solid waste problem in Southern Erie County and in an effort to insure the economic stability of the area, asks that an extensive feasibility study of the proposal for establishment of a "solid waste-to-energy" facility at the Gowanda Psychiatric Center be initiated, and

BE IT FURTHER RESOLVED, that due to the nature of and potential impact of the proposal that monies for said Study be secured through New York State or Federal governmental avenues, and

ALSO BE IT RESOLVED, that copies of this RESOLUTION be sent to the various effected Local, County and State Officials, representatives and committees.

Councilman Wittmeyer advised that he had received complaints relative to the garbage pickup service by Joe Ball. He noted the complaint has been that they are leaving garbage and if there are over three cans or bundles out that they will not take the extra can or bundle. Councilman Wittmeyer stated that it appears that if everything is not exactly right they will not pick it up and although he had pointed out to the people that it is not the Town's responsibility as this is contracted privately, he felt a letter or a call from the Town might shake them up to improve their service. Councilman Wittmeyer stated that he had also heard that in the Creekside Subdivision they drive down the middle of the road and throw the garbage cans both ways and there have been complaints as the people cannot get around them.

Town Clerk Klein advised that he had called Joe Ball today and apparently at this time of year when the Town is getting ready for their Spring Pickup the collectors are advised not to take anything that looks like trash as it should be saved for the trash pickup. Town Clerk Klein further advised that he had told them if two people

lived in a house and normally had one pail of garbage and one week had two bags with leaves in it and they refused to take it, it was going too far. It was noted that Mr. Ball agreed and they went and picked the two bags of leaves up today.

Mr. Leo Gokey advised that a letter has been received from Joe Ball that they will not pick up more than four bags. Councilman Wittmeyer stated that he could understand their reasoning there, but there were two bags of leaves that were left.

Town Clerk Klein was directed to send a letter to Joe Ball expressing the Board's concern over the past two weeks of not picking up all the garbage. Town Clerk Klein stated that he received a number of calls from people with complaints about garbage and in the wintertime when they sometimes don't pickup at all on a hill road, Joe Ball will send a letter stating they did not pick up the garbage on such and such a road and giving the reason so when a complaint is received the complaintant can be given an answer.

Supervisor Zimmerman stated that there will be a meeting at the Boston Town Hall on Wednesday, April 23, 1980 at 7:30 P. M. to discuss a short term solid waste plan.

Councilman Samulski stated they were still investigating the possibility of installing no parking signs on Ripple Drive and should have a report at the next meeting.

Councilman Samulski stated he had been requested to see if the Creekside signs at the entrance to the Subdivision be removed. Following discussion relative to who is responsible for these signs, Highway Superintendent Kreitzbender was requested to check to see whose Right of Way they are in and if possible take the necessary steps to see they are removed.

Present were Superintendent David Zimmerman, Councilman Milton Wittmeyer, Councilman Esther Faulring, Councilman Don Wohlhueter, Councilman Alfred Samulski. Absent were Highway Superintendent Clarence Kreitzbender and Town Attorney Charles Maxwell.

Councilman Wittmeyer and Boston Emergency Squad President James Stang reviewed the bids received on April 2, 1980 for a new ambulance. Mr. Stang's opinion was that the low bid did not meet the specifications. The Emergency Squad favors the emergency equipment module built by Professional Vehicle Sales, Inc. The Board requested Mr. Stang to submit written documentation on what specifically the other bidders failed to meet in the specifications.

Supervisor Zimmerman recessed the meeting until Monday April 21, 1980 at 7:00 P. M. to receive the written documentation from President Stang on where other bidders failed to meet specifications.

Special Meeting
Boston Town Hall

April 21, 1980
7:00 P. M.

Present were Supervisor David Zimmerman, Councilman Milton Wittmeyer, Councilman Esther Faulring, Councilman Don Wohlhueter and Councilman Alfred Samulski. Absent were Highway Superintendent Clarence Kreitzbender and Town Attorney Charles Maxwell.

James Stang, President of the Boston Emergency Squad, made the following presentation:

The Board was concerned about repercussions because of rejection of some bids. The Municipal Code was read stating that the Town has the right to reject any or all bids and accept a bid that is in the best interest of the town.

The point on which all the ambulance bids have failed to meet the specifications except for the bid by Professional Vehicle Sales, Inc. is that their bids do not include modular cabinetry that can be removed and replaced in ninety (90) minutes as the specifications state. Only Professional Vehicle Sales, Inc. submitted a bid with modular capabilities. All the other ambulances have fixed cabinetry.

The reasons for wanting the replaceable units is to be able to update the units that become outdated without having to replace the whole ambulance. The modular units are supposed to last the life of three chassis's.

The probability that in the next three to five years Telementary equipment will be installed to make communication with the hospital possible during transport makes the modular units necessary because some units can be removed to make room for that equipment.

Councilman Samulski raised the question that a chassis for the truck being considered now may not be in production in a few years. Supervisor Zimmerman replied that it would probably have to be made on special order in that case.

Councilman Samulski questioned whether there were any other points where the bidders did not meet specifications? Mr. Stang said that the electrical unit was to be placed behind the attendant seat and to be easily removable for repair in a time span of fifteen minutes. None of the ambulances except Professional Vehicle Sales, Inc. have removable units and the whole vehicle has to go in for repair.

Councilman Wittmeyer noted that with changes coming in medical equipment, it makes sense to be able to update sections of the unit without replacing everything.

Mr. Stang stated that the Squad plans to keep their present ambulance as a back up, but that all their heavy extraction equipment will be on the new rig. They also have

exterior lighting equipment.

Councilman Samulski asked how the specifications were formulated. Mr. Stang replied that he obtained copies of Hamburg's and Scranton's specifications and formulated his specs from a combination of theirs as well as adding a list of nine additional items that the squad wanted added.

Councilman Wittmeyer made a motion to award the bid for a chassis to Emerling Chevrolet, Inc. at a cost of \$8,998.00 with a delivery date of July 1, 1980 and the modular unit to Professional Vehicle Sales, Inc. at a cost of \$33,196.00 with a delivery date of August 1, 1980. The motion was seconded by Councilman Samulski.

Legislative reports were read from Legislator Ronald Bennett advising the Board of action taken at the April 17 and May 1, 1980 sessions of the Legislature.

Supervisor Zimmerman stated he had talked to Mr. Alessi of the Department of Environmental Conservation and had been advised that there will be public information meetings held in this area for the Erie County Sewer District #3.

Letters were read from Governor Carey's office, Assemblyman Kennedy, Assemblyman James Emery, Assemblyman Stanley Fink, Assemblyman Richard Keane, State Senator Dale Volker and State Senator Ray Gallagher relative to the Town of Boston's resolution on solid waste to energy proposal at the Gowanda Psychiatric Center.

Notice was received from the State of New York State Board of Equalization and Assessment that the Equalization Rate has been set at 8.84.

A letter and Amendments to the Erie County Water Authority's Rules for the Sale of Water and the Collection of Rents and Charges were received. Supervisor Zimmerman advised that these would be on file in the Clerk's Office for anyone interested.

A letter was read from Ray and Shirley Kneis, Chestnut Ridge Road expressing concern over the cost and service of garbage pickup. Supervisor Zimmerman appointed Councilman Wittmeyer, Councilman Faulring and Councilman Wohlhueter to serve on a committee to study the garbage problem and make recommendations on which way the Board should move.

Joseph Krencik, Boston State Road, asked the Town Board how they were progressing with the Noise Ordinance. He advised the Board that the noise was not bothersome yet, but knew it would be this summer. He stated that the people in the Creek-side Apartments are complaining also. Councilman Samulski stated that the owner of Murphy's has been cooperative in the past and the Board will talk with him again and move on this problem step by step. Councilman Wittmeyer stated that he was not sure that a Noise Ordinance would do any good, but Mr. Krencik disagreed.

A motion was made by Supervisor Zimmerman and seconded by Councilman Wittmeyer granting a Soil Removal Permit to Anna Gernold, Trevett Road.

Town Clerk Klein stated he had received a request from Mrs. Slippery, 7376 Boston State Road for a School Bus Stop Sign at 7370 Boston State Road. The request was referred to the New York State Department of Transportation.

The Tax Collector's Monthly Report was received.

Town Clerk Klein received a letter from Professional Vehicles and Sales, Inc. relative to the new ambulance module bid they were awarded. The letter noted that a delivery date of August 1, 1980 could not be guaranteed. Councilman Wittmeyer stated that this should be no problem and a target date of August 1, 1980 was set so the delivery date would not be into 1981.

The Town Justice Monthly Report was received.

Councilman Wohlhueter advised the Board that the following officers had been elected at the Drainage Committee meeting on May 6. Chairman, Edward Snow; Vice Chairman, James Carr; and Secretary Walter Zelasko. Councilman Wohlhueter further advised that the Drainage Committee will be recommending another site for a drainage study.

The Board was advised by Councilman Wohlhueter that the County had begun to patch Eckhardt Road.

Councilman Wittmeyer reported that the Capital Improvements Committee had met and discussed the possible uses for the new land. Discussion included locating the Highway Department in that area and moving the metal building behind the highway garage to that area. Also discussed moving the Old Town Hall and having it restored and used for a Historical Building and possibly an Art Center.

Councilman Samulski asked Town Attorney Maxwell to look into a No Parking Ordinance for Ripple Drive from Route 219 to Southside Drive as the residents of Ripple Drive have complained about cars from Murphy's.

An estimate of costs was received from Cullen D. Moncreiff for Water Line Extension in Water District #2 on Feddick Road. Supervisor Zimmerman reported that the next step would be to look into the means for funding the project. Mr. John Panek, Feddick Road questioned if there wasn't a surplus from the original job and Supervisor Zimmerman advised that he did not have the figures at hand, but would check into it.

A motion was made by Councilman Wittmeyer and seconded by Councilman Samulski authorizing Cullen D. Moncreiff to do a cost feasibility study of water service for Shero Road and Back Creek Road and the cost of the study not to exceed \$1,000.00.

A letter was read from the Sewer Maintenance Man Reed Garver relative to a Department of Conservation Inspection of the Sewer Districts. Mr. Garver stated that Highway Superintendent Kreitzbender had taken care of the dike. Supervisor Zimmerman stated he would meet with Mr. Garver to discuss the problems.

The Building Inspectors Monthly Report was received.

Building Inspector Decker advised the Board that there would be a Public Hearing in Buffalo on the Boston Hill Trailer Park because of their sewer system violations.

The Board was advised by Town Clerk Klein that letters had been sent to property owners in violation of the Junk Ordinance.

A Certificate of Approval of Realty Subdivision Plans for Septic and Water from the New York State Department of Health and approved subdivision maps from the Boston Planning Board relative to the Rustic Subdivision were received.

A letter was read from the Boston Planning Board recommending that the rezoning application of Herbert Warren be granted. There was a lengthy discussion by the Board as to what portion should be rezoned from RRB to B-1 as the Planning Board recommends only the section to be used for the collision shop be rezoned which would mean that the frontage would remain RRB. The Board expressed their concern with not having business zoning extended to the highway. A motion was made by Councilman Wittmeyer and seconded by Councilman Faulring to set a public hearing for June 4, 1980 at 8:00 P. M. to consider the application of Herbert Warren to rezone his property at 9220 Boston State Road.

Upon the recommendation of Town Attorney Maxwell, Town Clerk Klein was directed to write Mr. Carpenter requesting a copy of the Building Restrictions, which are incorporated into his deed, for the Old Orchard Subdivision as it was felt that these restrictions prevented keeping a horse.

A letter was read from Assemblyman Kennedy and Senator Dale Volker relative to O & M funding for Sewer Districts. Town Clerk Klein reported on his trip to Albany to attend a meeting on O & M reimbursement and to support a bill now in Ways and Means that would set O & M State aid at 33 1/3%. Town Clerk Klein was directed to send letters to Senator Adnerson and Marchi and Assemblymen Fink, Welsh and Kremmer expressing the Boston Town Boards support of this bill.

Mr. Doyka, Ravine Drive, advised the Board that he was having a water drainage problem on his property and requested the Town Board to rectify the situation as he felt the Water line construction and a changed drainage ditch were causing the problem. Following discussion, Supervisor Zimmerman stated he and Highway Superintendent Kreitzbender would meet with Mr. Doyka Saturday morning and would also try to have a representative of the Water Authority there to check if there might be a leak in the pipe.

Upon written request of Pearl Emerling, 9000 Boston State Road, a motion was made by Councilman Wohlhueter and seconded by Councilman Faulring to amend the use on the original Building Permit #79-85, issued October 4, 1979 from "cold storage" to "retail carpet sales".

Councilman Wittmeyer reported that Monday, May 26 would be the Town of Boston's Memorial Day celebration with a service at the Common at 1:00 P. M. and a parade at 2:00 P. M.

Councilman Wittmeyer advised that the Capital Improvements Committee had walked the newly purchased Cary property to get an idea of the location of the Highway Buildings if the Department should be moved. He further advised that an appraiser would be out next week to appraise the present Highway property.

Councilman Wittmeyer reported that a letter had been received advising that Volunteer Firemen are covered while pumping a cellar if they were ordered out by their chief.

Councilman Faulring requested the Traffic Safety Committee to look into placing speed limit signs on Boston Cross Road. She suggested one at Boston Cross and Cole Road and one at Boston Cross and Route 219.

Councilman Samulski reported that a meeting will be held of the Cable TV Committee to draw up proposals to the interested companies.

Councilman Samulski asked Town Attorney Maxwell to begin drawing up a No Parking Ordinance for Ripple Drive. Town Attorney Maxwell advised that he would and asked that winter parking restrictions be included in this. Councilman Samulski stated that he would make a tour of the Town with Chief Antos and would advise the Town Attorney of any other areas to be added.

Councilman Samulski advised that a meeting had been held with Jeff Phillips of Murphy's and he had been advised to set down items to improve the noise level at his tavern. The list was read by Councilman Samulski which included a possibility of putting in air conditioning, speakers had been taken down, conduct a parking lot check and check property lines once a week for trash. He further stated that he could do nothing about squealing tires when the patrons left. Councilman Samulski stated he felt these items were vague and he asked that a meeting be set up with Mr. Phillips to come up with more concrete ideas. Supervisor Zimmerman stated he had received a call from a resident of the Creekside Apartments complaining of the noise. The Town Board agreed to meet with Mr. Phillips after the next Town Board Meeting.

