Supervisor Kennedy reported that he and Councilman Wittmeyer, along with Mrs. David Sarata, visited Hamburg Fire Control regarding the proposed name change of the east-west portion of Lower East Hill Road. A dispatcher at Fire Control recommended that this portion of the road be renamed "Old Lower East Hill Road" to minimize confusion when reporting an emergency. Mrs. David Galenski, E-7719 Lower East Hill Road, stated that the addition of the word "Old" prefixing the road name is fine with her, however, that the whole issue of the name change has become annoying as it has dragged on even after the Town Board reached a decision to retain the old name. A letter was read from Marilyn and Mark Pecyna, E-7741 Lower East Hill Road, in which they stated that they also feel the Town Board should not at this time change their decision, as the majority of residents spoke against a change. Supervisor Kennedy stated the addition of "Old" in front of the name should cause a minimal inconvenience, one that is not necessary to change on legal documents, but will facilitate emergency responses.

A motion was made by Supervisor Kennedy and seconded by Councilman Wittmeyer to modify the east-west section of Lower East Hill Road by renaming it Old Lower East Hill Road, with notification being sent to Erie County, various police agencies, Emergency Squad, Patchin Fire Company and to the residents of this section of the road, requesting that they include the prefix of "Old" to the name of their section of Lower East Hill Road when they place emergency calls.

Supervisor Kennedy stated the Town Board is receptive to the application of John and Katherine Falkides for additional lots at the Boston Hills Mobile Home Park if certain conditions they will set forth and certain criteria are met. Mr. Kennedy requested Mr. and Mrs. Falkides to meet with the Town Board at 6:00 P.M. on Wednesday, February 19, 1986, prior to the next Town Board meeting so that these conditions can be discussed. Wanda Betts, 6184 Wildwood Drive, asked what type variance Mr. Falkides is requesting. Supervisor Kennedy stated it was lot size variances. Mrs. Betts said she felt that property values on Wildwood Drive would be devalued if the variance was granted and that the trailer Mr. Falkides promised would be moved off the property is still there. Mr. Falkides answered that he is still attempting to legally have the Sheriff auction off this trailer and that his attorney sent a letter to Town Attorney Maxwell two weeks ago regarding this matter. Jean Errington, 6183 Wildwood Drive, asked what the large metal object was that is in front of this abandoned trailer. Mr. Falkides said that is an old truck body that belongs to the same person who left the trailer. Mrs. Betts said that the abandoned trailer was not really the issue, that the eight additional lots are the issue. She said it didn't seem right that they had to move a toolshed at considerable cost because it was 5 feet too close to their side lot line when they had no opposition to its placement from anyone on their street and Mr. Falkides can have such large lot variances granted. Supervisor Kennedy assured Mrs. Betts that any agreement that the Town Board makes with Mr. Falkides will be in writing and the residents of Wildwood Drive will receive copies of the conditions of this agreement.

A motion was made by Councilman Wittmeyer and seconded by Councilman Faulring to grant a building permit to Charles Csehowski, d/b/a Ski's Pizzeria, for an addition to his non-conforming building at 8163 Boston State Road, as it will not be made more nonconforming, with the stipulation that the addition not be utilized during construction and that it be completed in accordance with all required codes.

The following resolution was offered by Supervisor Kennedy who moved its adoption, seconded by Councilman Wohlhueter and unanimously carried.

WHEREAS, the County of Erie Department of Finance has advised the towns within Erie County, including the Town of Boston, that they will not grant an extension for the collection of taxes as has been done in the past, and

WHEREAS, this will cause a hardship to the residents of the Town of Boston as at a time when taxes are steadily increasing and taxpayers are finding it more difficult to pay timely, they will be further burdened as they will not be able to pay taxes at the Boston Town Hall after April 30, and

WHEREAS, in the past the Town of Boston was able to retain the 5% penalty collected until the taxes were returned to the County of Erie on June 30th and with an extension not granted would result in a loss of revenue for said Town.

NOW, THEREFORE, BE IT RESOLVED, that the Town Board of the Town of Boston hereby goes on record asking for the passage of Assembly Bill #8605 and Senate Bill #7161 regarding Extension of Warrant in Erie County to June 30th of each year.

The following resolution was offered by Supervisor Kennedy, who moved its adoption, seconded by Councilman Wittmeyer and unanimously carried.

WHEREAS, the Niagara Frontier Transit Authority intends to delete the existing bus service to the communities of Boston, Angola, Alden and Holland, and

WHEREAS, the statements made by the N.F.T.A. indicate this service is being deleted because it is no longer cost effective and they desire to reduce their operating expenditures, and

WHEREAS, with the exception of the airport, the entire operation of the N.F.T.A. is not or never has been self supporting, but instead relies heavily on tax revenue in the form of subsidy from the federal, state and county governments for its daily operations, and

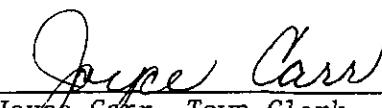

WHEREAS, the citizens of the Town of Boston contribute as much per capita to the N.F.T.A. as those presently being served and additionally have no other means of access to the county's mass transportation system, and

WHEREAS, ridership has in fact increased since this action was originally proposed in 1982, and

WHEREAS, we no longer wish to be relegated to the category of second class citizens when additional internal reductions can be and should be effected within the N.F.T.A. without negative impact to the entire system, and

WHEREAS, this would enable the N.F.T.A. to reduce expenditures without curtailing services and the resulting hardship this action will create.

THEREFORE, BE IT RESOLVED, that the Town of Boston join together with the communities of Angola, Alden and Holland in imploring the N.F.T.A. to reconsider this proposal and preserve this vital transportation service to our suburban communities.

