NYS ARCHIVES GRANT UPDATE

The updating and remodeling of the vault is now complete. This Grant will allow for the clean up and purging of expired or out dated records, per the records retention schedule. This work will be completed by an outside consultant. He expects to commence work sometime early to mid-March. It is estimated that it will take approximately one to two months. An open house will be then be scheduled for the fall of 2017 as part of NYS Archives week to generate interest in and appreciation of the NYS Archives and records of local historic significance that are of interest to area residents, not just those who reside in Boston.