A motion was made by Councilman Samulski and seconded by Councilman Wittmeyer accepting the resignation of Walter Mullett as a Town of Boston Constable.

A letter was read from the New York State Department of Transportation acknowledging receipt of a letter from the Town Clerk requesting a traffic engineering study for a School Bus Stop Ahead sign on Route 219 near Abbott Road. The letter was received and filed.

A letter was read from Legislator Ronald Bennett advising the Town Board of action taken at the May 15th session of the Erie County Legislature. The letter was received and filed.

A letter was read from Stimm-Fitzpatrick advising the Town Board that Pfarner Road will be closed east of the Winter and Inman properties for the construction of the Southern Expressway. This is a permanent closing. The letter was received and filed.

Mr. Doyka, Ravine Drive, again requested the Town Board and Highway Superintendent to correct the problem he is having with drainage on his property. Highway Superintendent Kreitzbender stated that an employee from Erie County Water Authority was to take a sample of the water being forced ^{out} of the ground to determine if it is a leak in the water line, but he has not heard from anyone relative to the test results. Mr. Doyka stated a sample was taken, but not from his property, but his neighbors property. Following discussion the Town Board and Highway Superintendent Kreitzbender agreed to go to Mr. Doyka's residence at 6:00 P. M. on June 5 and check into the matter.

Karen Kline thanked everyone for their cooperation on Memorial Day.

An application for a Soil Removal Permit was received from Harold Kreitzbender for property located on Boston State Road. Supervisor Zimmerman advised that the Town Board would meet Thursday night at 6:00 P. M. to make an on sight inspection of the proposed soil removal area.

A letter was read from Harold G. Frantz requesting a dumping permit for waste building materials. Supervisor Zimmerman advised that he had talked to Tony Voell of the Erie County Department of Environment and Planning and Mr. Voell had suggested that Mr. Frantz be directed to contact the New York State Department of Environmental Conservation and make application for a demolition dump site as approval from the State was one of the things to be done before the Town could do anything. Supervisor Zimmerman directed Town Clerk Klein to send a letter to Mr. Frantz advising him that his first step in getting approval is to contact the New York State Department of Environmental Conservation and if he should have any questions to contact Mr. Voell of the Erie County Department of Environment and Planning.

A motion was made by Councilman Wohlhueter and seconded by Councilman Faulring granting permission to Good Shepherd Lutheran Church to hold a church picnic on July 13, 1980 from 11:00 A. M. to 6:00 P. M. pending receipt of the Certificate of Insurance by the Town Clerk.

The Town Justice Monthly Financial Report was received.

Councilman Wittmeyer advised that the Capital Improvements Committee would be going to Springville Thursday evening at 7:00 P. M. to look at their Highway Garage. He also noted that the appraiser for the Highway Garage had met with Town Attorney Maxwell and the appraisal should be received soon.

Councilman Wittmeyer thanked Karen Kline for a job well done on the Memorial Day Celebration.

Councilman Samulski reported that the Traffic Safety Committee had investigated the placing of a speed limit sign on the Boston Cross Road and a letter had been sent to the County Department of Public Works requesting a study be made of this area for the placement of speed limit signing.

Councilman Samulski further advised the Board that the Traffic Safety Committee had also requested in the letter that Traffic Control Studies be made along Hillcroft and Back Creek Road and Shero and Zimmerman Road.

Councilman Samulski further advised that there was a problem of traffic exiting the Mobil Station in North Boston as the line of sight was interfered with by shubbery and this has been removed.

Town Attorney Maxwell advised the Board that the original cost of the metal building at the Highway garage was \$12,125.00.

Upon a letter of recommendation from Chief Joseph Antos, a motion was made by Supervisor Zimmerman and seconded by Councilman Samulski approving the appointment of Robert Lorek as Patrolman for the Boston Police Department.

At 8:00 P. M. a Public Hearing was held to consider the request of Herbert Warren and Beatrice Warren to rezone their property at 9220 Boston State Road from RRB to B-1 Business.

The Legal Notice was read by the Town Clerk. Letters were read from the Boston Planning Board with their recommendation and Lester and Edith Hill, 6601 Aspen Drive objecting to the rezoning. The Zoning Referral Application was returned by the County of Erie with no recommendation.

Ralph Scharf, 9244 Boston State Road, stated he lived next door to Mr. Warren and did not have any objection to a collision shop.

Mr. Albert Feltz, 9230 Boston State Road stated he lived next door and had no objection.

Mr. Daniel Kamenda, 9220 Boston State Road, directly in front of Mr. Warren stated he had no objections.

LEGAL NOTICE TOWN OF BOSTON

AMENDMENT TO ZONING ORDINANCE AND ZONING MAP OF THE TOWN OF BOSTON

NOTICE IS HEREBY GIVEN that the Town Board of the Town of Boston, Erie County, New York, will hold a Public Hearing on the 4th day of June, 1980 at 8:00 P.M., Eastern Daylight Savings Time in the Boston Town Hall, 8500 Boston State Road, Boston, New York on the petition and request of Herbert D. Warren and Beatrice E. Warren to rezone the following described property, which is presently zoned Residential Restricted Business RRB to Business B-1 under the Zoning Ordinance of the Town of Boston, said property being described as follows:

Mr. John Koza, 9260 Boston State Road, stated he did object as their lot line is next to Mr. Warren's and they are building a new house on Back Creek Road and it would be depreciated. Mr. Koza read a portion of an article by Supervisor Zimmerman printed in the Suburban Press relative to the Expressway taking the traffic off Route 219 and to make Boston an even better place to live and Mr. Koza stated that a collision shop in the middle of houses is not a country setting. Mr. Koza stated he and Mrs. Koza have been fighting to keep this type of stuff out so they can enjoy their later years and they hated to see their property being depreciated by Mr. Bolt and now a collision shop. Mr. Koza stated they felt they were being hemmed in by noise from Rucker, although it was behind the trees and they could stand it. He stated that he felt they had been citizens of the town all their life and did not feel they should be subjected to any pushing from people that make their life miserable and the Town Board should see what can be done to make a better life for them.

Mrs. Koza stated that Jim Pfanner had been called several times because of the work in the collision shop and that they had been unable to sit in their yard on Sundays because of the noise. She stated that this was not the place for a collision shop and most of the people for it were friends and relatives. Mrs. Koza stated that she had talked to a lot of people and they were not for a collision shop in this area, but they did not want to get involved. Mrs. Koza stated that when they move to their new home on Back Creek Road all they will see are cars from their back yard.

Robert Warren, the person who will be running the collision shop, stated that this was his fathers land and he wanted to start a small business for himself and he realizes there is an ordinance against junk cars so he would not have junk cars. He stated he planned to work on his cars and his friends cars and would contain his work inside the building.

Councilman Samulski asked Mr. Warren if he was presently employed. Mr. Warren stated yes at Emerlings in the Collision Shop. He stated his hours were from 8:00 A. M. to 5:00 P.M. Councilman Samulski asked if he would continue his work at Emerlings and he stated if his business becomes profitable, hopefully not, he would like to work for himself. Councilman Samulski asked if his work at the shop would be done after 5:00 P. M. and he stated yes and he would work no later than 9:00 P. M. In answer to a question from Mr. Samulski, he stated he did not live on the property, but lived in Hamburg and he also replied that he would be the only one working in the shop. Councilman Samulski asked when he would work and if he had ever been in business before. Mr. Warren stated he would work evenings from 5-9P. M. and on Saturday mornings, but no Sunday work and that he had never been in business before.

Kenneth Schunk stated he owned six units of duplexes across the street and he expressed concern that the area in question was being zoned Business and pointed out that six months from now this place could be sold and a motorcycle shop could come in. Mr. Schunk further noted that the tax on these six duplexes is \$20,000.00 and there was a lot of value in Real Estate. He stated he did feel this would be spot zoning although he realized it was off the road. He stated he felt it was going to hurt himself and others.

Jim Schunk, owner of one duplex in the Aspen area stated he objected to the rezoning 100% and as far as he was concerned if someone wanted to start a small business he should rent a small empty garage and see how it works out.

Mr. Joe Peters, Aspen Drive, stated he had primarily built in that area for country environment and enjoys life out there and would not like to see someone come in next door and start to pound on a piece of tin metal. Mr. Peters stated before moving out here he had lived two doors from a sheet metal shop and body shop and he knows what it is like to hear someone pounding with a neumatic hammer and he objected to the spot zoning.

ALL THAT TRACT OR PARCEL OF LAND, situated in the Town of Boston, County of Erie and State of New York, known and distinguished as part of Lot No. 3, in the 8th Township and 4th Range of said Township and bounded as follows: BEGINNING at a point in the center line of the Hamburg - Springville Road (U.S. 219) at the northeast corner of the lands of Hiram Horton and being 851.40 feet record from the south line of said Lot No. 3 as measured along said center line of said road; thence continuing northerly along the said center line of said road 114.24 feet; thence westerly at right angles to the center line of said road 208 feet to the southwest corner of lands conveyed by deed recorded in the Erie County Clerk's Office in Liber 6635 of Deeds at Page 187; thence northerly along the west line of said premises so conveyed by said deed 50 feet to the south line of premises conveyed by Deed recorded in Erie County Clerk's Office at Liber 4616 of Deeds at Page 210 and rerecorded in Liber 6194 of Deeds at Page 184; thence westerly along the south line of lands conveyed by said last mentioned deed 25 feet; thence southerly at right angles 60 feet; thence westerly at right angles 60 feet; thence northerly at right angles 60 feet to the south line of lands conveyed by deed recorded in the Erie County Clerk's Office in Liber 6180 of Deeds at Page 497; thence westerly along the south line of lands so conveyed by the last mentioned deed 40 feet; thence southerly at right angles 135 feet more or less to the north line of Hiram Horton, the said being the south line of lands conveyed to Albert Rucker and Elizabeth Rucker his wife by deeds recorded in Erie County Clerk's Office in Liber 1584 of deeds at Page 148; thence easterly along said line of Horton and Rucker 333 feet to the center line of said Hamburg - Springville Road and the point and place of beginning.

At this hearing, at the time and place noted, all interested parties will be heard for or against said petition.

Herbert H. Klein

Supervisor Zimmerman pointed out that this was not considered spot zoning as it is next to business zoning.

Ken Schunk asked if the Water Company and Telephone Company were zoned business. Town Attorney Maxwell stated if he put them in a category they would be in a business category. Town Clerk Klein pointed out that back of Mr. Warren's property which touches Ruckers is the area referred to as adjoining business property.

Mrs. Koza pointed out that what will happen is the business zoning will keep moving until it comes to their house.

Mr. Peters stated he was in R-3 and asked if he could start a business. It was explained by Town Clerk Klein that R-3 was not business zoning, but just for multiple dwellings. He pointed out that RRB is along Route 219 and the area where the telephone building is is RRB and the building is a permissive use for that zoning, and explained what can be done in RRB.

Barbara Schunk stated she owned a house across the street and she objected to the rezoning as she felt the noise would be too great.

Councilman Samulski asked Mr. R. Warren if he had looked at other locations or properties in the Town. Mr. Warren stated there was not much land zoned business in Boston.

Mr. Peters asked if he had explored Hamburg for a site and Bob Warren stated no as he had lived in Boston all his life and his name was known in Boston.

Mr. Herbert Warren stated the whole idea was for him to get it zoned and get his business going and then he would sell it to him. Mr. H. Warren stated he had been in business there for 25 years and just spent \$5,000.00 remodeling his home.

Mr. Scharf stated he did not feel there would be much noise because of the grade and also there was six or seven acres between this shop and the Koza's house. Mrs. Koza pointed out that they owned most of the property.

Jim Schunk stated he felt if a collision shop went in young people would hang around and there would be noise and squealing tires. Councilman Faulring asked Mr. Schunk if he lived in the duplexes and he stated no. Mrs. Faulring questioned why he was concerned then and he stated he rented the apartments and if there was noise people would not rent them. She asked if the tenants were present to complain and he said no, he had not advised them and no one had sent them a letter.

Mr. Kamenda advised that the shop was behind his house and he had not been bothered by noise. Councilman Samulski asked if there was business there and Mr. Kamenda pointed out that people had said they had to go in the house because of noise and he had never been bothered by noise. Mr. R. Warren stated he fixed his car and his parents car there now.

Mr. Peters stated that as the business picked up so would the volume of noise. He asked about a Noise Ordinance and Supervisor Zimmerman explained that there was no Noise Ordinance although one had been requested.

John Warren stated as far as noise, he knew a lot of people who mow their lawn with headlights and also pointed out how the sound of a chain saw echoes through the valley. He stated that the shop is secluded with buildings and trees and he could not see the noise being a problem and knowing his father he did not feel that the kids would cause havoc as he would not have it. Mr. Warren stated he tried to start a business and was turned down. He stated he felt that this area was at one time a small area for business and this is why it was purchased.

Jim Schunk stated he did not feel there was any comparison between a lawn mower and pneumatic hammer which is like a jack hammer.

Bob Warren asked if a noise ordinance would state times when the noise level would have to be down. Supervisor Zimmerman stated probably and Mr. Warren said that would be fine with him.

Mr. Herbert Warren stated where he worked in Buffalo they had to keep their noise level down or the Police would come in.

Mr. Peters stated that a lawn mower which is about 82 decibels is quiet compared to a pneumatic hammer. Mr. Peters further pointed out that a Noise Ordinance would have a decibel range.

John Koza pointed out that the area has been described as well secluded which is true except on the side that they live on. Councilman Faurling stated that at the Planning Board Meeting Bob agreed to put up a fence and trees to shut that off. Mr. Koza stated he did not care how many trees were there, it would not stop the noise. Councilman Faurling stated that the people on top of it weren't complaining. Mrs. Koza stated that is probably because they like the place and want to stay.

John Koza pointed out that the same thing will happen there that has happened at Thompson's Collision Shop.

Jim Schunk stated that the boys dad would not always be here to oversee the business.