Supervisor Kennedy said that the Town Board met with John and Katherine Falkides to discuss the concerns they and nearby property owners have with the request to expand the Mobile Home Park and that approval of the expansion is subject to execution of agreement by Mr. and Mrs. Falkides of certain conditions that must be met in this expansion. He asked for any comments on this action and Wanda Betts, 6184 Wildwood Drive, said she thought that being given an opportunity to state an opinion was unnecessary as it seemed pretty cut and dried that the application for expansion was approved. She stated the residents of Wildwood Drive are against it for several reasons - there are no restrictions on the type of trailers, the requirement for trees doesn't help the view from the Wildwood side and the abandoned trailer is still parked on the property. Deputy Town Attorney Perley said that legally the trailer can not be removed from the property and Supervisor Kennedy said one of the conditions is that the trailer be towed to the rear of the property, along with the truck parts, until it is sold at public auction. Mr. Kennedy also said that he feels that with the requirements Mr. Falkides will be subject to, the park will be better looking aesthetically than it is now. Jean Errington, 6183 Wildwood Drive, asked why Mr. Falkides could move the trailer now, when he wouldn't move it before. Councilman Faulring asked Mrs. Betts if the trailer park was there when she bought her property on Wildwood. Mrs. Betts said that whether she was there first or the trailer park was there first was not the point, the point being that Wildwood Drive residents would also like their voices heard. She also said that there have been years of problems with the park and there is always problems getting Mr. Falkides to rectify them. Mrs. Errington said a concern of hers is if these are safe lots. Councilman Wittmeyer said that it will be better than it is now and will be neater and cleaner and that this expansion will complete the development. Councilman Wohlhueter said he knows some of the residents and the owner of the subdivision but feels that with the conditions required of Mr. Falkides it will improve the looks of the park. Councilman Wittmeyer stated that he also lives close to the park and does not feel the expansion will devalue his property.

A motion was made by Supervisor Kennedy and seconded by Councilman Wohlhueter to approve the application of John and Katherine Falkides for seven additional lots at the Boston Hills Mobile Home Park, subject to execution of agreement of conditions by Mr. and Mrs. Falkides, which are heretofore made a part of these Minutes.

February 18, 1986

Town of Boston Town Board
Mrs. Joyce Carr, Town Clerk
8500 Boston State Road
Boston, New York 14025

Dear Joyce,

On February 10, 1986, the Traffic Safety Committee met and arrived at a conclusion to submit a recommendation to the County of Erie, Department of Public Works, Division of Highways, regarding relocation of the 40 MPH speed zone sign two tenths (.02) of a mile south of its present location in the vicinity of 8500 Boston State Road.

This recommendation is based upon agreement amongst the committee members, and it is strongly believed to be in the best interest of the people within the Town of Boston whom they represent. After much study and discussion the conclusion was, due to numerous environmental changes which have taken place over the past decade, and the resulting change in the modes of conduct within the zoned area, the extension of the speed zone south is justifiable. Several changes which have influenced our decision can be noted, namely:

1. The new Town Hall, and it's multiple public uses.
2. Baseball diamonds, six (6) behind the Town Hall
3. State Police Barracks built just south of the existing 40 MPH zone (approximately 50 man station.)
4. Boston Emergency Squad, next to Town Hall
5. Boston Lions Club Pavilion, next to Emergency Squad
6. Several sub-divisions within the area have expanded.
7. Civic activities such as Oktoberfest, Historical Society sales, Senior Citizens functions, Little League Boston Emergency Squad events, etc., have increased
8. Two restaurants north of the Town Hall

It is hoped that this will be submitted as requested, and not to ask for too much, but even the north end of the aforementioned area could be extended if the County Engineer found it feasible.

Yours truly,

Harry Strack, Chairman
Traffic Safety Committee

Don A. Wohlhueter	Councilman

The following Resolution was offered by Councilman Zimmerman, who moved its adoption, seconded by Councilman Wittmeyer and unanimously carried.

WHEREAS, law enforcement officials in Erie County have long been urging the County of Erie to implement an updated or enhanced 911 (E-911) system in Erie County for dispatching emergency help, and

WHEREAS, the E-911 system proposed for Erie County would include 26 stations in Buffalo, Boston and other suburbs throughout the County where calls would be transferred immediately, thereby placing the emergency call in the jurisdiction where it could be handled most quickly, and

WHEREAS, the E-911 system would enable dispatchers of police, fire and ambulance service calls in Boston to pinpoint the origin of a call, thereby eliminating confusion caused by street names that sound alike, and

WHEREAS, such system would also save lives by enabling those who are too young, hurt or frightened to communicate their need for help, to receive emergency assistance merely by dialing 911, and

WHEREAS, Monroe County presently has an enhanced 911 system, which has been proven effective, and

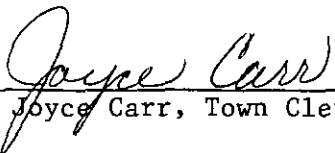

WHEREAS, the County's efforts to provide an E-911 system has now reached a crucial stage and this Town Board wishes to push for its prompt implementation, NOW, THEREFORE, BE IT

RESOLVED, that this Town Board hereby goes on record in favor of the E-911 system for Erie County, and BE IT FURTHER

RESOLVED, that this Town Board hereby memorializes the Erie County Legislature to implement the E-911 system with all deliberate speed and to pay all costs associated with its implementation without conditioning its approval on the continuation of the eight per cent sales tax, and BE IT FURTHER

RESOLVED, that the Town Clerk be and hereby is directed to forward

certified copies of this resolution to the County Executive, the County Legislature and to all municipalities in Erie County to solicit their support for the E-911 system.

