Good afternoon Mr. Hanson,

It is not a rumor it is the truth, I am not opening the floor. When people do not know how to politely speak about items on the agenda and people start screaming I have no other choice than to follow the Town Code exactly how it reads. As always, I am willing to stay after to speak to anyone with concerns. I have always ran an open government and took time to talk with someone or meet them for coffee. Transparency doesn't start with a half hour Board Meeting it starts with taking time out of your day to meet with residents whether it is for coffee, at my office or a job site. If you have questions or concerns I will make time in my day to meet with you.

Sincerely,

Supervisor Ballowe

Marty, Rumor has it that you will not be opening the floor at the February 1st board meeting allowing residents to be heard. I trust this is not true considering your promise to me during our coffee together to open up communications and be more transparent. Please advise, Bruce