Bob Warren stated the reason he bought a house in Hamburg is because it was a lot cheaper. He noted in five years he could sell that place and buy his Dad's place and live there.

Councilman Wittmeyer stated he and Supervisor Zimmerman had walked over the land and had talked to Mr. Warren and it was his opinion that he sees nothing wrong with it. Mrs. Koza stated their land was 80 feet from the shop area.

Councilman Samulski stated he would like to go on record that he is not totally opposed to business expansion within the Town, but at the right place and right time and if there is a definite need for such a business. He stated at this particular time he felt there is not a need or at least the applicant has not expressed that there is definite need for a business of the type he wants to undertake. Councilman Samulski stated the location now is all well and good, but the area will be zoned business and there is nothing to say the business will not be brought forward into the garage or any place on that property. He added the property could be sold and with no control as it would be zoned for business. Councilman Samulski stated perhaps he might be prejudice, but almost every collision shop he has seen he associates it with noise, dirt, dust and cars on the outside and just a guarantee at the Public Hearing by the applicant is not sufficient that in the future he would not have cars stored there. He stated he had heard nothing from him on his proposal to put up a screen or fence and his hours of business operation admittedly would be in the evening hours and those are usually hours of relaxing for people in the neighborhood. Councilman Samulski further stated that he would hate to be setting on his back porch or in his back yard and have something going on between the hours of 5 and 9 P. M. in the evening and weekends and he was totally opposed to rezoning and asked the Board to take this under consideration when they vote.

Councilman Faurling stated she was not opposed to a collision shop in that area and she felt the young man should have a chance.

A motion was made by Councilman Wittmeyer and seconded by Councilman Faurling to close the Public Hearing.

PRESENT:	David Zimmerman	Supervisor
	Milton Wittmeyer	Councilman
	Esther Paulring	Councilman
	Don Wohlhueter	Councilman
	Alfred Samulski	Councilman

ABSENT: NONE

The following resolution was offered by Councilman Samulski, who moved its adoption, seconded by Councilman Wittmeyer, to wit:

BOND ANTICIPATION NOTE RESOLUTION DATED JUNE 4, 1980, FOR THE ISSUANCE AND SALE OF NOTES ON THE TOWN OF BOSTON, NEW YORK, IN ANTICIPATION OF THE SALE OF \$55,000.00 SERIAL BONDS FOR THE COST OF PART OF THE PURCHASE PRICE OF ONE 1979 AUTOCAR CHASSIS AND BODY TRUCK MODEL DC7344 WITH SNOW REMOVAL EQUIPMENT.

BE IT RESOLVED, by the Town Board of the Town of Boston, Erie County, New York, as follows:

Section 1. The specific object or purpose for which the bonds are to be issued is payment of part of the cost of the purchase of one (1) 1979 Autocar Truck Chassis and Body Model DC-7344 with snow removal equipment by the Town of Boston, New York.

Section 2. The maximum estimated cost of such specific object or purpose is \$68,096.97 and the plan for financing thereof is as follows:

- a) By issuance of \$55,000.00 serial bonds of said Town, hereby authorized to be issued pursuant to the Local Finance Law and by the payment of the balance of said total cost in the form

of \$13,096.97 from current funds now available in the highway budget.

Section 3. It is hereby determined that the period of probable usefulness of the aforesaid specific object or purpose is at least 5 years, pursuant to subdivision 28 of paragraph (a) of Section 11.00 of the Local Finance Law. It is hereby further determined that the maximum maturity of the serial bonds herein authorized shall be five years.

Section 4. The faith and credit of said Town of Boston, Erie County, New York, are hereby irrevocably pledged to the payment of the principal and interest on such bonds as the same respectively become due and payable. An annual appropriation shall be made in each year sufficient to pay the principal of and interest on such bonds becoming due and payable in such year. There shall annually be levied on all the taxable real property within said Town of Boston a tax sufficient to pay the principal and interest on such bonds as the same become due and payable.

Section 5. Subject to the provisions of the Local Finance Law, the power to authorize the issuance of and to sell bond anticipation notes in anticipation of the issuance and sale of the serial bonds herein authorized including renewals of such notes, is hereby delegated to the Supervisor, the chief fiscal officer. Such notes shall be of such terms, form and contents, and shall be sold in such manner, as may be prescribed by said Supervisor, consistent with the provisions of the Local Finance Law.

Section 6. This resolution shall take effect immediately.

The question of the adoption of the foregoing resolution was duly put to a vote on roll call, subscribed by the members voting in the affirmance thereof, which resulted as follows:

A letter was received from the New York State Department of Environmental Conservation relative to Operation and Maintenance Inspections of the four Sewer Districts in the Town of Boston. Supervisor Zimmerman reported that he had talked to Sewer Maintenance Man Reed Garver and one of the items which was mentioned was broken pipes in Sewer District #3 which has been taken care of.

A letter was read from County Legislator Bennett advising the Board of action taken at the June 5th session of the Legislature. Supervisor Zimmerman stated that he understood a date of September 24, 1980 has been set for the referendum on County Sewer District #3 and he would set up a public information meeting for the first week in August for Boston residents.

Letters were read from Senator Moynihan, Assemblyman Kremer, Assemblyman Emery and Congressman Nowak acknowledging receipt of the Town Board's resolution for funding on Sewer Districts. The letters were received and filed.

A letter was read from Assemblyman Walsh acknowledging receipt of a Town Board resolution in support of a solid waste to energy facility at the Gowanda Psychiatric Center. The letter was received and filed.

A letter was read from the Buffalo General Hospital with additional information on the proposed emergency satellite in Orchard Park. Supervisor Zimmerman suggested to the Board that they make no recommendation on either of the proposed facilities. There was no comment from the Board and the letter was received and filed.

A letter and monthly report were received from In-Home Support Services Corporation of Western New York advising the Board that no homes in the Town of Boston have received home winterization aid.

Mr. Paul Doyka asked if anyone had an idea what was going to be done about his water problem. Supervisor Zimmerman advised that someone will be coming out from the Erie County Water Authority to supervise the Town Highway Department's digging up of the waterline next week.

Karen Kline suggested to the Board that the letter from Buffalo General Hospital should be referred to the Boston Emergency Squad as they might like to take a stand. Supervisor Zimmerman directed the Town Clerk to forward a copy of the letter to the Emergency Squad.

A motion was made by Supervisor Zimmerman and seconded by Councilman Wittmeyer approving the granting of a Soil Removal Permit to Harold Kreitzbender for property owned by him on Boston State Road.

The Warren rezoning was brought before the Board and a letter from Jacqueline Koller, Abbott Road was read which expressed her views on living near a collision shop. Supervisor Zimmerman stated that after the last meeting he had done a lot of thinking and everyone had brought up their points which were valid reasoning for and against the rezoning. He stated he felt businesses were needed in Town and he knew that noise would be associated with it, unsightly messes outside, signs, vehicles stored. Supervisor Zimmerman stated that the one thing that bothered him was the fire in Cheektowaga yesterday and he would recommend that this rezoning application not be approved at this time because of the wood frame construction and until it is made into more of a fire resistant building. He recommended to the Board, on his part that the rezoning request be turned down for that particular reason only and not because of the noise. A motion was made by Councilman Samulski and seconded by Councilman Wohlhueter that the application for rezoning of the Herbert Warren property, 9220 Boston State Road, from RRB to B-1 be rejected. Councilman Wittmeyer asked to comment before a vote was taken. He stated that he would vote for the rejection of the application, but would like to look into a special use permit to allow this business to continue under special restrictions by the Town Board so the business does not have to discontinue.

Supervisor Zimmerman suggested that Mr. Warren meet with the Town Board to discuss the possibility of a Special Use Permit. It was decided to meet after the meeting.

A letter was read from Harold Carpenter requesting the Board to act on his request for a permit to stable a horse on his property at 5952 Old Orchard. A letter was also read from Town Attorney Maxwell advising the Board of restrictions imposed on all lots in the Old Orchard Drive Subdivision. Town Attorney Maxwell was directed to send a letter to Mr. Carpenter advising him of the restrictions which would prohibit the stabling of a horse in the Subdivision.

A motion was made by Councilman Faulring and seconded by Councilman Samulski to accept the following personnel and salaries for the Summer Recreation Program as recommended by Recreation Supervisor Orffeo:

Supervisor Zimmerman reported that the Town of Boston had entered into an agreement with Chase Manhattan Bank to borrow money at 5½% interest for a year to pay for the 1979 Autocar Chassis and Body Truck Model DC7344 with snow removal equipment. Bond Anticipation Note resolution was passed at the June 4, 1980 Town Board Meeting.

Supervisor Zimmerman advised that he had received calls of complaints about not having bus service on the west side of Town for the recreation program and has been in contact with the Recreation Director and there will be bus service going up Zimmerman and Feddick Roads. He further advised that as soon as he gets the information it will be put in newspapers.

Councilman Wohlhueter stated that the Drainage Committee had met and went over the Creekside-Meadow Drive Drainage Study prepared by URS and before the committee suggests one of the alternatives they will be meeting with a representative of URS to have questions they had answered. The meeting will be on July 1 and the committee would like the Town Board present if possible. Councilman Wohlhueter further stated that the Drainage Committee passed a resolution at their June meeting recommending that the next drainage study be made of Anthony Gulf from the Powerline to Route 219. Supervisor Zimmerman stated he had received a memo from the Drainage Committee relative to this matter and asked that it be tabled to the July meeting so he can determine how much money is available.

Councilman Samulski stated that the Cable TV Advisory Committee had met and they are planning to visit Global and International Cable to inspect their facilities and to get a reading from them on what they may have to offer the Town of Boston in the way of Cable TV Service.

Councilman Samulski reported that the Traffic Safety Committee had sent a letter to the County of Erie Department of Public Works suggesting they study the stop signs at Zimmerman and Shero and Hillcroft and Back Creek Roads and also a speed limit on the Boston Cross Road. He stated that he will study this further as it requires a resolution that will have to be submitted to the County and State. He advised that he would have the resolution ready for the July Town Board Meeting.

Councilman Wittmeyer asked that a letter be drafted to inquire if the Emergency Squad members are covered if they respond to a mutual aid outside of Boston in their own automobiles. Town Clerk Klein stated he would write the letter.

Councilman Wittmeyer requested a letter be sent to the Alcohol Beverage Control Board advising them that alcoholic beverages can be sold at the Town Park.

A letter was read from the Planning Board relative to Gary Templin's failure to complete the Master Plan. Supervisor Zimmerman stated that a letter had been received from Templin explaining why he had not finished it and promised to complete it this summer.

Letters were read from Assemblyman Stanley Fink, State Senator Dale M. Volker and State Senator John J. Marchi relative to the Town Board resolution on O & M Funding for sewer districts.

A letter was read from County Legislator Ronald Bennett advising the Board of action taken at the June 19th session of the Erie County Legislature.

Supervisor Zimmerman advised the Board that a Public Information meeting, relative to the referendum set for September 24, 1980 on County Sewer District #3, has been set for September 9, 1980 at 7:30 P. M. and a tentative site for the meeting is Boston Valley School. Supervisor Zimmerman stated more information will follow.

Karen Klinczar asked the Board who owned the poles on Patchin Road. Town Attorney Maxwell advised that he did not know who owned them, but he could tell her the Town of Boston did not. Karen asked Highway Superintendent Kreitzbender if he would contact the County Highway to see if they knew who owned them. He advised that he would, but he felt they were owned by Coy James as he had Cable TV in that area. Town Clerk Klein suggested that Karen write to the County Attorney for his opinion.

An unidentified town resident suggested to the Town Board that in view of the problems with buses this year, thought might be given to charging a registration fee next year to take care of the cost of buses. She pointed out that the Boston Recreation Program was one to be proud of and would hate to see it ruined because there were not buses to transport the children. Supervisor Zimmerman advised that this possibility was being looked into. The question was also asked why the pool in Springville was used and not the ones in Hamburg. Supervisor Zimmerman advised that the Hamburg pool had a use charge and the one in Springville did not.

Karen Klinczar asked if the Recreation Department would consider purchasing bleachers for the baseball diamonds, as at the present time they have to be carried from one place to another.

A Soil Removal Permit Application was received from Robert Arent, 8712 Cole Road. The Board set a date of July 22, 1980 at 7:00 P. M. to check the proposed Soil Removal site.

A motion was made by Supervisor Zimmerman and seconded by Councilman Samulski granting permission to the Boston Lion's Club to use the Town Park from July 29th through August 1, 1980 for their annual Oktoberfest contingent on receipt of a Certificate of Insurance in the amount of \$250,000.00.

Supervisor Zimmerman advised that on July 9, 1980, three bids were taken on the Erie County Sewer #3 - Chestnut Ridge lateral; West Hill lateral and Water Valley lateral and the combination of the three bids was \$2.8 million below the estimate thus making a savings of \$20.00 per household.

The Tax Collector's Monthly report was received.

Town Clerk Klein advised that he had filed an appeal on the census figures and although he was not sure there was anything to appeal, today was the deadline and he wanted our appeal reported. Mr. Klein explained to the Board how the figures had been arrived at and the reasoning behind the appeal.

The Town Justice Monthly Financial Report was received.

Councilman Wittmeyer stated that a letter had been received from the State Insurance Fund advising that Emergency Squad Members were covered by Insurance if they are called to a mutual aid and are driving their own cars.

A motion was made by Councilman Wohlhueter and seconded by Councilman Faulring to accept the recommendation of the Drainage Committee to make a drainage study of the Anthony Gulf area.

Councilman Samulski reported that the Cable TV Committee had taken a tour of the Global Cable facilities and the representatives seemed eager to put Cable TV in Boston. He further noted that an attempt to contact International Cable has been fruitless as they will not return the calls and he has tried to set up an appointment to no avail. Supervisor Zimmerman suggested that Steve Shay in Albany be contacted, and tell him what kind of response we are getting and see what he says.