At 8:00 P.M. a Public Hearing was held to consider the granting of a Special Use Permit to allow for the keeping of two horses by Mr. and Mrs. John Geiger on their property at 6941 Boston Cross Road. The Public Notice was read by the Town Clerk, who also noted that property owners in the vicinity were notified of this hearing and she has received no replies, either for or against this application. Supervisor Kennedy said he received a telephone call from Philip Smolinski, 9313 Smolinski Drive, stating he has no objection to this permit request as the Geigers are model neighbors and he complimented them on the care of their property. Councilman Wittmeyer reported that Mary Pike, 7291 Boston Cross Road, also voiced no objection. Councilman Faulring noted that she lives nearby and also said their property is well-kept and she voiced no objection. Mrs. Geiger said the horses will not be stabled or pastured near adjoining houses. There were no questions from the floor. Supervisor Kennedy asked that this request be tabled until the April 16, 1986 Town Board meeting so that a set of guidelines can be drafted that will be acceptable to both the Town Board and Mr. and Mrs. Geiger dealing with the stabling of horses with a Special Use Permit.

WHEREAS, the Town Board of the Town of Boston was previously supportive of the action taken by the County of Erie in requesting an increase in the sales tax from seven percent to eight percent to alleviate a serious financial crisis, and

A letter was read from Leonard V. Saniewski, P.E. relative to the construction of the Zimmerman Road bridge. The County of Erie has not yet finalized the funding for the construction of the project and they noted that the timing may be such that the contract may not be let until early 1987 in order to avoid keeping the bridge closed over the winter season.

Kevin Quinn, 5796 Polish Hill Road, asked what action the Town Board has taken on the recommendation made by the Planning Board that the town hire an engineer to advise all agencies of the town on the environmental forms submitted by the developer on the proposed Highland Park Amphitheater. Supervisor Kennedy replied that additional information is needed from the developer before the town incurs expenses relating to this recommendation. Mr. Quinn asked what the cost would be to the town and Supervisor Kennedy said that a fee may be charged to the developer to help cover the costs of hiring an engineer after Lead Agency status has been obtained, the exact percentage of what costs may be recovered by the town is yet undetermined. Mr. Kennedy said that the developer has been asked to prepare studies on certain aspects of the project, such as noise and traffic and that a report on sound study has been received. He also stated that the Town Clerk has contacted the Supervisor of the Town of Hopewell, near Canandagua, regarding a similar facility that was built there and operated by the County of Ontario for information on their programming, etc. He stated that the Town Board also has many concerns about specific issues, such as water, traffic, septic system, etc. and that an Environmental Impact Study will be required to address these issues. As far as advantages to the Town of Boston, it may be required that an admissions tax could be charged. Jim Fitzsimmons, 8773 Rockwood Road, asked how an application could be put down and the Supervisor said via a public hearing. He said that nothing has been done thus far that commits the Town Board one way or another and that although a Special Use Permit has been requested by the developer, legal counsel has advised that a rezoning will also be necessary, which also means a public hearing will be held on the rezoning application before a decision is made. Mr. Kennedy also stated that no one, either on the Planning Board or on the Town Board, has any financial interest whatsoever in this proposed amphitheater, despite the rumors. Thomas Momberger, 9000 Zimmerman Road, said this is not a local issue, but one that effects all perimeters of the town and it should have been stopped immediately when it was first proposed. He said he felt the Planning Board has blinders on and they should promote a residential community and not industry as Boston is known for its rural serenity and he is not pleased with the Planning Board's attitude toward the development of the west hill.

At 8:00 P.M. a Public Hearing was held on Local Law Number 1 of the Year 1986, Inground Swimming Pool Code of the Town of Boston. Town Clerk Carr read the legal notice which was published in the Hamburg Sun and the proposed Local Law. Supervisor Kennedy opened the Public Hearing for comments or questions and a question was asked relative to if the fencing requirement would also apply to existing pools. Supervisor Kennedy stated that New York State Building Codes require a four foot high fence around the pool area or yard and notification has been sent to property owners with inground pools regarding this requirement.

There were no further questions or comments.

A motion was made by Councilman Wittmeyer and seconded by Councilman Zimmerman to close the Public Hearing at 8:14 P.M.

Thomas Momberger asked if the Planning Board meeting on May 27, 1986 will be open to the public and Supervisor Kennedy said all meetings are open to the public; he suggested however, since this is not a public forum meeting that a spokesman be appointed to ask questions of the Planning Board and/or developer and that a Public Hearing will be held at which time all interested parties will be given an opportunity to speak. Vincent Bonerb, 8626 Back Creek Road, asked the sequence of events after a proposal is made to the Town Board. Supervisor Kennedy said that the matter is referred to the Planning Board for their review and recommendation to the Town Board, at which time the Town Board schedules a Public Hearing on the matter, with legal notices published and notification given to property owners in the area. Mr. Momberger asked if complete data is not provided by the developer if the project can be stopped at any point. Supervisor Kennedy said that the law has to be complied with and a public hearing held. Richard Clark, 9044 Rockwood Road, stated he has lived in Boston 18 years and does not want anything to be built here and asks that it be maintained just as it is and not improved and asked for a veto on the project. Mary Louise Brown, 9545 West Hill Road, asked where the town stands in verifying the data provided by the developer. Supervisor Kennedy answered that this is why an engineer was recommended by the Planning Board. Kevin Quinn asked the Town Board members to state how they feel about the project and they all stated they are keeping open minds, and remaining neutral as they have an obligation to the citizens to hear all sides of a proposal before deciding on an issue. Harold Rockwood, 9276 Rockwood Road, said the Planning Board should attend a rock concert and see what a mess it is. Jack Penrod, 7370 Boston State Road, asked about Special Use Permits. Janet Dietz, 9145 Rockwood Road, asked if the project could have been stopped right when they first applied and Supervisor Kennedy said they have to go by the legal process and give everyone a chance to have a hearing on a proposal. He also said that exits on expressways are prime areas for development and Mr. Clark said he would like the exit closed, however the others present voiced objections to having it closed. Councilman Wittmeyer asked if they would like a truck stop or motel built at the exit and the property owners said they would not. A lady in the audience asked if there would be an opportunity for the townspeople to vote on the proposed amphitheater and the Supervisor said that the Town Board has to make the final decision, after all the facts are presented and the public hearing is held.