A motion was made by Councilman Samulski and seconded by Councilman Wittmeyer requesting the Town Clerk to send a letter to the County Highway Department to correct the following three items:

1. reduce speed on Boston Cross Road from Route 219 to Cole Road
2. installation of two Yield signs on Shero Road and Zimmerman Road

At 8:00 P. M. a Public Hearing was held to consider the granting of a Special Use Permit to Herbert Warren, 9220 Boston State Road. The Legal Notice was read by the Town Clerk. Town Clerk Klein reported that he had sent letters to homeowners two houses each way of the property and had received no comments.

John Koza stated that they had tried to advance standards in the Town of Boston as he had lived here all his life and all they have is what they have in the land and he did not feel it was fair to them to have more obstructions to a better way of life than what they have been getting as there is the saw mill which is the biggest junk yard in the Town of Boston and if a collision shop is put next to it there will be more junk. Mr. Koza pointed out that they are closest to it and their property will devalue more than anyone elses. He stated all agreed it was a fire hazard and was probably the most congested part of Boston and the building was nothing but Hemlock. Mr. Koza stated that the Board had said they would

LEGAL NOTICE

NOTICE OF PUBLIC HEARING
 NOTICE IS HEREBY GIVEN that the Town Board of the Town of Boston, Erie County, New York, will hold a public hearing at the Boston Town Hall, 8600 Boston State Road, Boston, New York on Wednesday, July 9, 1980 at 8:00 Eastern Daylight Savings Time to consider the granting of a Special Use Permit for the operation of a collision shop on property owned by Herbert and Beatrice Warren at 9220 Boston State Road. This notice is being given pursuant to the provisions of Article IX of the Zoning Ordinance of the Town of Boston.
 At this hearing, at the time and place above noted, all interested persons will be heard for or against said application.

make him put in fireproof laster board which is all well and good, but what if he comes in with a clunker and the gasoline is running all the way down and a cigarette is thrown on it and buildings will go up just like that. Mr. Koza stated another thing bothers him and that is sanitary conditions, will he need toilet facilities and a washbasin. He pointed out that there is a stream going down to Eighteen Mile Creek now from the overflow and he felt the Erie County Board of Health should check into this if the Town Board plans on going ahead with this even though it will hurt John Koza's property.

Councilman Samulski asked Mr. Warren to answer the question on what sanitary facilities are needed. Mr. Warren stated Mr. Decker should know as much about it as anyone as he put the tank in. Mr. Decker stated that he did know there was a tank back of the barn.

Mrs. John Koza asked if anyone could come in and ask for a Special Use Permit and who was going to police the operation. It was pointed out that this was the Building Inspectors job. She stated that she was opposed to the issuance of a Special Use Permit for a collision shop.

Councilman Wittmeyer stated that he had visited with John Koza and had explained that they would have more control then they do now and it would be a better operation.

Councilman Samulski stated he was against the rezoning and is also against the Special Use Permit as it will be difficult to police this business.

Councilman Wohlhueter asked if a Special Use Permit would be drawn up by the Town Attorney and it was pointed out that a copy of a letter was in their file folders stating the conditions, although these were not conclusive.

Councilman Samulski stated he felt that the Building Inspector was stretched pretty thin now and didn't need more work.

Mr. Koza pointed out that the permit issued to build the garage was for the wrong reason as it was to house a motor home, but the motor home sat out most of the time so Bob Warren could work on large trucks. Bob Warren objected stating that the motor home was stored in there a lot.

Councilman Faurling stated she was not opposed to the Special Use Permit being issued and felt that the Building Inspector should check to see that the conditions are being met.

Frances Vacanti questioned if an adjoining property owner had any rights or if their rights were less than those requesting a permit.

Karen Klinczar asked why it would be legal now, meaning the business being conducted at this location. It was pointed out that the only cars being worked on are Mr. Warren's cars. Fran Vacanti asked if there was any proof these were his cars.

Mr. Herb Warren advised that the barn and buildings had been there for years and he was not building around people they had built around him.

John Koza stated he did not think the Town needed more collision shops and pointed out where collision shops are located and what a mess they are. Supervisor Zimmerman pointed out that at a meeting with Mr. Warren, where Mr. Koza was present, one of the conditions that was suggested was storage of more than two vehicles requiring collision work either whole or parts thereof not be allowed outside the building.

Councilman Samulski questioned if granting a Special Use Permit would cause a nuisance and he felt putting a collision shop in the middle of a residential area, with the noise, dirt and debris would, and he did not see how any Special Use Permit criteria would eliminate this.

Councilman Samulski stated that Bob Warren bought a noise meter and the decibel reading at Mr. Koza's property line was 70+ and any Noise Ordinance he had read stated any noise crossing a property line could not be greater than 50 or 55 decibels, so this is a violation and a nuisance would be created by granting a Special Use Permit.

Bob Warren pointed out that therefore you could not stand at a property line and talk as this is the same amount of noise.

Charles Decker stated he had a development across the street and had said nothing to this time. He pointed out to the Board that he had had a complaint today on

a collision shop in North Boston and there were about 25 people in Town that are just waiting to see how the Town Board acts tonight.

A motion was made by Supervisor Zimmerman and seconded by Councilman Wittmeyer that the Public Hearing be closed.

Daniel Tronolone, Attorney for Greg Grezkowiak, purchaser of the Lopez property at 8708 Boston State Road, requested the Town Board to issue a variance to permit the continued use of the property at 8708 Boston State Road for the sale and restoration of antiques. Following discussion, it was pointed out by Town Attorney Maxwell to Mr. Tronolone that the Zoning Ordinance was put in effect in 1958 therefore unless the property had been used as an Antique Business prior to that time a petition would have to be made for rezoning as the property is zoned RRB. Town Clerk Klein advised Mr. Tronolone that if he could get the petition for rezoning to him by Friday, he could refer it to the Planning Board in time for their August Meeting. A motion was made by Councilman Wittmeyer and seconded by Councilman Faulring to refer the petition request of Attorney Daniel Tronolone to rezone property owned by Joseph Lopez and purchased by Greg Grezkowiak from RRB to B-1.

Town Attorney Maxwell stated that an Assessment lawsuit against the Town had been brought by WBUF which has a TV Tower and building on Cole Road. He stated that he would be requesting at a later date the hiring of an appraiser to justify the assessment.

Councilman Samulski reported that the County has installed Yield signs on Shero and Zimmerman Road as requested. He further thanked Highway Superintendent Kreitzbender for putting up the No Parking signs on the Boston Common and the job that was done on Creekside.

Gary Walters reported that Councilman Samulski, Joe Terrizzi and himself of the Cable TV Committee had visited Global and International Cable TV Companies and got a basic idea how this is run. Councilman Samulski advised that a Survey would be conducted of three areas - Valley Circle Lane; Fairlane - Sherwood - Valley View Lane; Boston Cross Road and Sunset Lane. This survey would be conducted to determine interest,

what they would be willing to pay for the Cable TV system and what reception they now are getting. He noted that these questionnaires would be handed out door to door early next week.

Councilman Wittmeyer advised that the Capital Improvements Committee would meet Monday night at 7:30 P. M. to discuss the moving of the former Emergency Squad building to the Town Park. He further noted that there is an Art Development Council which is interested in turning it into an art center. Councilman Wittmeyer stated there is a tentative site for the building and Roger Schneckenberger, original landscape architect will be asked for his opinion.

The Building Inspectors Monthly Report was received.

A letter was read from the Chairman of the Recreation Advisory Board, Paul Becker, recommending Recreational Activities/Facilities to the Town Board. Councilman Wittmeyer stated that Paul Becker was on the Capital Improvements Committee also and at the meeting Monday night the suggestion for a surface under the Lion's shelter would be discussed. He further noted that other questions in the letter can also be taken care of.

A letter was read from the Patchin Fire Company requesting the Board to look into the placement of a fire hydrant on the west side of Route 219 in the vicinity of the town Hall due to the increase in valuation in this area. The Board requested this matter be turned over to Engineer Moncreiff for a cost analysis and for him to work with the fire chief to determine the location.

WHEREAS, the Town Board of the Town of Boston has received presentations by the Buffalo General Hospital and Buffalo Mercy Hospital on their proposals to furnish Emergency Medical Care to the Southtowns area, and

WHEREAS, both hospitals have requested support for their proposals, and

WHEREAS, the Boston Town Board strongly supports the need for Emergency Medical care for the residents of Boston and the southtowns at a closer proximity than presently is now available, and

WHEREAS, the Boston Town Board feels that either of the proposals received from Buffalo General and Buffalo Mercy would provide this emergency medical care, and

WHEREAS, the Boston Town Board feels that the decision should be made by the experts in the health field as they are more knowledgeable on this matter than are the members of the Boston Town Board.

NOW THEREFORE BE IT RESOLVED, that the Boston Town Board supports the need for an Emergency Medical Care facility for the Southtowns area and that either proposal offered by Buffalo General Hospital or Buffalo Mercy Hospital would be acceptable to them, and

FURTHER BE IT RESOLVED, that the Boston Town Board feels that the decision of which hospital is designated to provide this service should be decided by the experts in the health field rather than by members of the Boston Town Board, and

FURTHER BE IT RESOLVED, that the Boston Town Clerk be directed to send a copy of this resolution to the Health System Agency.

The bids were referred to Nussbaumer and Clarke, Inc. Consulting Engineers for their study and recommendation at the September 17, 1980 Town Board Meeting.

At 8:00 P. M. a Public Hearing was held to consider the adoption of Local Law #1 of the year 1980 pertaining to the control of noise. The Legal Notice was read by the Town Clerk. A letter was read from the County Of Erie Department of Environment and Planning advising that there was no objection. A letter was read from John Schultz, 5639 Northside Drive, asking if a Noise Ordinance is passed it include barking dogs.

Supervisor Zimmerman stated the Board will receive comments tonight for and against the Noise Ordinance and then the comments will be taken into consideration. He further advised that the Board realizes the Ordinance is put together from four or five different ordinances and there are things in that shouldn't be and things that should be in that are not. Supervisor Zimmerman advised that the Town Board will also receive written comments until October 1st and anyone wanting to read the proposed ordinance can do so in the Town Clerk's Office. Town Clerk Klein reviewed the proposed Ordinance by sections.

Mr. William Metzger, 5171 Glenn Terrace, asked for a definition of motor vehicles as in the V & T Book. He asked if it would be specific or just say motor vehicles. Councilman Samulski read the definition of Motor Vehicle from the V & T Book. Supervisor Zimmerman stated that it would read Motor Vehicle and in addition mini bikes, snow mobiles and go carts if left as it is.

Mr. Metzger asked if a stereo with amplifiers would apply. Councilman Samulski stated this would be sound amplifying equipment. Councilman Samulski stated the blaring of stereo equipment would be in violation.

Mrs. Gertrude Bobseine, 6739 Mill Street asked if this would be anytime and it was pointed out that it would be from 10:00 P. M. to 7:00 A. M. of the following day.

Mr. Metzger asked what Section 2 meant which refers to noise level at property lines. Councilman Samulski stated this may have to be changed to a 50 DBA reading crossing any property line.

Mr. Metzger asked if the sound of a stereo could blast all day long. He stated he did not want it in effect twenty-four hours, but he would like the noise held down.

Mrs. William McGirr, Trevett Road, asked if the Town possesses the necessary machines to measure noise level and if not what is the projected cost. Supervisor Zimmerman stated we do not have the equipment and the cost is from \$800.00 to \$3,000 - \$4,000. It was felt only one unit would be needed.

Mrs. McGirr asked what would happen if a farmer's animals became unruly some night, could the farmer be arrested? She felt this was outrageous. Councilman Samulski stated if you read the last part of Section D under animals and fowls it reads a

TOWN OF BOSTON
NOTICE IS HEREBY GIVEN that there has been presented to the Town Board, Town of Boston, Erie County, New York on August 6, 1980, a copy of Local Law Number 1 of the Year 1980, entitled "A Local Law pertaining to the control of noise within the Town of Boston, Erie County, New York."

NOTICE IS FURTHER GIVEN that the Town Board of the Town of Boston will conduct a Public Hearing on the aforesaid proposed local law at Boston Town Hall, 8500 Boston State Road, Boston, New York, on Wednesday, September 3, 1980 at 8:00 o'clock P.M., Eastern Daylight Saving Time, at which time all persons interested will be heard.

reasonable person of normal sensitivity in any residential neighborhood and a farmer does not live in a residential neighborhood, but is zoned Agriculture so it does not apply.

Mrs. McGirr stated that this was somewhat selective and Councilman Samulski agreed it was selective as far as they want it to be and Mrs. McGirr asked how it would be enforced. Councilman Samulski stated by interpreting the law.

Gabriel Zsiros, 6466 Patchin Road stated that when the music is playing at the Valley View he can't sleep. He advised that LeRay Staff on Shero Road can hear it and also Pat Barrett stated he can hear it. He further noted he has a sick wife and it is driving her crazy. He has been unable to put the screens on. Mr. Zsiros noted that on September 14th there would be a Jamboree and he wouldn't care if only they would turn down the amplifiers. He noted he is the only one in the neighborhood to complain as one woman loves the music and another parks his car there. Mr. Zsiros stated he would contact the Health Department and when Councilman Samulski asked why he said it was his secret.

Joseph Krencik, 7107 Boston State Road, stated he had been complaining about Murphy's for one and one half years and anyone who lives around Murphy's knows what noise is. Mr. Krencik stated that there was a race car out front and the motor would be revved up on it two or three times during the night. He stated it is quiet now as it is closed. He said he was all for the ordinance.

Eric Pommerenck, Boston State Road asked if he was correct to assume that there was a county ordinance. Supervisor Zimmerman stated he did not think there was any County Law and Mr. Pommerenck stated he was under the assumption that there was one from 11:00 P. M. to 7:00 A. M. and if there was one he did not feel a need for another one and asked that it be checked into.

Joseph Krencik stated he did not feel that there was any County Ordinance as the State Police don't care and noted that once when he called them they came out and stated that the people at Murphy's were only having a good time.

Eugene Wallace, 7458 Chestnut Ridge Road asked what had brought on talk of a Noise Ordinance. He stated he had been out here twenty years without one. Supervisor Zimmerman explained that there have been complaints for about one and one half years because of Murphy's and there are also complaints about Valley View and McDonalds, mini bikes and snowmobiles. Supervisor Zimmerman further stated that after looking at many, many ordinances this one was put together, but he is not sure that is everything they want the way they want it and that is the reason for the Public Hearing to ask for input to improve it.

Mr. Joseph Gonda, 5239 Glenn Terrace, pointed out that with this ordinance if a person had a long driveway mini bikes could ride up and down it all day and they couldn't be stopped. Supervisor Zimmerman stated it does not say too much about mini bikes and asked Mr. Gonda is he was suggesting the ordinance say more on mini bikes. He stated yes.

Mrs. Bobseine stated she felt the ordinance would be more trouble than it was worth and what we really needed was police around once in a while when there are squealing brakes.

Kathy Metzger, 5171 Glenn Terrace, stated that the police advise that they can't do anything without the ordinance.

Herbert Warren, 9236 Boston State Road, stated that there were complaints on the noise at his place, but the complaintant's sons had mini bikes and he didn't complain.

Frank Russo, owner of the Valley View, stated that he heard everyone complaining about the noise, but do not realize the repercussions the ordinance will cause as the places that are loud are the places people go and take away the noise and you will lose people working and the place where people want to go. Mr. Russo asked if they wanted to kill the Town.

*

John Simmons, 4647 Morningside Drive stated that he works at the steel plant and they were told that the noise level could not be above 85 decibels on any equipment. He noted that it was said this was insurmountable at the time, but they are living within the standards. Mr. Simmons stated that laws cannot be passed for specific individuals. He noted he has complained about noise and it can't be resolved by talking so he is in favor of the ordinance, and could not see why a tavern could not live within the standards if a plant can.

*William McGirr, Trevett Road, state he understood if he has a party in his back yard and someone complains he can be fined \$250.00 and put in jail for 15 days. Supervisor Zimmerman stated yes that was possible.

*Linda Smerka, 6536 Fairlane Drive, stated they could hear the Octoberfest and she didn't feel the musci had to be so loud that you can't hear yourself think.

Susan McGirr, Trevett Road, stated the ordinance will not be uniformly enforced and if it is it will be imposed on people unfairly. She stated they were talking about controlling local business and if so where will you get the money. How selective are you going to be in the businesses that are regulated.

Karen Klein stated that there are people who do not go to the taverns because the noise is so loud. She stated that if you live next door to a mini bike you do not have a choice of whether to go or not, you live there and are stuck there. She stated with the ordinance at least the police would have leverage although there is no such thing as a uniformly enforced law anywhere.

Eugene Wallace stated that kids have run mini bikes in the hill for 20 years and when people moved here they knew that and he did not feel there was any need for an ordinance.

Norman Kuhn, 4592 Morningside Drive stated that he has reported many times a car repair shop next to him. They have friends over there, sanders, buffers run all day. They race motorcycles without mufflers and the Town has been after them and said only their kids could use the track behind the house. Mr. Kuhn stated they now ride unlicensed cycles on the street.

Mrs. Metzger stated she is afraid for her children as cars, mini bikes and motorcycles are on their street going up and down racing and spinning out. Supervisor Zimmerman stated that the police can't do anything unless they see it being done.

Lloyd Quick, Boston State Road stated that the problem is no police protection after 11:00 P. M. when they are really needed.

William McGirr stated instead of spending all that money on equipment to control noise maybe another Police Officer should be hired.

Gary Walters, Zimmerman Road stated that an informal survey of noise was taken at Murphy's during the Spring or early Summer at the peak period of time and it was found out at the time that the average noise was that of the trucks going up and down the road. Councilman Wittmeyer stated that he and Councilman Samulski went down to Murphy's unannounced at 1:00 A. M. on a Saturday night with a meter and right across the street was twenty decibels and by standing next to Norbert Klein's house they could hardly get the needle to move. He stated at Mr. Krencik's it was twenty and inside Murphy's it was ninety decibels. Councilman Wittmeyer stated that trucks and cars going by were up to ninety. He stated that if the ordinance is passed there will still be noise as these businesses have to be allowed to operate, as fifty-five is legal and there will still be noise. Councilman Wittmeyer further stated that in new buildings they are requiring steps to contain the noise, but we are working with old buildings.

Leo Gokey, Ripple Drive, stated he did not have too much noise with the music, but he did have problems with the patrons and he was getting tired of them on his lawn.

Jim Stewart, Valley Circle Lane, asked how bar owners could control people that leave his tavern and he didn't feel it was the bar owners fault they squealed tires and had loud mufflers.

Mr. Krencik stated the bartender was responsible when he or someone went out and reved up the race car engine as he has control of the keys.

Mrs. Metzger asked who had Noise Ordinances. Supervisor Zimmerman stated Hamburg and Orchard Park did, Eden did not.

Mrs. McGirr stated that the local people would be penalized for people who come from out of town.

Mr. Lewis Lindner, 5995 Herman Hill Road, suggested sunset to 7:00 A. M. as the time for enforcement.

Eric Pommerenck asked what would be done about semis who go over the noise level and knew they did as both his front windows were cracked.

Norbert Klein stated he felt there should be more police protection late at night then earlier as when the cars leave they honk and squeal their tires.

Councilman Wittmeyer asked if the cars were more problem than the music.

Daniel Kempf, 5204 Glenn Terrace stated he has trouble with speeding cars driven by adults and teens and he suggested a speed limit on each end of the street.

Mrs. Lindner, Herman Hill Road stated from what she heard there was no one to call when there was too much noise. Supervisor Zimmerman stated that the police have

said that they cannot do much without a noise ordinance.

William McGirr asked if the people would vote on the ordinance. Supervisor Zimmerman stated the Board would vote on it.

Tom Finger, Colonial Drive, stated that he did not feel any ordinance was to restrict freedom of anyone, but to insure the livability of anyone in town and this has to be taken into consideration. He felt if someone was chronically disturbing another person the only help they could get would be with the noise ordinance.

A motion was made by Councilman Wittmeyer and seconded by Councilman Wohlhueter to close the Public Hearing.

A letter was read from the Planning Board advising the Town Board that they had approved the Rustic Subdivision on August 18, 1980. Town Clerk Klein advised that he had a Certificate of Deposit in the amount of \$52,000.00 dated September 19, 1980 with a maturity date of November 18, 1980 from Community Creators, Inc. developers of Rustic Subdivision. Town Clerk Klein advised the Board that he had given each of them a set of plans of the Subdivision. Supervisor Zimmerman asked Town Attorney Maxwell if everything was in order. He stated that the following would be needed: the installation or bond for installation by the builder of sub road base and finished base and drainage. He noted that we have \$52,000.00 guaranteeing that that work will be done. Town Attorney Maxwell stated that water is under the jurisdiction of the Erie County Water Authority because on this project they will own the water lines. He stated that he had been advised that the money in the amount of \$46,900.00 has been posted and bonds posted with the Erie County Water Authority. He noted that water will be brought down Route 277 from Orchard Park to the entry way of the Subdivision. This contract is ready to go and the other contract is installation of water lines within the Subdivision. Town Attorney Maxwell stated there will be underground power and he had received a letter from New York State Electric and Gas and they had received a signed contract and a contribution. He stated that to his knowledge, the Town was covered for installation of all improvements and could now issue permits. Supervisor Zimmerman questioned if there should be a break, would the Water Authority stand the cost and Town Attorney Maxwell stated yes. Town Attorney Maxwell further stated that a drainage district will have to be set up and also hydrant rental charges will have to be levied. He noted that the only charge we will be responsible for is hydrant rental charges.

Town Attorney Maxwell advised the Board that the water lines are a takeoff of the Orchard Park system and go down Route 277 so he felt if it was wanted the Town could take off from this and bring it down. Supervisor Zimmerman asked Mr. Doll, developer of the Rustic Subdivision if the people on Route 277 would be allowed to tie into the water system if it goes by their house. Mr. McCarthy, Attorney for Mr. Doll stated that Mr. Doll has posted the money for the construction of it and under the contract he has entered into Erie County will let it out for bid and construct the water line and anyone near that water line will then enter into a contract with the Erie County Water Authority and pay a price for tapping in and the charge will be on the basis of frontage. Mr. Lindner asked when construction will start and Mr. McCarthy stated it is imminent and Mr. Doll stated it would be completed by November 13th. Mr. Lindner was advised he would have to contact the Water Authority.

Town Clerk Klein stated that he had received a call from Hamburg School asking when the school bus could run on the road. Town Attorney Maxwell stated that the Highway Superintendent will inspect the road when it is completed and if it has his okay then the Town will take it over and accept the deed.

A motion was made by Councilman Wohlhuter and seconded by Councilman Faulring to accept the Certificate of Deposit in the amount of \$52,000.00 based on the recommendation of Town Engineer Moncreiff that it is an adequate sum to insure and guarantee the installation and completion of the highway and drainage facilities as per plans and specifications and that the Town Clerk be authorized to issue building permits for the Rustic Subdivision.

Town Attorney Maxwell advised that the Noise Ordinance will be redrafted to make it simpler and not rely so heavily on sophisticated equipment and since it is a major redrafting, it will be necessary to hold another Public Hearing. A motion was made by Councilman Wohlhueter and seconded by Councilman Faulring that Local Law No. 1 of 1980, the original Noise Ordinance, not be approved and directing the Town Clerk to publish for a Public Hearing to consider the adoption of a Noise Ordinance, to be held on December 3, 1980 at 7:45 P. M.

Councilman Wittmeyer advised that the new ambulance is in and should be in service in another week.

Councilman Wittmeyer advised that the Capital Improvements Committee would be meeting on November 13th at 7:00 P. M. He noted that they now have the updated Master Plan for the Town Park and Thursday night they will begin looking into grants for different sections of the Town Park.

Councilman Samulski stated that the Cable TV Committee is still working to get material for a public information meeting but so far have not found anything in film or video tape. He noted there was one more source to check into. Paul Ballachino questioned the results of the survey and/quoted the figures and advised there had been a great deal of interest.

Councilman Samulski

Councilman Faulring thanked the Town Board for her reappointment.

The Boston Police Department's monthly report was received.

The Building Inspector's monthly report was received.

The Dog Control Officers July report and an abbreviated report for August and September were received.

Supervisor Zimmerman stated that the proposed Winter Parking Ordinance had been tabled following a Public Hearing on October 15, 1980 as there was a question relative to the Ripple Drive residents still wanting a permanent ban on parking on Ripple Drive. Councilman Samulski stated he had talked to the residents of Ripple Drive and they would rather not have a ban on parking as it was meant to preclude Murphy's patrons from parking there and there no longer seemed to be a problem. A motion was made by Councilman Samulski and seconded by Councilman Wohlhueter to adopt Local Law #2, 1980 Winter Parking with the following changes in the original ordinance:

1. Delete Section 2
2. Delete notation in Schedule A for part of Ripple Drive

The following resolution was offered by Councilman _____

Wittmeyer _____, who moved its adoption, seconded by _____

Councilman Samulski _____, to wit:

BOND ANTICIPATION NOTE RESOLUTION DATED NOVEMBER 5, 1980, FOR THE ISSUANCE AND SALE OF NOTES OF THE TOWN OF BOSTON, NEW YORK, IN ANTICIPATION OF THE SALE OF \$40,000.00 SERIAL BONDS FOR THE COST OF PART OF THE PURCHASE PRICE OF (1) 1980 CHEVROLET CAB AND CHASSIS, MODEL CC 31403 WITH HORTON MODULAR AMBULANCE EQUIPMENT 450 M-R SERIES.

BE IT RESOLVED, by the Town Board of the Town of Boston, Erie County, New York, as follows:

Section 1. The specific object or purpose for which the obligations are to be issued is payment of part of the cost of the purchase of (1) 1980 Chevrolet Cab and Chassis, Model CC 31403 with Horton Modular Ambulance Equipment 450 M-R Series by the Town of Boston, New York.

Section 2. The maximum estimated cost of such specific object or purpose is \$42,254.00 and the plan for the financing thereof is as follows:

(a) By the issuance of \$40,000.00 serial bonds of said Town, hereby authorized to be issued pursuant to the Local Finance Law and by

the payment of the balance of said total cost in the amount of \$2,254.00 from current funds now available in the general budget.

Section 3. It is hereby determined that the period of probable usefulness of the aforesaid specific object or purpose is at least five (5) years pursuant to subdivision (28) of paragraph a of Section 11.00 of the Local Finance Law. It is hereby further determined that the maximum maturity of the serial bonds herein authorized shall be five (5) years.

Section 4. The faith and credit of said Town of Boston, Erie County, New York, are hereby irrevocably pledged to the payment of the principal of an interest on such bonds as the same respectively become due and payable. An annual appropriation shall be made in each year sufficient to pay the principal of and interest on such bonds becoming due and payable in such year. There shall annually be levied on all the taxable real property within said Town of Boston a tax sufficient to pay the principal and interest on such bonds as the same become due and payable.

Section 5. Subject to the provisions of the Local Finance Law, the power to authorize the issuance of and to sell bond anticipation notes in anticipation of the issuance and sale of the serial bonds herein authorized, including renewals of such notes, is hereby delegated to the Supervisor, the chief fiscal officer. Such notes shall be of such terms, form and contents, and shall be sold in such manner, as may be prescribed by said Supervisor, consistent with the provisions of the Local Finance Law.

Section 6. This resolution shall take effect immediately.

The question of the adoption of the foregoing resolution was seconded by Councilman Samulski, duly put to a vote on roll call, subscribed by the members voting in the affirmance thereof, which resulted as follows:

LOCAL LAW NO. 1 OF THE YEAR 1980

ADOPTED NOVEMBER 5, 1980

A LOCAL LAW providing for the Prohibition, Restriction and Regulation of the stopping, standing or parking of motor vehicles upon highways within the Town of Boston, Erie County, New York.

BE IT ENACTED by the Town Board of the Town of Boston, Erie County, New York, as follows:

Section 1. DEFINITIONS.

As used in this Local Law, the following terms shall have the meaning ascribed to them herein.

- (a) "Town" shall mean the Town of Boston, Erie County, New York
- (b) "Person" shall mean any individual, partnership, unincorporated association or corporation.
- (c) "Motor Vehicle" shall mean all such vehicles as defined in the Vehicle and Traffic Law of the State of New York, and in addition thereto, mini-bikes, mopeds, snowmobiles and all other recreation vehicles.