A motion was made by Councilman Wittmeyer and seconded by Councilman Zimmerman to grant permission to Erie County Legislator Karl Henry to use the Community Room for the purpose of hosting a party for the volunteers of the surplus food distribution on Saturday, May 24, 1986, starting at 1:00 P.M. and giving permission to serve beer.

Supervisor Kennedy expressed his appreciation on behalf of the employees and community and stated he will check with the Boston Chamber of Commerce regarding the signs.

Notification received from New York State Department of State that Local Law No. 1 of 1986 - Inground Swimming Pool Ordinance of the Town of Boston was received and filed on June 9, 1986.

Reed Garver, 8368 Lower East Hill Road, said that the road patches that were made by the County Highway Department have all disappeared and the road is in the same bad condition it was before the patches were put in. He asked what plans the County has made for the repair of the road. He also asked of the status of the Lambert junkyard on Lower East Hill Road. Deputy Town Attorney Perley said that Mr. Lambert has an agreement with the Town of Boston to clean up the property by the end of August. If verification can be made that no progress has been made thus far, lawsuit proceedings will be started. Supervisor Kennedy asked Code Enforcement Officer Kramer to make an inspection of the property along with a law enforcement officer and if inspection is denied by the Lamberts an injunction can be obtained and a court enforced inspection will be made, with pictures taken of the cleanup process. Supervisor Kennedy will notify Deputy Code Enforcement Officer Schunk of this inspection also. Councilman Wohlhueter told Mr. Garver that he has discussed with County officials the condition of the road and Supervisor Kennedy stated once again that the Town of Boston has told the County they will not maintain Lower East Hill Road in the winter unless corrective road work is done.

Chief Constable Harry Strack reported he spoke with Mr. Saniewski of the Erie County Highway Department over a month ago about the condition of Zimmerman Road, particularly because of the Empire State Games Bike Races which will take place in Boston and there has been nothing done about this road. A letter was read from Harold M. Wendling, asking for an exception to the homestead, as shown on a preliminary map of his Liebler Road property, so that he will be able to sell two more lots in addition to the two he has already sold. His letter also asked how many five-acre lots he can sell.

Supervisor Kennedy told Mr. Wendling he has to abide by the New York State Public Health Law, which states a subdivision plan must be filed if any

parcel of land is divided into five or more plots. Mr. Kennedy also directed Town Clerk Carr to send letters to Calvin Reeve, Robert Arent and Eva Buczek regarding the division of their properties, which have exceeded this requirement. A recommendation was made to Mr. Wendling that he attend the Planning Board meeting on June 24 and discuss with them subdivision regulations in order to be in conformance with the Town of Boston Zoning regulations.

It was noted that in addition to the unsafe condition of the burned-out dwelling there is an open septic system on the property. There were no further comments or questions.

RESOLUTION - ROBERT MAGIERA WATER SERVICE - WARD ROAD

A letter was read from Debra E. Smith, Owner of Pennyless Acres, Inc., requesting her property at 9920 Feddick Road to be issued a permit for their business of boarding and rental of horses. Nicholas Smith, husband of the applicant, was present and stated they board horses and also rent horses for riding in the nearby Erie County Park and they also have a petting zoo on the premises. Supervisor Kennedy told Mr. Smith this is in violation of the Town of Boston Zoning Ordinance and requested he apply for a Special Use Permit and stating in his application the purpose for this request and to include the \$75.00 fee, as a public hearing is necessary for this request. This matter will be referred to the Planning Board for their recommendation.

Received a letter from Calvin Reeve in answer to the Town Clerk's letter of June 23 regarding his subdivision of parcels of land within the Town of Boston. Mr. Reeve stated that all the parcels he has subdivided have been more than 5.2 acres in area and have complied with all New York State and Erie County regulations. RESOLUTION - RECONSTRUCTION OF COUNTY ROADS IN THE TOWN OF BOSTON

Thomas Momberger, 9000 Zimmerman Road, asked if the Town Board would accept questions regarding the proposed amphitheater. Supervisor Kennedy stated he planned on giving a progress report later in the meeting, but would do so at this time. Mr. Kennedy reported that the engineering firm of Tallamy, Van Kuren, Gertis & Associates has been retained by the town to review the Draft Environmental Impact Statement, which is expected to be submitted by the developer within ten days, and make recommendations on it. Supervisor Kennedy also stated that the members of the Town Board travelled to Rochester, Michigan this past week to make an inspection of the Meadow Brook Amphitheater, a facility quite similar to the one proposed for Boston. He reported they were interested in how this facility handled traffic control, what the acoustical levels were, etc. He noted that there is a new residential development of \$150,000 - \$200,000 homes being built very nearby. He stated that the Town Board will probably travel to Canandaigua shortly to inspect this amphitheater and talk with the Supervisor there about problems they may have encountered. Mr. Momberger asked if the Michigan facility was on a school campus. Supervisor Kennedy said that it is built on lands owned by the university, however it is not right on the campus and in fact the residential area is closer than the college buildings. Mr. Momberger said he felt it is not comparable because it is part of the school campus, therefore in a different type area. Supervisor Kennedy said that when a public hearing date is set that notices will be sent to the Hamburg Sun, Suburban Press and Springville Journal, as well as organizations in town and a sign made for the sign board in front of the Town Hall. It is a possibility that the public hearing will be held at the Boston Valley School, in order to allow for more seating room. Mr. Momberger read a prepared statement from the coalition opposing the amphitheater and asked that it be made a part of the record.