Section 2. RESTRICTIONS, LIMITATIONS AND REGULATION OF PARKING OF MOTOR VEHICLES.

No person shall between the hours of 11:00 p. m. of one day and 7:00 a. m. of the next day, park, stand, store or cause to be parked any Motor Vehicle owned or controlled by said person, firm or corporation, upon any Town of Erie County Highway as enumerated in Schedule "A", or any Town Highway hereafter dedicated to the Town of Boston during the period of the year commencing with the 1st day of November until the 31st day of March, both inclusive, of each year following the adoption of this Local Law.

Section 3. REMOVAL AND IMPOUNDMENT OF VEHICLES IN VIOLATION OF THIS LOCAL LAW.

- (a) A Vehicle Pound, as designated by the Town Board of the Town of Boston, shall be the place or places to which Motor Vehicles found to be in violation of this Local Law may be removed at the direction of a Police Officer.
- (b) Any Motor Vehicle in violation of any of the provisions of this Local Law, any

ordinance of the Vehicle and Traffic Law of the State of New York, may be removed and conveyed by, or under the direction of a Police Officer, by means of towing or otherwise, to the Town Vehicle Pound. Such removal shall be at the risk of the owner of the vehicle. Before the owner or person in charge of the vehicle shall be permitted to remove the said vehicle from the custody of the police at the Town Vehicle Pound, he shall furnish evidence of his identity and ownership or right to possession and shall sign a receipt for such vehicle, and shall pay to the Clerk of the Town Justice Court the sum of SIXTY DOLLARS (\$60.00) for towing and the sum of FIVE DOLLARS (\$5.00) for each day or fraction thereof during the time the vehicle remains in the pound.

- (c) Instead of towing the vehicle to the Pound, a Police Officer may serve upon the owner or driver of the vehicle a summons.

Section 4. PARKING ON PREMISES OR PROPERTY OTHER THAN STREET

- (a) No person shall park, stand, store or leave a Motor Vehicle upon any publicly or privately owned premises or property, parking areas or parking lot without the consent and permission of the owner or lessee of such premises.
- (b) To effectuate the prohibition of parking on such premises as above described, a conspicuous sign or signs shall be posted on such private land, parking lots or parking areas informing the public as to the permitted conditions of parking thereon or the prohibition thereof together with a reference to this Local Law.

Section 5. PENALTIES FOR VIOLATIONS.

Any person who shall violate the provisions of this Local Law shall be guilty of a violation and upon conviction thereof may be punished by a fine not to exceed TWO HUNDRED FIFTY DOLLARS (\$250.00). Each day that such violation continues may be considered and constitute a separate violation.

Section 6. This Local Law shall take effect immediately upon being filed in the Office of the Secretary of State in accordance with Section 27 of the Municipal Home Rule Law.

A motion was made by Supervisor Zimmerman and seconded by Councilman Samulski that the General Fund and Special District Bills in the amount of \$2,796.46 be paid.

four (4) ayes

Carried

A letter was read from Legislator Ronald Bennett advising the Board of action taken at the November 6th session of the Erie County Legislature. The letter was received and filed.

A petition, signed by Community Creators, Inc., President Richard Doll, was presented to the Town Board petitioning for the establishment of a Drainage District in the Town of Boston on a parcel of land entitled Rustic Development. Town Attorney Maxwell advised that this would be a paper district at the present time, but if there should be drainage work required the district would be set up and the cost would be levied against the District. A motion was made by Councilman Wohlhueter and seconded by Councilman Faulring authorizing the Town Clerk to publish for a Public Hearing to be held on Tuesday, December 30, 1980 at 4:30 P. M. Councilman Wohlhueter asked that a copy of the Drainage Petition be sent to the Drainage Committee.

At 8:10 P. M. a Public Hearing was held to consider entering into a contract with the Boston Historical Society in the amount of \$1,800.00 per annum for 1981. The Legal Notice was read by the Town Clerk. Karen Kline asked if this was their total grant for 1981 and Supervisor Zimmerman stated yes. Town Clerk Klein noted that the only change in this contract over last years is the monetary amount. A motion was made by Supervisor Zimmerman and seconded by Councilman Samulski to close the Public Hearing.

four (4) ayes

Carried

A motion was made by Councilman Samulski and seconded by Councilman Wohlhueter that the Town of Boston enter into a contract with the Boston Historical Society for the preservation of historical places and objects in the amount of \$1,800.00 for the year 1981.

four (4) ayes

Carried

A letter was read from Engineer Moncreiff and Highway Superintendent Kreitzbender recommending conditional approval of the highway and drainage work in the Rustic Subdivision. The letter advised that a final inspection was conducted on November 7, 1980 and the following information is included in the report:

1. The asphalt emulsion material used for highway surface treatment (applied November 3, 1980) requires warm weather to properly cure. In light of the application date it is recommended that responsibility for possible resurfacing be left with the developer. Reinspection should be scheduled for early to mid summer to determine final acceptability of the highway surface.
2. Any roadway surface scaring resulting from future developer construction shall be repaired by the developer as per Town specifications.
3. All driveway culverts require end sections. This

includes driveways now in place and those to be constructed in the future.

4. Additional grading over storm sewer systems will be required as weather permits. The grading will include additional work along the west side of the detention pond.

A "beehive" type grate is required over drop inlet at Station 5+70 of storm sewer system.

Supervisor Zimmerman stated that he had talked to the Engineer and it had been suggested that the retainer of \$52,000.00 be returned to Community Creators and a new retainer of \$12,000.00 be given to insure the four items listed in Moncreiff's letter be complied with. Mr. Doll stated he agreed with the escrow, but felt the amount was exorbitant, but would submit it. A motion was made by Councilman Wohlhueter and seconded by Supervisor Zimmerman to accept the road in the Rustic Subdivision subject to the posting of a \$12,000.00 Surety Bond for the completion of the items listed in the Moncreiff and Kreitzbender letter of November 18, 1980 and direct the Town Attorney to record the deed to the road bed in the Erie County Clerk's Office.

four (4) ayes

Carried

A motion was made by Councilman Samulski and seconded by Councilman Wohlhueter authorizing the Town Clerk to return to Certificate of Deposit in the amount of \$52,000.00 to Mr. Doll upon receipt of his Surety Bond in the amount of \$12,000.00.

four (4) ayes

Carried

At 8:20 P. M. a Public Hearing was held to consider entering into a contract with the Boston Emergency Squad in the amount of \$8,555.00. The Legal Notice was read by the Town Clerk. Town Clerk Klein stated the only changes from the 1980 contract to the 1981 contract are the amount of money and the addition of Paragraph 6 relative to reimbursement of wages if called as a court witness and the paying of legal fees if an attorney's advise is needed. Councilman Samulski questioned if Paragraph 6 would be interpreted that prior Town Board approval would be needed for just legal assistance or would included the reimbursement for a court witness. Larry Steward of the Emergency Squad stated when they had discussed this earlier he understood approval would be needed for both and Councilman Samulski stated this is the way he would like it to be. There were no comments from the public.

A motion was made by Supervisor Zimmerman and seconded by Councilman Wohlhueter to close the Public Hearing.

four (4) ayes

Carried

A motion was made by Councilman Faulring and seconded by Councilman Samulski to approve the contract with the Boston Emergency Squad for the furnishing of Ambulance Service in the amount of \$8,555.00 per annum for the year 1981.

to A7310.1	\$3,984.00
A7310.4	\$2,000.00

four (4) ayes

Carried

A motion was made by Councilman Wohlhueter and seconded by Councilman Samulski to correct General Fund Abstract #11 - November 5, 1980 as follows:

Voucher #879	From \$24.94 to \$29.94.
	Total From \$117,537.17 to \$117,542.17

four (4) ayes

Carried

A motion was made by Supervisor Zimmerman and seconded by Councilman Samulski to amend the Winter Parking Local Law #2 of 1980 passed on November 5, 1980 to read Local Law #1 of 1980.

four (4) ayes

Carried

Town Clerk Klein explained the reason for this change was that proposed Local Law #1 was not passed and State Law dictates that the passed laws be numbered in sequence.

Town Clerk Klein explained that the passage of Local Law #1 requires the designation of a car pound. A motion was made by Supervisor Zimmerman and seconded by Councilman Faulring designating the parking lot behind the Town Hall as a car pound for towed cars in violation of Local Law #1, 1980.

A letter was read from Nelson Burke requesting a rezoning of his property on Boston Cross Road from R-2 to R-3. Supervisor Zimmerman directed that this matter be turned over to the Planning Board for their study and recommendations.

The Supervisor's Monthly Report was received.

Supervisor Zimmerman stated that he had received a price of \$1,406.50 for a sound system in the meeting room and it was his recommendation that this be purchased although it was felt five mikes would be sufficient instead of the six as listed in the bid. Councilman Samulski stated he felt there should be six as at Hamburg's Town Board meetings they have to keep flipping the mike and we might have to do that here as there is quite a distance between the Board Members. Mr. Hicks asked why speakers were needed and Supervisor Zimmerman explained that a number of people have come to Board meetings and stated they could not hear. Councilman Samulski stated that the handicapped must be looked out for and hearing impairment is a handicap. Town Clerk Klein stated that a man had come to him during the day about the Noise Ordinance as he is unable to hear at Town Board Meetings. A motion was made by Councilman Samulski and seconded by Supervisor Zimmerman that a loud speaker system with microphones be purchased and that it be installed as soon as possible. The motion was duly put to a vote which resulted as follows:

Councilman Wittmeyer	Voting	No
Councilman Faulring	Voting	No
Councilman Wohlhueter	Voting	No
Councilman Samulski	Voting	Aye
Supervisor Zimmerman	Voting	Aye

Supervisor Zimmerman advised that the Town Hall would be closed on Friday December 26th and Friday January 2nd for the Christmas Holidays.

Town Clerk Klein reported on the survey taken of property owners on their feelings towards changing road names of those roads cut by the construction of the Expressway. The results were as follows:

Pfarner Road	11 sent	Polish Hill	6 sent
2 - Pfarner Road		4 - Polish Hill	
3 - Mill Street		0 - Hillcroft	
1 - Old Mill Road		0 - Other	
2 - Mill Road			

The response on the Polish Hill survey was to change Hillcroft to Polish Hill as it was originally.

Eiss Hill	3 sent	Heinrich Road	24 sent
0 - Eiss Hill		13 - Heinrich Road	
1 - Butternut Hill Road		5 - Valley Road	
2 - Butternut Road		2 - Other	

Supervisor Zimmerman suggested that Eiss Hill Road be changed, but the others remain as they are. A motion was made by Councilman Wittmeyer and seconded by Councilman Faulring that the east side of Eiss Hill Road be renamed Butternut Road.

At 7:45 P. M. a Public Hearing was held to consider the adoption of Local Law #2, 1980 - Noise Ordinance. The Legal Notice was read by the Town Clerk and he advised that the County Department of Planning had responded that they had no objection to the Noise Ordinance. Town Clerk Klein stated he had sent letters of notification on tonight's hearing to town residents who had expressed an interest in the Noise Ordinance at the previous hearing.

Jeff Phillips, Murphy's Tavern questioned Section 5 (e) relative to sounds made by non profit organizations and asked why non profit organizations did not have to apply for a permit and profitable organizations did. Town Attorney Maxwell stated that this was put in to take care of the situations where permits are issued to the Lion's Club and other non profit organizations. Supervisor Zimmerman stated it says they have to apply for a permit. Town Attorney Maxwell stated it was a permit issued by the Town and can be issued under such conditions such as hours, etc. and in that way there is control over a non profit organization for which the Town has issued a permit. Town Attorney Maxwell stated the conditions of the permit would be determined with the individual application.

Mr. Doyka, Ravine Drive, questioned Section 5 (a) and asked if this included weekends. Supervisor Zimmerman stated yes, anytime.

Eugene Wallace, Chestnut Ridge Road, stated that he felt sections of the ordinance were arbitrary as what is unusual for him may not be unusual for someone else and he also questioned what is a reasonable and an unreasonable person.

Mr. John Simmons 4647 Morningside Drive, stated that he felt the Ordinance should have provisions for decibel readings as he felt it would be hard to prove unreasonable noise level. Town Attorney Maxwell stated the Ordinance

 that there has been presented to the Town Board, Town of Boston, Erie County, New York on November 12, 1980, a copy of Local Law Number 2 of the Town of Boston, entitled "A Local Law pertaining to the control of noise within the Town of Boston, Erie County, New York."
NOTICE IS FURTHER GIVEN
 that the Town Board of the Town of Boston will conduct a Public Hearing on the aforesaid proposed local law at Boston Town Hall, 8500 Boston State Road, Boston, New York, on Wednesday, December 3, 1980 at 7:30 P. is like Hamburgs and Orchard Parks and the court would take into consideration the criteria of the reasonableness or unreasonableness of the noise as if it occurred at 4 o'clock in the afternoon it would be different than if it occurred at 4 o'clock in the morning. Town Attorney Maxwell stated that the decibel reading method written in the first draft of the ordinance was too cumbersome to enforce.

Councilman Wohlhueter stated he felt if he rode his snowmobile around his house at four in the afternoon there would be no reason for complaint, but if he did the same thing at four in the morning that would be different. He stated he felt decibel readings would be too hard to enforce and that was one reason for the new law being written up.

Gene Wallace stated he felt that common sense and courtesy should be used and he did not feel an ordinance should be passed for the entire town when there were only a few problem areas.

Mr. Krencik, Boston State Road, stated he felt the proposed ordinance was okay because your ears could tell you when the noise was too loud.

Jeff Phillips asked what was meant by amplifying system - did this include jukeboxes. Supervisor Zimmerman stated that jukeboxes were covered in Section 3 (e). He stated that one of the reasons for a noise ordinance was the people in Murphy's area and Patchin had been requesting this.

Thomas Hicks stated he felt Murphy's should be closed and Councilman Faulring pointed out that Murphy's had been there prior to Mr. Hicks.

Thomas Finger, Colonial Drive stated he felt the proposed ordinance was an improvement over the previous one and that it should be given a chance to be enforced as it is up to the judgement of the officers and judge.

Gordon Wood stated he felt it was the attitude of the Board that because Murphy's was there before he was that from 2 to 5 A. M. on weekends he has to be wakened up to listen to noise without any enforcement. Councilman Samulski stated that there was nothing in the ordinance about squatters rights. Councilman Wittmeyer stated that once the ordinance is passed there are provisions to file complaints against the squealing tires, yelling, etc.

Town Attorney Maxwell stated that there are provisions in the Penal Law which will cover some of the situations and a complaint only has to be filed.

Paul Ballachino stated that he felt the proposed ordinance was a good start and it could always be amended and would eventually work out.

Councilman Samulski stated that he would like to see the Section dealing with permitted noises on Page 6 - Section 5 (c) changed to take the time stipulations out and add farm equipment and snow removal equipment.

The Board recommended the following changes:

Section 3 - 1 Change unusually loud noise to read unnecessary, "unreasonable and loud noise"

Section 3 (d) 1 - Shouting - after vicinity add "is prohibited."

Section 3 (e) 1 - Places of Public Entertainment - change reproduction to "amplifying" and in last sentence change - to be audible to "unreasonable and loud on adjacent properties is prohibited."

Section 3 (j) Construction - recommend that the hours be from 10 P.M. to 7 AM the following day crossing out the weekdays or at anytime on Sundays or legal holidays. Last sentence change special variance to "special permits"

Section 3 (k) - Commercial, Business and Industrial Operations - add other than places of public entertainment after corporation in first sentence - change 7 P. M. to 10 P. M.

Section 4 Take out all this section

Section 5 Would become Section 4

New Section 4 - (c) read "sound created by lawn movers, snow removal equipment or farm equipment." All other deleted

Section 5 (a) change 7 P. M. to 10 P. M.

Section 6 to Section 5

Section 7 to Section 6

New Section 6 - Change chapter in first sentence to "law" - change not less than to "not to exceed"

Section 8 to 7

Councilman Samulski stated he had received comments relative to Section 3 d Shouting and asked the time be changed from 1:00 A. M. to 11:00 P. M. and recommended it be changed.

New Section 5 to read "Special Variance and Permits"

Dean Watkins asked if the ordinance allowed the use of farm equipment and Supervisor Zimmerman stated yes.

A motion was made by Councilman Wittmeyer and seconded by Councilman Wohlhueter to close the Public Hearing.

The Town Justice Monthly Report was received.

Councilman Wittmeyer stated he had been contacted by Patchin Chief Griffey as to parking at the Boston Hills Mobile Home Park noting they are unable to get fire equipment through as there is parking on both sides of the road. Town Clerk Klein was directed to send a letter to owner John Falkides advising him of the situation.

Paul Ballachino asked if a letter could be sent to the agency responsible for the plowing of Route 219 advising them that the southern end of Boston never seems to get plowed or sanded early in the day. Town Clerk Klein was directed to send the County Department of Public Works a letter advising them of this complaint.

Councilman Wittmeyer advised that there would be a Capital Improvements Meeting on Thursday evening at 7:00 P. M. relative to the Town Park.

Councilman Wohlhueter advised that the Expressway was in terrible shape Wednesday morning and had not been plowed or sanded. Town Clerk Klein was directed to send a letter to the New York State Department of Transportation advising them of this.

A letter was read from Engineer Moncreiff advising the Board of the feasibility of a waterline extension on Feddick Road for Water District #2. Supervisor Zimmerman asked Mr. John Panek, Feddick Road if he could attend a meeting on Monday, December 8th and also if he would advise others in that area of the meeting.

A letter was read from Engineer Moncreiff advising that in his view a waterline extension for Water District #2 - Back Creek/Shero Road-Patchin Road would be unaffordable. Supervisor Zimmerman stated that in view of this report the Town Board would not do this extension. Supervisor Zimmerman stated that he would advise the people in that area of the Board's decision.

The Boston Police Department report for November, 1980 was received.

The Building Inspectors Report was received.

No report was received from the Dog Control Officer.

Councilman Wittmeyer stated that the proposed Town Park Fire Hydrant was being handled by the Capital Improvements Committee and they had not made a decision if it would be put in this year.

Councilman Samulski stated that he has listened to the pros and cons in the last few months and is now prepared to vote on the noise ordinance. He stated he felt what he had heard represents what the community wants. He noted it is not restrictive but affords residents their right to peace and tranquility and if that is violated they have recourse to seek a solution.

Councilman Faulring asked Councilman Samulski if he felt the room full of people that ~~were~~ at the December 3, 1980 Public Hearing represented the community. Councilman Samulski stated no by no means and explained that over the many months he has talked to people involved and investigated this and those interested were here and several people had advised they could not make the hearing. He stated he felt the Town should have a Noise Ordinance as the Town had tried to convince the people that are making the noise to control the noise, but this has not been successful.

Eugene Wallace asked if the five who have been to meeting to complain are the only complaints about noise. Supervisor Zimmerman stated no there are a number of days that complaints come in.

He noted that one of the Number 1 priorities was a roadway so Roger Schneckenberger had been hired at a cost of \$800.00 to lay out the roadways with the grade and location of the roads. He stated that this summer they hope to move the old Emergency Squad Building to the Park to be used as a historical site. Councilman Wittmeyer stated that second priority is to drain the Wendling property by channeling the water and also the blacktopping of the Lion's Shelter. He noted that the Capital Improvements Committee and the Drainage Committee will meet on January 5, 1981 to discuss the drainage in the North Boston Stadium where they have tentatively planned tennis courts and another ball diamond.

LOCAL LAW NUMBER 2, 1980
ADOPTED DECEMBER 17, 1980

A LOCAL LAW pertaining to the control of noise within the Town of Boston,
Erie County, New York.

BE IT ENACTED by the Town Board of the Town of Boston, Erie County, New York,
as follows:

SECTION 1 - Declaration of Policy

It is hereby declared to be the policy of the Town of Boston to prevent excessive, unnecessary, unreasonably or unusually loud noise. It is further declared that the provisions and prohibitions hereinafter contained and enacted are in pursuance of and for the purpose of preserving, protecting and promoting the public health, comfort, convenience, safety, welfare, prosperity and the peace and quiet of the Town of Boston and its inhabitants. Additionally, noise of such character, intensity and duration as to be detrimental to the life and health, or effect the personal repose of any individual or contrary to the public welfare, as herein set forth, is prohibited.

SECTION 2 - Definitions

(a) "Motor vehicles" shall mean such vehicles as defined in the Vehicle and Traffic Law of the State of New York and, in addition, minibikes, go-carts and snowmobiles.

(b) "Sound amplifying equipment" shall mean any machine or device for the amplification of the human voice, music, or any other sound. Sound amplifying equipment shall not include standard automobile radios when used and heard only by the occupants of the vehicle in which the automobile radio is installed. Sound amplifying equipment, as used in this Article, shall not include warning devices on authorized emergency vehicles or horns or other warning devices on any vehicle used only for traffic safety purposes.

(c) "Sound truck" shall mean any motor vehicle or any other vehicle regardless of motive power, whether in motion or stationary, having mounted thereon, or attached thereto, any sound amplifying equipment.

(d) "Town" shall mean the Town of Boston, Erie County, New York.

(e) "Unreasonable and loud noise" shall mean any excessive or unusually loud sound or any sound which either annoys, disturbs, injures or endangers the normal sensitivities or which causes injury to animal life or damage to property or business. Standards to be considered in determining whether unreasonable noise exists in a given situation include but not limited to the following:

1. The volume of the noise
2. The intensity of the noise.
3. Whether the nature of the noise is usual or unusual.

4. Whether the origin of the noise is natural or unnatural.
5. The volume and intensity of the background noise, if any.
6. The proximity of the noise to residential sleeping facilities.
7. The time of day or night the noise occurs.
8. The time duration of the noise.
9. Whether the sound source is temporary.
10. Whether the noise is continuous or impulsive.

SECTION 3 - Prohibited Acts

(a) Unreasonable and loud noise

1. No person shall make, or cause to be made or continue any excessive, unnecessary, unreasonable and loud noise.
2. Any act in violation of any of the provisions of this article is deemed to be in violation of Section 3 (a) 1.

(b) Specific Prohibitions. The following acts and the causing thereof are declared to be in violation of this Local Law.

(c) Sound amplifying equipment

1. No person shall operate or cause to be operated sound amplifying equipment that produces unreasonable noise. The operation of any such device in such a manner as to create unreasonable noise across a real property boundary and in such a way as to disturb any other person is prohibited.
2. No person shall operate or use or cause to be operated or used any sound reproduction device in any public place in such a manner that the sound emanating therefrom creates unreasonable noise across a real property boundary.

(d) Shouting

1. No person shall shout, yell, call, hoot, whistle or sing on public streets or in public places so as to cause unreasonable noise. This, particularly between the hours of 11 P. M. and 7 A. M. or at any time or place so as to annoy or disturb the quiet, comfort or repose of persons in the vicinity is prohibited.

(e) Places of Public Entertainment

1. No person shall operate or permit to be operated a place of public entertainment, including but not limited to a restaurant, bar, cafe, discotheque or hall, in which the playing of any sound amplifying device such as, but not limited to, a radio receiving set, musical instrument or instruments, phonograph, juke box or other machine or device

for the producing or reproduction of sound in such a manner as to disturb the peace, quiet and comfort of the neighboring inhabitants or at any time with louder volume than is necessary for convenient hearing for the person or persons who are voluntary listeners thereto. The operating of any such set, musical instrument, phonograph, juke box or other machine or device for the producing or reproducing of sound in such manner as to be unreasonable and loud on adjacent properties is prohibited.

(f) Animals and Fowl

No person shall keep or maintain, or permit the keeping of, upon any premises owned, occupied, or controlled by such person any animal or fowl otherwise permitted to be kept which, by any sound, cry or behavior shall cause annoyance or discomfort to a reasonable person of normal sensittiveness in any residential neighborhood.

(g) Horns and Signalling Devices

No person shall cause or permit to be caused the sounding of any horn or other auditory signalling device on or in any motor vehicle except to serve as a danger warning. The sounding of any such device for an unnecessary and unreasonable period of time is prohibited.

(h) Squealing Tires

No person shall operate a vehicle in such a manner as to cause unnecessary noise by spinning or squealing the tires of such vehicle.

(i) Modification of Noise Control Devices

No person shall operate or permit to be operated any device that has been modified so as to cause the sound emitted from such device to be greater than that emitted by such device as originally manufactured.

(j) Construction

No person shall operate or permit to be operated any tools or equipment used in construction, drilling or demolition work between the hours of 10:00 P. M. and 7:00 A. M. the following day, so that the sound therefrom creates unreasonable noise across a residential real property boundary. This provision shall not apply to emergency work or work conducted under special permit issued by the Boston Town Board.

(k) Commercial, Business & Industrial Operations (Other Than Places of Public Entertainment)

No person, business or corporation shall operate or permit to be operated any motor vehicles, tools, machinery or other sound producing equipment between the hours of 10:00 P. M. and 7:00 A. M. the following day on weekdays or at any time on Sundays or legal holidays, so that the sound therefrom creates unreasonable noise across the property boundary zoned for residential use.

(l) Vehicle Repairs

It shall be unlawful for any person within any residential

district of the Town to repair, rebuild, or test any motor vehicles (between the hours of 10:00 P. M. of one day and 7:00 A. M. of the next day) in such a manner that a reasonable person of normal sensitiveness residing in that area is caused discomfort or annoyance.

SECTION 4 - Enumeration of permitted noises

- (a) Sound created by persons engaged in construction work during the hours of 7:00 A. M. to 10:00 P. M., prevailing time, weekdays including but not limited to building, repairing, grading, leveling and excavating.
- (b) Sound created by any government agency by the use of public warning devices.
- (c) Sound created by lawn mowers, snow removal equipment or farm equipment.
- (d) Sound created by public utilities in carrying out the operations of their franchise.
- (e) Sounds connected with sporting events of any public or private school, or fund raising activities of a non-profit organization for which the Town has issued a permit.

SECTION 5 - Special Variances and Permits

The Boston Town Board shall have the authority, consistent with this section, to grant special variances to this Local Law. Any person seeking such a special variance pursuant to this section shall file written application with the Town Board. Such application shall contain information which demonstrates that bringing the source of sound or activity for which the special variance is sought into compliance with this ordinance would constitute an unreasonable hardship on the applicant, on the community or on other persons. Such information shall further include but not be limited to the following:

1. The plans, specifications and other information pertinent to such sources.
2. The characteristics of the sound emitted by the source and the hours during which such sound is generated.
3. The noise abatement and control methods used to restrict the emission of sound.

Any person who claims to be adversely affected by allowance of the special variance may file a statement with the Town Board containing information to support his claim. If the Town Board finds that sufficient controversy exists regarding an application, a public hearing may be held.

In determining whether to grant or deny the application, the Town Board shall balance the hardship to the applicant, the community and other persons of not granting the special variance against the adverse impact on health, safety and welfare of persons affected, the adverse impact of property affected and any other adverse impacts of granting the special variance.

If the special variance is granted, it may contain restrictions and conditions, including a time limit on the permitted activity, that the Town Board determines to be appropriate.

SECTION 6 - Penalties for violations

Failure to comply with any provision of this law shall be deemed a violation and the violator, upon conviction, shall be liable for a fine of not to exceed Two Hundred Fifty Dollars (\$250.00), or imprisonment not to exceed fifteen (15) days, or both.

SECTION 7 - This Local Law shall take effect immediately upon being filed in the office of the Secretary of State in accordance with Section 27 of the Municipal Home Rule Law.

Boston, New York

Dated: December 5, 1980

TOWN OF BOSTON
GENERAL AMBULANCE SERVICE CONTRACT
FOR
AMBULANCE SERVICE WITH BOSTON EMERGENCY SQUAD, INC.

THIS AGREEMENT made this 19th day of December, 1980, between the Town of Boston, Erie County, New York, hereinafter designated as "party of the first part" and the Boston Emergency Squad, Inc., a New York membership corporation of Boston, New York, hereinafter designated as "party of the second part".