At 8:00 P.M. a public hearing was held to consider the request of Nicholas and Debra Smith for a Special Use Permit for the operation of a business to offer horseback riding, riding lessons, hay rides, sleigh rides, boarding horses and a petting zoo on their property at 9920 Feddick Road. The legal notice was read by Town Clerk Carr, who also read a letter from the Planning Board, that recommended the granting of the Special Use Permit. Mrs. Carr noted that the Short Environmental Assessment Form had been completed, with a negative impact on the environment and that neighboring property owners have been notified of this hearing. Councilman Wittmeyer said he has concerns regarding the Smiths' contention that they can use the County Forest Park for bridle paths. Mrs. Smith said they have contacted the Commissioner of Parks for approval. Frank Lisowski, Deputy Commissioner of Parks, was present and stated that there has been no permission granted to date for this use of the park and that there are presently no bridle paths in the park. Supervisor Kennedy said that the Town of Boston has no jurisdiction over granting that portion of the request for hayrides and sleighrides on the roads, as this is part of the Vehicle and Traffic Law. Dorothy Ruchalski, who owns land on Feddick Road, said she had two concerns with this request: 1. Has the County of Erie given permission to use their lands, mainly because she, as a taxpayer, would not want to be liable for any lawsuits arising over an accident on county property; and 2. that the Smiths have allowed livestock to graze on the Ruchalski property, despite her requests to them to fence them in. Mrs. Smith stated that at this time they are requesting the Special Use Permit for only the 25 acres of land they own, as until the question of using the county park has been settled, they will only use their property for riding. Miss Ruchalski said that 25 acres is not enough land to even consider using, as one third of that acreage is used for pasture and a pond. Mrs. Smith said that there is no insurance company east of the Mississippi that will issue coverage for a riding stable and there is nothing they can do to obtain it. She also said they now have twenty horses and no ponies. There were no further questions or comments.

A motion was made by Councilman Wittmeyer and seconded by Supervisor Kennedy to close the Public Hearing at 8:25 P.M.

Councilman Wittmeyer reported he visited the Meadow Brook Amphitheater in Rochester, Michigan over the July 4th weekend, prior to the Town Board's trip there this past week. He said he was there the day after an event was held and the grounds were immaculate and well kept. Mr. Momberger asked how much seating this facility has and Mr. Wittmeyer said there are 3000 fixed seats and over 4000 seating for the lawn. Veneard Neri, 8951 Zimmerman Road, said he is concerned that the only input into the amphitheater project has been from the applicant and he wondered if the property owners had to get an attorney to protect their interests. Supervisor Kennedy said that all data and reports that have been received thus far from the developer have been reviewed critically and will continue to be reviewed critically by not only the Town Board, but by the Department of Environmental Conservation, various other state and county agencies, and by any other person who wishes to review the reports that have been submitted to date. Councilman Wohlhueter said he has been reviewing all the studies done to date and is keeping the citizens of the town in mind while doing so and will represent the residents when making a final decision.

A letter was read from R. Mark Tress, Postmaster of Eden, requesting a Stop sign be installed on the west side of the intersection of Morningside Drive and East Lane, and outlining reasons he is requesting one. A letter was then read from Harry Strack, Jr. of the Traffic Safety Committee, stating they have checked this area and have determined that a stop sign would alleviate problems mentioned in Mr. Tress's letter.

A motion was made by Councilman Wittmeyer and seconded by Councilman Faulring to authorize Highway Superintendent Kreitzbender to install a Stop sign on the west side of the intersection of Morningside Drive and East Lane.

Received a copy of Ethics in Government and Elections Committee of Erie County, New York proposal from Robert F. Whelan, Comptroller of the City of Buffalo. Supervisor Kennedy stated that he feels the county government should make a determination in this matter, as it is their function, and the proposal will be on file in the Town Clerk's office.

A letter was received from the United States Department of the Interior, requesting geologic or hydrologic data which may have been collected within our town. Supervisor Kennedy directed Town Clerk Carr to reply that extensive studies were done in this area at the time of the Route 219 Expressway and sewer construction and that New York State Department of Transportation and the Erie County Sewer Authority will have the information they request.

A letter was read from John and Katherine Falkides stating they have a contract to purchase four acres of vacant land adjoining and contiguous to the lands of the Boston Hills Mobile Home Park, contingent on the approval of the Boston Town Board to allow the development of these premises into mobile home lots of 5000 square feet each. Supervisor Kennedy said that he is against approval of further variance requests for mobile home lots at this time and would prefer to wait for the new Zoning Ordinance, of which the proposed Mobile Home Park Ordinance will be a part of, to be adopted. He also directed the Town Clerk to send a copy of the proposed Mobile Home Park Ordinance which was drafted by the Planning Board several years ago back to the Planning Board at this time for their review and updating, if necessary, as there have been many member changes since the time it was originally drafted. Mr. Kennedy also told Mr. Falkides that this ordinance could be adopted separately and made a part of the new Zoning Ordinance at the time of its adoption. Mr. Falkides asked if this process could be speeded up and Mr. Kennedy stated it would be at least October before a public hearing would be held on the ordinance. Town Attorney Maxwell asked that Mr. Falkides submit a detailed survey with the proper dimensions of the proposed lots and all other data that would be requested of a subdivider before any action is taken on the request.