W I T N E S S E T H :

WHEREAS, prior hereto private ambulance and first aid service previously furnished to the residents of the Town of Boston was discontinued, and thereafter the Boston Emergency Squad, Inc., a membership corporation was formed and personnel trained to furnish said ambulance service to the residents of the Town of Boston; and

WHEREAS, the Town of Boston, through the said Town Board, party of the first part, duly authorized a contract with the party of the second part, for furnishing of general ambulance service and first aid to persons within the boundaries of the Town of Boston upon the terms and provisions herein set forth.

NOW, THEREFORE, the party of the first part does hereby engage the party of the second part for the year 1981, from January 1, 1981 to December 31, 1981, to furnish general ambulance service and first aid to sick or injured persons found within the boundaries of the Town of Boston, pursuant to the provisions of Sections 122 and 122-b of the General Municipal Law of the State of New York, in manner following, to wit:

1. The Boston Emergency Squad, Inc. party of the second part, shall at all times during the period of this agreement, be subject to call for the providing and furnishing of general ambulance service and first aid assistance for the purpose of transporting sick or injured persons found within the boundaries of the Town of Boston, Erie County, New York to a hospital, sanitarium or other place for the treatment of such illness or injury as such person may require.

2. Said party of the second part shall respond and attend upon such sick or injured persons as soon as practicable, without delay, with available trained personnel and equipment, and shall proceed diligently in every way reasonably calculated to assist and transport said sick or injured person found within the boundaries of the municipality to a hospital, sanitarium or other place for the treatment of such illness or injury.

3. The said party of the second part further agrees to adequately supply sufficiently trained and experienced personnel for the services required as set forth in Paragraph "1" herein.

4. This contract is entered into between the parties pursuant to the provisions of Section 122 and 122-b of the General Municipal Law of the State of New York, and all terms, provisions and conditions of said statute are herein incorporated by reference as though fully stated in this agreement.

January 1, 1981 and from year to year thereafter unless either party shall determine to terminate this agreement by notifying the other party, in writing, before the 20th day of September, that it elects to terminate the contract on December 31st of that year; thereafter the contract may be amended or terminated and a new contract entered into in lieu thereof, pursuant to the procedural directives of the Town Law of the State of New York.

IN WITNESS WHEREOF, the parties have duly executed and delivered this agreement the day and year mentioned.

5. In consideration for the furnishing of general ambulance service and first aid assistance, as herein specified, the party of the first part shall pay and the party of the second part shall receive the annual sum of \$8,555.00 per year, and the party of the first part covenants and agrees to pay the said annual sum to the party of the second part on or before April 1st in each contract year.

6. In arriving at a determination of the annual payment for the furnishing of ambulance service, the Town of Boston shall consider as a proper expense any reimbursement paid to a member of the Emergency Squad for wage or economic loss incurred in responding as a witness to a court subpoena resulting from his duties as a member of the Emergency Squad and any reasonable charges for outside legal advice in connection therewith upon prior approval of the Town Board.

7. The Town of Boston, party of the first part, further agrees to furnish to the party of the second part, without charge, a proper and adequate ambulance motor vehicle or vehicles, adequately equipped, for the exclusive operation and use of the party of the second part in carrying out the terms and conditions of this agreement. The said party of the first part further agrees, without charge, to furnish an adequate structure or garage for the storage of said vehicle and equipment while same is in custody of the party of the second part and further the Town Board assumes the cost of utilities of said structure.

8. The Town of Boston, party of the first part, further agrees to defray the expense of and to pay the cost of insurance indemnifying against liability for the operation of said ambulance and equipment incidental to the furnishing of such ambulance service, and any premium or premiums for compensation of the members and personnel of the party of the second part for medical expense, loss of wages, compensation benefits or other claims arising by reason of the injury to or death of a member of the said Boston Emergency Squad, Inc., sustained while answering, attending upon or returning from any such call, or while engaged in any other volunteer duty within the terms of this agreement and, in case of the party of the second part shall be compelled or required to pay any such claim, the party of the first part shall reimburse the party of the second part the amount paid within thirty (30) day after the making of such payment.

The Town of Boston further agrees to effect and pay the expense of the following insurance for the benefit of the party of the second part and its members as follows:

- (a) Automobile Non ownership coverage to the extent of \$500,000.
- (b) Comprehensive General Liability Insurance including incidental malpractice coverage to the extent of \$500,000.
- (c) Fidelity Bond coverage of President and Treasurer of the party of the second part to the extent of \$5,000.
- (d) Medical Equipment Floater in the amount of \$5,000 subject to \$100 deductible.

9. The party of the second part agrees to furnish the Town Board of the Town of Boston a written itemized statement of its disbursements and expenses no later than September 10th of each year during the term of this agreement. It is further agreed by the party of the second part that no monies paid hereunder to the party of the second part shall be used for the purchase of radio equipment except upon the prior approval of the Town Board of the Town of Boston.

10. This agreement shall continue for a period of one (1) year from

Special Meeting

Town Hall
4:30 P.M.

Present were Councilman Milton Wittmeyer, Councilman Esther Faulring, Councilman Don Wohlhueter, Councilman Alfred Samulski, Supervisor David Zimmerman, Town Attorney Charles Maxwell. Highway Superintendent Clarence Kreitzbender was absent.

At 4:30 P.M. a public hearing was held in the matter of the petition for the

establishment of a drainage district for the area in the Rustic Subdivision. The Town Clerk read the legal notice. Town Attorney Maxwell explained that the hearing was being conducted under ^{Section} 194 of the Town Law and that the proposed drainage district for Rustic Subdivision was known as a paper drainage district. On the map cover for this subdivision, the Boston Planning Board required certain easements and the installation of specified pipe to carry the water off this subdivision and channel into these drainage easements, Mr. Maxwell stated. Mr. Maxwell noted that upon approval of the resolution creating the district, that 2 copies must be filed with the State Comptroller. He also informed the Board that no bonding requirements or notes ^{have} been issued as the Town has not spent any money to date on this district. The purpose of this district is that if a problem on drainage should come up in the future the Town has a vehicle, district to levy taxes, to take care of the drainage to put in more pipe or whatever has to be done, and then it can be assessed on the individual tax bills. Mr. Maxwell then explained the resolution which he prepared for the establishment of this district. Karen Klineczar asked if this was standard procedure for all future subdivision. Supervisor Zimmerman stated it was his understanding that it is as this was one of the things the Planning Board was ask to put on their check list. Mrs. Klineczar asked if this was something that the Planning Board had the power to require. Mr. Maxwell stated that the Planning Board has the discretionary power to say they want this as a condition for development. If the developer refused then the Planning Board would not have to approve the development. Councilman Samulski noted that there was a plan for the developer to follow through for proper drainage of this subdivision. Mr. Maxwell stated they were on the subdivision plan. Councilman Samulski asked what guarantee we have that the developer will comply with the plan. Mr. Maxwell said that he has been told by our engineer that it is done and that we have some extra money for the completion of the road and drainage.

A motion was made by Councilman Wohlhueter and seconded by Councilman Faulring to close the public hearing.

Upon the request of Councilman Wittmeyer, Town Clerk Klein reviewed the insurance quote received from Al Dye Insurance, Pierce & Cash Inc. and Jacob Hauck Agency for the Automobile policy, General Liability and Umbrella policy as follows:

Al Dye - Package policy by Travelers of \$21,473. Travelers informed Mr. Dye that they would not write the Umbrella policy. By writing it with a different company his quote would be reduced \$500 to \$1000. If it was reduced \$1000 that would bring his quote down to \$20,473.

Pierce & Cash Inc. - Automobile coverage was quoted at \$9,882, General Liability at \$8,010 and the Umbrella Policy at \$2,000 for a total package price of \$19,892.

Jacob Hauck Agency - Automobile coverage was quoted at \$10,126, General Liability at \$7,948 and the Umbrella Policy at \$2,900 for a total package price of \$20,974.

Pierce & Cash and Jacob Hauck say we have coverage of XCU under their quotes. Al Dye does not give that coverage in his bid. Pierce & Cash also informed the clerk

that we have contractual liability under their policy. The clerk stated this was not included in the quote from Al Dye and he didn't think it was included by Jacob Hauck. Pierce & Cash quoted \$127 for boiler coverage. We did not receive any other quotes for boiler coverage. Clerk Klein noted that we do not have boiler coverage now and that it was suggested we carry boiler coverage because of any liability caused by the boiler is not covered by the General Liability. Councilman Wittmeyer stated that as a member of the insurance Committee he would recommend the insurance for Automobile, General Liability, Umbrella and boiler be written through Al Dye even though Al Dye is approximately \$500 higher because he would like to see the insurance carried by someone in Boston. Councilman Wohlhueter noted that by receiving quotes that the Town has saved approximately five or six thousand dollars over last year.

A motion was made by Councilman Wittmeyer and seconded by Councilmen Wohlhueter that the Automobile, General Liability, Umbrella, and Boiler Insurance be written through Al Dye.

DON A. WOHLHUETER	Councilman
ALFRED T. SAMULSKI	Councilman

In the Matter of the Establishment of a Drainage District, the Town of Boston, County of Erie, State of New York, pursuant to Article 12 of the Town Law.

WHEREAS, a map, plan and report have been prepared, in such manner and in such detail as has been determined by the Town Board of the Town of Boston, Erie County, New York, relating to the establishment of a proposed Drainage District which includes the area known as "Rustic Subdivision, Inc." in the Town of Boston, Erie County, New York, as described in "Schedule A" hereto annexed.

WHEREAS, said map and plan was prepared by Tallamy, VanKuren, Gertis and Thielman, engineers duly licensed by the State of New York, shows the boundaries of said proposed District to be as described herein in the Town of Boston and said plan and report provides for the drainage of surface waters within the area of the drainage district.

WHEREAS, an order was duly adopted by the Town of Boston, on November 19, 1980, reciting the filing of said map, plan and report, the improvements proposed, the boundaries of the proposed district, the estimated expense thereof, the proposed method of financing, the fact that

the map, plan and report describing the same, are on file in the Town Clerk's Office for public inspection, and stating all other matters required by law to be stated, and specifying December 30, 1980, at 4:30 PM on that day as the time, and the Town Hall in said Town as the place where the said Town Board would meet to consider said map, plan and report, and to hear all persons interested in the subject thereof concerning the same, and to take such action thereon as is required or authorized by law, and

WHEREAS, such order was duly published and posted as required by law, and

WHEREAS, a a hearing on said matter was duly held by said Town Board on this 30th day of December, 1980, beginning at 4:30 PM of the day, at the Town Hall in said Town, and full discussion of the matter having been had, and all persons desiring to be heard, having been duly heard,

NOW, upon the evidence given upon such hearing, and upon motion of Councilman Wittmeyer, Seconded by Councilman Samulski, it is

RESOLVED AND DETERMINED:

(a) The Petition aforesaid is signed, acknowledged for proven, as required by law, it duly complies with the requirements of Section 191 of the Town Law as to the sufficiency of the signers with respect to the boundaries of the proposed Drainage District as herein approved, and it is otherwise sufficient.

(b) That the notice of hearing was published and posted as required by law, and is otherwise sufficient.

(c) That all property and property owners within the proposed district are benefited thereby.

(d) That all property and property owners benefited are included

within the limits of the proposed district.

(e) That it is in the public interest to establish said Drainage District.

FURTHER RESOLVED AND DETERMINED that the establishment of a Drainage District, as set forth in said map, plan and report, be approved; that the construction or acquisition of improvements as proposed by said map, plan and report be constructed in accordance with the Petition, to wit: at the sole expense of the petitioners and such district shall be known and designated as Rustic Subdivision Drainage District of the Town of Boston, Erie County, New York, and shall be bounded and described as shown on "Schedule A" hereto annexed.

RESOLVED, that the proposed improvement, including cost of any right-of-ways, construction costs, legal and engineering costs, and all other expenses shall be financed by and borne solely by the Petitioner herein, to wit: COMMUNITY CREATORS, INC., and it is further

RESOLVED, that the Town Clerk of this Town shall file certified copies of this Resolution in the Office of the State Department of Audit and Control at Albany, New York, for informational purposes since the cost of said improvements shall be entirely borne by the Petitioners herein and not the Town of Boston, the provisions of Section 194, Subdivision 6 of the Town Law applying in these proceedings.

The question of the adoption of the foregoing Resolution was duly put to a vote on roll call, which resulted as follows:

Supervisor Zimmerman	Voted YES

(ARTICLE 8 OF THE TOWN LAWS)

TB-61

TOWN WITH VILLAGE

EXPLANATIONS

- (1) Taxes for these services must be levied on the area of the town outside villages:

Building Inspection (Section 138, Town Law)

Board of Health (Section 304 Public Health Law)

Registrar of Vital Statistics, except when combined districts coincide with a consolidated health district (Section 4124, Public Health Law)

Library (certain contract payments) (Section 256, Education Law)

Zoning and Planning (Section 261, Town Law)

- (2) Taxes for these services must be levied on the area of the town outside villages under the circumstances set forth below:

Police Department (Section 150, Town Law)

Town of Fallsburg, and towns in Suffolk County containing villages which maintain police departments with two or more full-time policemen. Department established after January 1, 1960: Town contains a village which maintains a police department of four or more policemen on an annual full-time basis.

Department established prior to January 1, 1960: Amounts in accordance with an agreement made between the town and a village within the town which maintains a full-time police department of four or more policemen.

Joint Police Department (General Municipal Law, Section 121-a)

Recreation (Article 13, General Municipal Law)

Amounts for parks, playgrounds and recreation centers established under the provisions of Article 13 of the General Municipal Law.

Refuse and Garbage (Section 120-w, Gen. Mun. Law; Article 12, Town Law)

The share of the cost to be paid by the town in accordance with an agreement between the town and one or more villages for joint refuse and garbage collection and disposal, unless otherwise provided.

- (3) Revenues estimated to be received from any of the functions or activities for which taxes are levied in the town outside the village must be applied to the estimate of expenditures for such function or activity (Town Law, Section 107 (2)).

Non-property tax distributed by a county must be credited to the town area outside of village if the village receives a cash distribution of non-property taxes from the county.