A letter was read from the North Boston Volunteer Fire Co., Inc. requesting that Hydrant C-56 be moved from its present location twenty feet off the Boston State Road to a new location of three or four feet from the highway. They also request that the senior citizen complex being constructed should have a 8 inch line, rather than the 6 inch line being planned for a new

hydrant that will be installed in the complex. Supervisor Kennedy directed Councilman Wittmeyer to get an exact location where the hydrant should be placed and prices will then be obtained for the cost of moving the hydrant, as requested. He also said it is possible that an eight inch line could be installed to the hydrant at the senior citizens complex with funds to pay for it coming from Water District No. 1, rather than the developer of the project, as the building plans have been approved by the town already.

Supervisor Kennedy referred to the Planning Board the request of Frank G. Banko to rezone a parcel of property at the rear of 7170 Boston State Road from Agricultural A-1 to Business B-1 for the purpose of construction of a warehouse on the property of Kirst Construction, Inc. An area adjacent to the Eighteen Mile Creek that is in the Flood Plain will be excepted from the rezoning request.

RESOLUTION - STOP-DWI

A letter was read from the Boston Emergency Squad, recommending approval of Marjory Keiber to the position of full time dispatcher. A letter was also read from Mrs. Keiber requesting this appointment. Supervisor Kennedy asked that this matter be tabled as no information has been received regarding a resignation of a current dispatcher and he is planning on a meeting with Samuel Ware, President of the Emergency Squad, at which time he will ascertain the status of the current dispatchers.

A letter was read from Raymond D. Miller requesting a change in business use of the property at the triangle of Boston State Road and Abbott Road which is currently a used car lot, into a restaurant. Supervisor Kennedy stated that the area in question is properly zoned for a restaurant and directed the Town Clerk to write Mr. Miller and inform him that a building permit must be secured before remodeling work can begin and that all work must be in conformance with the New York State Building Code.

Supervisor's Monthly Financial Report was received.

Supervisor Kennedy read a letter received from Thomas Needell, 7123 Boston State Road, regarding the belt sander races that were held at Murphy's Tavern in 1985 and concerns that they will be held again this year. Mr. Needell asks that a public hearing be held prior to the granting of an approval for these races, should they be held again. Supervisor Kennedy directed Town Clerk Carr to respond to Mr. Needell's letter and state that the Zoning Ordinance of the Town of Boston does not prohibit belt sander races.

Supervisor Kennedy read a letter signed by five residents of Colonial Drive, opposing the planned removal of a piling from the Eighteen Mile Creek at Back Creek Road and Hillcroft Drive. Town Clerk Carr was directed to reply to the signers of the letter, stating that the Drainage Committee, Town Board and County of Erie all have recommended that the piling be removed and the Town Clerk will check with the County to determine the date they plan on for removal.

Supervisor Kennedy read a letter from Frank Dubisz, 6453 Kevinton Place, asking permission to enter the rear of his property via the town property for the purpose of installing an inground pool and agreeing to repair any and all damage to the town's property if any should occur. Mr. Kennedy said that he contacted all Town Board members by telephone and received permission to tell Mr. Dubisz to proceed with the work, as this work was scheduled for ten days before the Town Board meeting. The Parks Department will ascertain there is no damage to the town property.

Town Clerk Carr read a letter received this date from the New York State Department of Transportation, denying the request made by the Town Board for the establishment of a 40 mph zone from the newly established 40 mph speed zone 0.3+ mile north of Butternut Road to Patchin Road. Supervisor Kennedy directed the Town Clerk to forward a copy of this letter to Ronald Smalt of Butternut Road, who asked for this speed zone.

Mrs. Carr reported that Governor Cuomo signed into law the tax reform law which would enable the tax collectors to keep the County Tax Rolls each year until June 30, rather than the April 30 this year that was mandated by the County of Erie. This extension will also bring more revenue to the towns, due to the retention of the 5% fee for late payments.

RESOLUTION - CONSOLIDATION OF ELECTION DISTRICTS FOR REGISTRATION DAYS

A letter was read from Michael and Anita Trippi, dated March 18, 1986 to the Patchin Fire Company, stating they give their permission to burn the house and outer buildings as a training exercise on their property at 7852 Boston State Road. Supervisor Kennedy said that the fire company has burned down the house and plan on burning the barn, but not the small garage structure, as they feel it is too close to the Mobile Home Park. Supervisor Kennedy said that he is contacting a contractor for an estimate of the cost of demolishing the building and cleaning up the premises, and a letter will be sent to Mr. Trippi stating that the Town of Boston is proceeding to begin the demolition and clean up of the property and that all costs incurred will be assessed on his property tax. Mr. Trippi will also be requested to submit a more complete document to the Patchin Fire Company, indicating what remaining structures should be burned.

Supervisor Kennedy reported that members of the Town Board, the Town Clerk, Planning Board representatives, the engineering firm retained by the town of Tallamy, Van Kuren and Gertis, George Schictel and Attorney Jay Pohlman have had one meeting to review the Draft Environmental Impact Statement that was submitted by Mr. Schictel and Mr. Pohlman on the proposed Highland Park Amphitheater. He stated that the town found the DEIS to be incomplete and inadequate and that the developer will resubmit a revised DEIS, at which time another meeting will be held to review the revised DEIS.

Councilman Wittmeyer said he met with the Fire Chief from North Boston regarding the fire hydrant near B-Kwik Market. The town engineer will be asked to draw up specifications, at which time North Boston Fire Company will again be contacted to assure the new placement of the hydrant is acceptable.

Councilman Wittmeyer also reported that the Highway Department has trimmed the trees and brush that were covering the road signs on Rice Road. He asked Highway Superintendent Kreitzbender to consider placing one more sign westerly before the STOP sign, so that it is clear to drivers that they stop ahead. Councilman Wittmeyer also said that the request from a resident of West Hill Road for a lower speed limit is not feasible to direct the New York State Department of Transportation to undertake a study, due to the limited number of cars that travel that road and its unaccessibility during the winter months. He did suggest that a yellow warning sign could possibly be placed on the road, suggesting a lower speed and traffic restrictions will be checked to see if this is possible. Highway Superintendent Kreitzbender will contact Mary Brown to give her this information.

A motion was made by Councilman Wohlhueter and seconded by Councilman Zimmerman to adjourn at 8:13 P.M.

Mary Darling, 6560 Omphalius Road, said that vehicles travel at a high rate of speed down this hill and now that the Hamburg School District provides bus service on this road, it is dangerous to travel that fast, and also that "School Bus" signs should be posted, as there are blind curves on the road and there have been some near accidents due to this reason.

man Road, asked what storage would be kept there. Mr. Kirst said it would be items like generators and scaffolding. Mr. Banko wanted to know if it would be rented out and Mr. Kirst said it would be strictly for the purpose of storage, with no outside rentals or work done there, such as putting trusses together. Town Attorney Maxwell said that the Town Board has the right, if the rezoning request is approved, to state the conditions under such approval, such as limiting the warehouse to storage purposes. Supervisor Kennedy asked if there would be any problem with setting aside a buffer zone to remain in Agriculture A-1 zoning for the flood plain area. Mr. Kirst stated he would have no objection to this request. He also stated that the planned building would be 80 X 100 feet. Supervisor Kennedy said that the Planning Board wished to have the opportunity to review the comments and concerns presented at the Public Hearing, therefore the Town Board would reserve decision on the rezoning request until the October 1, 1986 meeting. Supervisor Kennedy reported he received a letter from Charles J. Alessi, P.E., Deputy Commissioner, Erie County Sewerage Management, regarding the sale of bonds for the Boston Valley Extension. This sale will result in the district having to increase revenues approximately \$22,000 and Supervisor Kennedy said that it nullifies the budget that has already been approved by the Board of Managers. Supervisor Kennedy said he has many questions regarding this bond sale and will communicate with Mr. Alessi regarding them.

Town Clerk Carr reported that the next Trash Pickup will start October 6, 1986 and that everything should be at the roadside by 8:00 A.M. He also said he feels that the state missed the intent of the request for the lower speed limit and requested that the Town Clerk write a letter stating that the Town Board and the Traffic Safety Committee disagrees with their decision. A letter was received from Andrew T. Krouse, 6977 South Abbott Road, with a request for out-of-district water service, as their property is located at the Boston-Orchard Park town line. At 8:00 P.M. a Public Hearing was held on an Amendment to the Emergency Squad Contract. The Legal Notice and the proposed Amendment were read by the Town Clerk. Leita Brown, Dispatcher for the Squad, said she has dispatched the ambulance for four years and

now understands that in order to retain her dispatching position she must take a basic first aid and CPR course. She

also stated that the squad officers have told her that when she signs the agreement with them

she will no longer get a salary for her work, but that the Squad will then lease space in her home, such lease to be paid only for days she is on duty. She said she is concerned that the money the town disburses to the Emergency Squad will be dissolved into the Squad general fund and that no pay will be made to the dispatchers. Supervisor Kennedy said that the Town of Boston provides funds to the Emergency Squad for certain services and that this compensation to her will continue and that the Emergency Squad plans on keeping their dispatchers. Mrs. Brown said she will not sign the contract with the Emergency Squad. Shirley Hughey, dispatcher, asked if the town was aware of the law regarding minimum wages. Phyllis Barrett, a dispatcher, asked if the town would be terminating the employment of the dispatchers at midnight tonight. Supervisor Kennedy said that this decision would be made after the public hearing is closed. He also said the Emergency Squad plans on paying the dispatchers on a basis of leasing space in their homes for the telephones and equipment. There were no further questions.

Town Attorney Maxwell stated that Mr. Falkides has not been denied his constitutional rights of due process without unreasonable delay, as he is free to apply for further development of the mobile home park, as he did for his previous additional development, under the present ordinance, and does not have to wait until a revised ordinance is approved.

RESOLUTION - WATER DISTRICT #2 - LEASE MANAGEMENT AGREEMENT

At 8:00 P.M. a Public Hearing was held on the request of John Dominkewicz for a Special Use Permit for the purpose of constructing and operating a one hundred twenty foot radio tower on his property located at 8741 Cole Road. The Legal Notice was read by Town Clerk Carr, who noted that notification of this hearing was sent to the New York State Department of Environmental Conservation, Erie County Highway Department, Department of Environment & Planning, Conservation Advisory Council, Drainage Committee and Planning Board, as well as property owners in the vicinity. The Town Clerk read a letter received from the Conservation Advisory Council stating they find no adverse effects on the environment and feel this is a viable project; they recommended approval, provided that any future transfer of ownership cannot occur without Town Board approval. The NYS DEC replied that they reviewed the environmental assessment form that was completed by the applicant, but as they have no permit jurisdiction, they are not an involved SEQR agency. The Planning Board reply was read, which stated they found no environmental impacts in their review of this application request and recommended approval on the condition that there could be no transfer of this tower ownership under this Special Use Permit without the approval of the Town Board and also that the Buffalo Amateur Radio Association be encouraged to remove their towers and make use of the proposed tower. Mrs. Carr noted that she received no reply from Erie County Division of Planning on the Zoning Referral Plan. Town Engineer Nussbaumer & Clarke, Inc. replied that their studies of the plans indicate that the installing of the tower to the 120 foot level should pose no structural or safety problems. Answering a question posed by Supervisor Kennedy, Mr. Dominkewicz stated that he has had a discussion with a representative of the Buffalo Amateur Radio Association and that it is a definite possibility that BARRA would at sometime in the future dismantle their secondary tower and use his, if granted. Thomas Taylor, 8667 Cole Road, asked if the environmental impact statement that was completed by the applicant has questions relating to any health hazards that may occur from microwave transmissions. The statement does not include any ques-

Councilman Wittmeyer said that the North Boston Volunteer Fire Company had submitted a list of specifications concerning the temporary building to house a fire truck during this construction, which are included in this letter. James Carr of the North Boston Fire Company asked for assurance there would be no costs incurred by the fire company in the construction and maintenance of the building. The specifications show all costs to be with the county. RESOLUTION- STATE EQUALIZATION RATES

Kevin Quinn, on behalf of the Highland Park Amphitheater Coalilition asked if they could make a statement after Item No. 4, Section 5 of the Agenda. Supervisor Kennedy stated yes they could.

RESOLUTION - 1986-1989 - SNOW REMOVAL CONTRACTS

A letter was read from Federal Emergency Management Agency relative to Revisions to the National Flood Insurance Program Floodplain Management Criteria. This matter was referred to Town Attorney Maxwell for his determination in what action the Town Board should take to conform to these revisions.

A letter was read from John Falkides relative to the proposed Mobile Home Court Ordinance. He asked for notification of the next step in the process and also noted deletions and changes he would like incorporated. Supervisor Kennedy stated that the Planning Board would be working on the ordinance at their next meeting. The Town Clerk was directed to send a letter to Mr. Falkides advising him that when the Planning Board finishes drafting the ordinance, which should be at their next meeting, it will then be sent to the Town Board for their review, and further the Town Board will await receipt of that draft and after review will take the appropriate action. The Town Board will have final jurisdiction over this ordinance and there will be a chance for concerns to be expressed as a step by step review will be made.

The following letters were read relative to the Highland Park Amphitheater:

1. Attorney William J. Magavern re sewage disposal
2. Buffalo Philharmonic Orchestra
3. Supervisor Kennedy to Erie County Department of Environmental Conservation
4. Supervisor Kennedy to Attorney Jay Pohlman
5. Erie County Department of Environmental Conservation

Supervisor Kennedy stated he had talked to Attorney Pohlman and had been advised that the DEIS would be ready soon. He further stated that he had advised Mr. Pohlman to have written verification on the sewage holding tanks as in light of the letter from Magavern there will be questions.

Mr. Kevin Quinn stated that Mr. Magavern had talked to Mr. Voell of the Erie County Department of Environment and Planning and holding tanks were only temporary measures. Supervisor Kennedy stated that he questioned the difference in statutory and policy as set forth in an attachment to Mr. Voell's letter. Mr. Quinn stated they do not want a facility with holding tanks until sewers come into that area. Supervisor Kennedy stated he did not feel that the town has to search out who has jurisdiction over the tanks. He felt this should be determined by Mr. Pohlman and presented at the next scoping session.

Mr. Quinn stated that for ten months we had been lead to believe that the Buffalo Philharmonic would have concerts at the Amphitheater and now their letter states no and in view of the fact that 80% of the town is against the amphitheater this project should be stopped now as it has been a nightmare.

Supervisor Kennedy stated that the Board does not have the discretion to just stop the project.

Mr. Quinn asked Town Attorney Maxwell why a Public Hearing could not be set for a rezoning now. Mr. Maxwell advised that the hearing on the DEIS is logically first, then the rezoning hearing.

Edith Schramm expressed concern over past problems with runoff from the hill and further noted that she did not want to see the amphitheater go in as she felt it would not be advantageous to the town.

A motion was made by Councilman Zimmerman and seconded by Supervisor Kennedy setting December 30, 1986 at 10:00 A.M. as the date and time for the year end meeting.

2. 5. In consideration for the furnishing of general ambulance service and first aid assistance, as herein specified, the party of the first part shall pay and the party of the second part shall receive the annual sum of \$23,500.00 per year, and the party of the first part covenants and agrees to pay the said annual sum to the party of the second part on or before April 1 in each contract year.

6. In arriving at a determination of the annual payment for the furnishing of ambulance service, the Town of Boston shall consider as a proper expense any reimbursement paid to a member of the Emergency Squad for wage or economic loss incurred in responding as a witness to a court subpoena resulting from his duties as a member of the Emergency Squad and any reasonable charges for outside legal advice in connection therewith upon prior approval of the Town Board.

7. The Town of Boston, party of the first part, further agrees to furnish to the party of the second part, without charge, a proper and adequate ambulance motor vehicle or vehicles, adequately equipped, for the exclusive operation and use of the party of the second part in carrying out the terms and conditions of this agreement. It is further agreed by the party of the second part that no monies paid hereunder to the party of the second part shall be used for the purchase of radio equipment except upon prior approval of the Town Board of the Town of Boston.

10. This agreement shall continue for a period of one (1) year from January 1, 1987 and from year to year thereafter unless either party shall determine to terminate this agreement by notifying the other party, in writing, before the 20th day of September, that it elects to terminate the contract on December 31 of that year; thereafter the contract may be amended or terminated and a new contract entered into in lieu thereof, pursuant to the procedural directives of the Town Law of the State of New York.
